This handbook is designed to provide students with information about the programs of study at Centra College ("College"). It sets forth, in general, how the College operates but the College reserves the right to change policies and procedures without notice. This handbook is not intended to be and should not be regarded as a contract between the College and any student or other person. Students are held responsible for knowing the information contained in the Catalog & Student Handbook. Failure to read or comply with the Handbook will not excuse the student from accountability. Changes are communicated via the website and the Learning Management System (LMS).

Revised: August 12th, 2020
Accreditation, Approval, Certification & Membership

| Centra College holds institutional accreditation through the: | Accrediting Bureau of Health Education Schools (ABHES) |
| | 7777 Leesburg Pike, Suite 314 |
| | North Falls Church, VA 22043 |
| | 703.917.4109 |
| | www.abhes.org |

| Centra College is certified to operate through the: | State Council of Higher Education for Virginia (SCHEV) |
| | 10th Floor, James Monroe Building |
| | 101 N. 14th Street |
| | Richmond, VA 23219 |
| | 804.225.2600 |
| | www.schev.edu |

| The Associate Degree, Practical Nursing, and Nurse Aide Education programs are approved by: | Virginia Board of Nursing |
| | Commonwealth of Virginia Department of Health Professions |
| | 9960 Mayland Drive, Suite 300 |

| | 7794 Grow Drive |
| | Pensacola, FL 32519 |
| | 850.484.6948 |
| | 877.966.6236 |
| | Fax 850.484.8762 |
Greetings!

On behalf of the Centra College community, I would like to welcome you to our college for the 2020-21 academic year. I am excited that you chose a career in healthcare and know that you have many options to prepare you for that career. Your choice to attend Centra College ensures you will receive a unique, specialized, hands-on experience that you won’t find anywhere else. At Centra College, you will gain the experience you need from faculty, preceptors, clinical experiences and interactions from other healthcare professionals. We will prepare you for a healthcare career that is vibrant and growing. You will be challenged and prepared for the future of healthcare!

Sincerely,

Dr. Dana Grant
Interim Dean
Centra College

Centra Overview & Information about the College
CENTRA BOARD OF DIRECTORS

The Centra Board of Directors is responsible and accountable to the public at large. It is also the vital link between Centra and the community at large. The Board is responsible for seeing that the organization develops and follows a mission that serves community interests and that is consistent with the purposes stated in the Articles of Incorporation. This involves development and oversight of policy in four vital areas:

- Quality and performance improvement
- Financial performance
- Effective planning
- Effective management performance

To accomplish these responsibilities, the board:

- Establishes policy guidelines for mission implementation and achievement, as well as mission evaluation;
- Evaluates proposals to ensure that they are consistent with the mission;
- Monitors existing programs and activities of the hospital to ensure that they are consistent with the mission;
- Periodically reviews and, if necessary, revises the mission to ensure that it is relevant to the changing environment

(Governance Roles and Responsibilities, AHA Publication)

HISTORY OF THE HOSPITAL

Centra is a nonprofit, regional healthcare system based in Lynchburg, Virginia, comprised of four hospitals and an extensive network of healthcare facilities, services, programs, practices, physicians and specialists throughout central and southside Virginia.

Centra was created in 1987 with the merger of Lynchburg General and Virginia Baptist hospitals. In 2006, Southside Community Hospital in Farmville joined Centra as an affiliate, and Bedford Memorial Hospital joined the Centra system in 2014. With more than 6,400 skilled healthcare professionals, Centra serves over 300,000 people throughout central and southern Virginia and provides a comprehensive array of medical services in a variety of convenient settings. Centra has received numerous awards for quality, safety and technology and was the first organization in central Virginia to achieve Magnet designation for excellence in nursing from the American Nurses Credentialing Center in 2005, in 2010, and again in 2015.

Centra Lynchburg General Hospital is home to the Centra Stroobants Heart Center and the Stroobants Cardiovascular Pavilion, a national benchmark facility for cardiac care. Each year heart center specialists perform more than 5,000 major cardiac procedures. Lynchburg General is a Level II Trauma Center, offering emergency and critical care services. The hospital’s emergency department treats more than 90,000 patients each year. Also at Lynchburg General are orthopedic services, neurology and neurosurgery, diabetes and renal services, pulmonary care, an outpatient surgery center and the Pediatric Center. The five-story East Tower at Centra Lynchburg General has 108 spacious, private patient rooms available for orthopedic, oncology and surgery patients.

Three miles away is Centra Virginia Baptist Hospital, offering women’s and children’s services, including the Birth Center and the region’s neonatal intensive care unit. Additional services provided at Virginia Baptist include skilled care and acute and outpatient rehabilitation services, mental health services and ambulatory surgery. Virginia Baptist operates an outpatient surgery unit and is home to a variety of specialty services including the Heartburn Treatment Center, the Center for Wound Care and Hyperbaric Medicine, the Sleep Disorders Center and the Center for Pain Management.

Centra Gretna Medical Center is located 30 miles away from Centra’s Lynchburg General Hospital in Gretna, VA. Services offered include: Outpatient rehabilitation services, 24-hour emergency care, a Centra Medical Group office, comprehensive medical care, an advanced laboratory, and radiology services on site. Gretna Medical Center can schedule appointments for patients to see a cardiologist at the Gretna office. Telemedicine programs allow Gretna physicians to transfer scans and test results in real-time to specialists at Centra Lynchburg General Hospital.

Centra Southside Community Hospital in Farmville is a 116-bed, full-service acute care facility with a state-of-the-art birth center, serving as a medical hub for an eight-county region. Each
year Southside has approximately 4,000 admissions and sees more than 20,000 patients through its emergency department.

Centra Bedford Memorial Hospital is a full-service 50-bed medical facility with special emphasis on outpatient surgery, emergency services, geriatrics, and 111- beds dedicated to rehabilitative services. The facility offers 24-hour emergency care, to more than 16,000 patients annually.

In addition to Centra's four hospitals, the Centra Medical Group is a network of local family practices, primary care physicians, and medical and surgical specialists. With over 150 physicians, specialists and surgeons covering the greater Lynchburg area and spanning from Danville to Farmville and Moneta to Big Island, the Centra Medical Group brings to the community primary care physicians, cardiologists, cardiothoracic surgeons, gerontologists, neurosurgeons, physiatrists, psychiatrists, therapists, and urologists. Through the Centra Medical Group, patients are connected to Centra's wider healthcare system, where award winning services, access to advanced technologies, and a full complement of specialties are available to meet the medical needs of the region.
HISTORY OF CENTRA COLLEGE OF NURSING

The Diploma in Nursing program was established in 1912 to meet a vital community need for professional nurses in Lynchburg and the surrounding area. A 33-month educational program led to a diploma in nursing. The final class was admitted in August 2010 and graduated in 2013. The Diploma in Nursing program closed in 2013.

The Registered Nurse to Bachelor of Science in Nursing (R.N.-B.S.N.) program was approved by the Centra Senior Executive Team as the Centra College of Nursing R.N.–B.S.N. bridge baccalaureate program in September 2015. The first R.N. –B.S.N. cohort began on January 8, 2017. The college accepts R.N.-B.S.N. students to the program two times per year, in January and August. The program currently offers a 3-semester educational program (after completion of prerequisite credits) via full distance education platform which leads to a Bachelor of Science in Nursing Degree. The college maintains a commitment to a high level of excellence in nursing education.

The Associate Degree in Nursing (A.D.N.) program was approved by the Centra Board of Directors in July 2010. The program entered the first class in August 2011, with graduation being May 2013. A.D.N. admission is two times per year, August and January. The program offers a 5-semester educational program (including prerequisites) which leads to an Associate Degree in Nursing.

The Practical Nursing program (P.N.), which is 12-months in length, was established in January 1989. Like the R.N.-B.S.N. and A.D.N. programs, the P.N. program admits students two times per year in August and January. This program offers a 3-semester educational program which leads to a Practical Nursing Certificate. The focus of the program is to prepare practical nursing students to care for individuals in acute care, long term, ambulatory, rehabilitation, community settings, and similar institutions as well as residents of extended care facilities.

The Centra Nurse Aide Education Program was established in 2012 to meet a vital community need for nurse aides in Lynchburg and the surrounding area. Centra College of Nursing adopted the program in January 2018 and accepts Nurse Aide students to the program various times throughout the year at the main campus at Centra College of Nursing and at the branch campus at Bedford Memorial Hospital. This 5-week educational program includes a wide variety of clinical experiences provided at Centra facilities for both long-term and acute care. With the addition of this program recently offered at Centra College of Nursing, a true academic progression in the profession of nursing is exhibited.

Nursing courses are offered at Centra College and students may also be enrolled at Central Virginia Community College (CVCC) or any other college to complete general education credits. CVCC is fully accredited by, and is a member of, the Southern Association of Colleges and Schools. The college has held a Consortium Agreement with CVCC since 2011.
A wide variety of clinical laboratory experiences are provided at Centra Health facilities. Other community agencies are also used as clinical sites for each educational program.
MISSION/PHILOSOPHY

CENTRA
Centra, the parent institution of Centra College, focuses on safety quality and safety and the provision of Excellent Care for life.

Our Mission: Excellent Care for Life
Our Vision: To be the most trusted provider of innovative healthcare.
Our Values: Patient-Centered Care; Drive for Excellence; Integrity and Respect; Teamwork

To promote the provision of Excellent Care for life, Centra supports a Professional Practice Model:

![Professional Practice Model](image)

CENTRA COLLEGE
Centra College is committed to providing excellent care to individuals, families, and patients in the community through the development of professional nurses. Graduates will be prepared to engage in best practices through critical thinking, interdisciplinary collaboration, and building community relationships.

They will function as effective members of an interdisciplinary team in an increasingly complex and rapidly changing healthcare environment. They will be recognized for their quality and service to the profession of nursing.

The mission of Centra College is to incorporate the various aspects of the Professional Practice Model developed and implemented by Centra for the purpose of educating nursing students to provide safe, quality, patient-centered care based on best practices.
NURSING PROGRAMS

REGISTERED NURSE TO BACHELOR OF SCIENCE IN NURSING PROGRAM, ASSOCIATE DEGREE IN NURSING PROGRAM, AND PRACTICAL NURSING PROGRAM

In keeping with this Professional Practice Model, the Registered Nurse to Bachelor of Science in Nursing program, Associate Degree in Nursing program, and the Practical Nursing program:

- Focuses on the patient and family as the center of the nurse’s work.
- Are based on Professional Standards and Professional Development.
- Are based on Service Excellence which incorporates patient-centered care.
- Provides learning about the healthcare environment and clinical microsystem, and the care delivery models used in each system.
- Focus on teamwork and collaboration.
- Takes a developmental approach to teaching based on Benner’s theory of Novice to Expert.
- Address outcomes management by focusing on best practices for better patient outcomes. Students learn about the importance of outcomes, not only as they relate to patient care. In addition, they grow in their knowledge of the professional role of a nurse as they progress through the program. Faculty role model the use of course and program student learning outcomes as the basis for teaching/learning strategies. This serves as a lived experience for students regarding the importance of managing and measuring outcomes in professional practice.

NURSE AIDE EDUCATION PROGRAM

In keeping with this Professional Practice Model, the Nurse Aide Education Program:

- Provide basic care to adults of various ages using safe practices within the scope of practice for a Nursing Aide in the state of Virginia;
- Discuss effective communication techniques including communication with the client, family and/or caregivers, and other healthcare professionals;
- Demonstrate proper body mechanics to prevent injury when caring for clients;
- Discuss techniques to assist clients with activities of daily living including basic hygiene, grooming, feeding and care of the client’s environment;
- Demonstrate basic nursing functions within the nurse aide scope of practice such as obtaining vital signs, basic emergency procedures, administering cardiopulmonary resuscitation (CPR) and basic life support;
- List proper ways to document care of the client and appropriate reporting if necessary;
- Identify key health issues that adults cope with in long term care facilities; and
- Graduates of the program will be eligible to take the NNAAP Examination.
PROGRAM OUTCOMES - Registered Nurse to Bachelor of Science in Nursing Program (R.N-B.S.N.)

The outcomes of the R.N-B.S.N. program are to prepare the graduate to:

- Function as a Baccalaureate prepared nurse in acute, intermediate, long-term, and ambulatory healthcare settings.
- Utilize best practices as the foundation for the delivery of healthcare to the patient and family.
- Internalize the importance of pursuing lifelong professional and personal development.

PROGRAM OUTCOMES – Associate Degree in Nursing Program

The outcomes of the Associate Degree in Nursing program are to prepare the graduate to:

- Obtain licensure to practice as a Registered Nurse through successful completion of the NCLEX-RN Examination.
- Function as a beginning nurse in acute, intermediate, long-term, and ambulatory healthcare settings.
- Utilize best practices as the foundation for the delivery of healthcare to the patient and family.
- Internalize the importance of pursuing lifelong professional and personal development.

PROGRAM OUTCOMES – Practical Nursing Program

The outcomes of the Practical Nursing program are to prepare the graduate to:

- Obtain licensure to practice as a Licensed Practical Nurse through successful completion of the NCLEX-P.N. Examination.
- Function as a beginning nurse in acute, intermediate, long-term, and ambulatory healthcare settings.
- Utilize best practices as the foundation for the delivery of healthcare to the patient and family.
- Internalize the importance of pursuing lifelong professional and personal development.

PROGRAM OUTCOMES- Nurse Aide Education Program

The program outcomes of the Nurse Aide Education program are to prepare the graduate to:

- Obtain licensure as a Certified Nurse Aide through successful completion of the NNAAP exam.
- Function within the scope of practice for a Nurse Aide in the state of Virginia within hospitals, long term care facilities, or home settings.
- Accurately report changes in condition and responses to plan of care to appropriate staff.
- Acknowledge the importance of continuing education by maintaining knowledge of current events affecting the role of Nurse Aide.
EDUCATIONAL ENVIRONMENT

Centra College’s main campus is located at 905 Lakeside Drive, Suite A in Lynchburg, VA. The education building is handicapped accessible and is equipped with lounges, learning labs with simulation models, and computer resources for student use. There are three large classrooms each with the ability to separate into smaller classrooms by a movable divider, and two smaller classrooms, a study room, a student lounge, two computer labs, and three skills labs. The College is adjacent to the Central Virginia Center for Simulation and Virtual Learning.

Centra College’s branch campus is located at 1613 Oakwood Street Bedford Memorial Hospital, 45 minutes from the main campus. This location is primarily used as a second site for the Nurse Aide Education program to strengthen the Nurse Aide workforce in the Bedford community. This facility is handicapped accessible and has one classroom equipped with desks, chairs, and an area for hands-on patient care skills including a patient bed, bedside table, sink, wheelchair, and a laundry bin. The faculty instructor desk is located within the classroom.

Lynchburg General Hospital Health Sciences Library provides a comprehensive source of medical and nursing resources for students and online resources are also available. Students may also use the Central Virginia Community College library. Centra’s food services and the Bowen Fitness Center are available to students at reduced rates.

The College has access to the Security Department of Lynchburg General Hospital. The Security Department makes rounds through the college campus and coordinates with local, state and federal law enforcement agencies when violations occur. The Federal Campus Security Act of 1990 requires disclosure of annual campus crime statistics and security policies. This report is available to applicants, students and prospective employees of Centra upon request to the Financial Aid office. Statistics also are available at http://ope.ed.gov/security/index.asp.

Many social and cultural opportunities are available in the Central Virginia area. Local colleges and community organizations present concerts, educational programs and host events which are open to the public. Sports events are hosted by local colleges as well as the city’s own professional baseball team. The Student Government Association of Centra College sponsors annual activities for students and encourages family participation.
INSTRUCTIONAL DELIVERY

R.N-B.S.N. Program

The Registered Nurse to Bachelor of Science in Nursing (R.N-B.S.N.) program at Centra College will provide a uniquely flexible approach to learning for the working professional. The R.N-B.S.N. Program will serve 100% as full distance education utilizing the learning platform. Classroom delivery will not occur on-site, however, some courses may require clinical practicum hours in the field for the Community Health, Leadership Practicum, Research Practicum II, and Research Practicum III. The learning platform is based on strong pedagogical principles, providing a private learning space to design online courses with flexible content and collaborative activities so students are constantly experiencing feedback.

A.D.N., P.N., and Nurse Aide Education Programs

The Associate Degree of Nursing, Practical Nursing, and Nurse Aide Education programs will serve as the residential – traditional classroom delivery for all nursing courses with clinical hours off campus; courses completed outside Centra College may be taken through a variety of instructional methods.

TELECOMMUNICATIONS/DISTANCE EDUCATION PLAN FOR THE R.N.-B.S.N. PROGRAM

1) The main campus for Centra College is physically located at 905 Lakeside Drive, Suite A in Lynchburg, Virginia and regular business hours occur on Monday through Friday from 8:00AM until 4:30PM occur.

2) This physical location offers administrative and student service assistance, such as admissions, financial aid, student records, information technology, and advising. The Academic Director of the program provides academic advising, guidance, and counseling when necessary for the Registered Nurse to Bachelor of Science in Nursing (R.N.-B.S.N.) program. All administrative and management operations and decisions occur at the main campus located in Lynchburg, Virginia.

3) Administrative and support staff employed at the main campus are sufficient in number and expertise to support operations and institutional enrollment for all four programs, including the R.N.-B.S.N. distance program.

4) Centra College provides a uniquely flexible approach to learning for the working professional. The R.N-B.S.N. Program serves 100% as full distance education utilizing the learning platform. Classroom delivery does not occur on-site, however, some courses may require clinical practicum hours in the field for the Community Health, Leadership Practicum, Research Practicum II, and Research Practicum III. The learning platform is based on strong pedagogical principles, providing a private learning space to design online courses with flexible content and collaborative activities so students are
constantly experiencing feedback. The R.N.-B.S.N. program is comparable in content, faculty, and resources similar to the other programs offered in the residential setting. Distance education programs are consistent with campus-based programs and courses by the evaluation of educational effectiveness, including assessments of student learning outcomes, student retention, and student satisfaction. The educational objectives are clearly defined and stated on each course syllabus in the learning management system as well as the Student Catalog/Handbook that is retrievable on the learning management system. Each objective is achievable by the completion of the program. The integrity of student work is continually monitored by the faculty member teaching the upper division courses as well as the Dean of the college, the Academic Director of the R.N.-B.S.N. program, and the Accreditation Specialist.

Within Centra College’s, R.N.-B.S.N. distance learning program, timely and appropriate interaction between students and faculty and among students is provided in all upper division nursing courses. Students have 24/7 access to their grades and current average in each upper division nursing course. The Dean of the college and the Academic Director of the R.N.-B.S.N. program oversees the distance education platform MOODLE© and ensures the best practices are offered in all on-line courses. Distance technology will be appropriate to the nature and objectives of the R.N.-B.S.N. program and courses. Course objectives and faculty expectations concerning the use of such technology are clearly communicated to students. All upper division nursing course materials, feedback, grades, and other pertinent items are posted in a timely manner. Centra College provides appropriate support services (Library Resources and Technology Assistance) for students and faculty. Faculty who are teaching distance learning courses receive appropriate training and support from Centra College for the learning management system. Students applying for distance learning programs will be required to meet the same standards as all other students attending the college but will also be fully informed of special equipment (computer) and requirements (access to internet) to be successful in on-line courses. Student-to-student interaction is vital to building community in an on-line environment, which supports productive and satisfying learning, and helps students develop problem solving and critical thinking skills. All students in the R.N.-B.S.N. program are expected to actively participate in weekly discussion boards and other class/group assignments. Students are responsible for responding to both faculty and other student’s feedback in virtual on-line discussion boards. Faculty and student interaction occurs on a regular weekly basis among on-line discussion boards, e-mails, messages, and via telephone when necessary. Each faculty provides office hours in which student is able to contact the faculty member via telephone for any reason. At times throughout a course, a faculty may request the student call them during his or her office hours for further discussion on a paper or project.

The verification of a student’s identity begins at the time of admission or initial course registration. Procedures related to student identity verification include registration, advising and transcript procedures as well as generation of a unique ID for each student.
When a student is initially registered, a unique login and password is created that provides access to the secure college distance learning platform (MOODLE©) and that information is mailed to the student. If a student does not receive or misplaces this information, they are required to provide photo identification to the Educational Tech Specialist and/or Bursar & Student Account Manager. Student access to the learning management system requires the use of this login and password. Data transmission of login information is secured and private using standard encryption technology. For testing and quizzes, a resource known as ExamSoft is being implemented to ensure a higher security takes place to incorporate facial integration to ensure the student’s identity is verified prior to taking the test or quiz.

5) The administrative team of Centra College (senior officials) have knowledge and understanding of the approval process for states offering distance education. Currently, Centra College R.N.-B.S.N. program is only approved for offering distance education services in the state of Virginia and the college only targets students within the state of Virginia at this time. In the event that the college would like to expand to incorporate prospective students from other states via distance-education, a State Authorization Reciprocity Agreement (SARA) will need to be submitted for each additional state. SCHEV will need to approve any new program that wishes to offer distance education for any institution.

6) Both locations are certified to operate by the State Council for Higher Education of Virginia with Centra College’s main campus offering all four programs and the branch campus offering the Nurse Aide Education program. All programs are institutionally accredited by the Accrediting Bureau of Health Education Schools. The R.N.-B.S.N., A.D.N., and P.N. programs are programmatically accredited through the National League for Nursing Commission for Nursing Accreditation Education. These are all available for viewing on the following URL’s below:
   ABHES: https://ams.abhes.org/directory/
   NLN-CNEA: http://www.nln.org/accreditation-services/nln-cnea-accredited-program
   SCHEV: https://www.schev.edu/index/students-and-parents/explore/virginia-institutions

7) Centra College has approval for distance education activities for only the state of Virginia. All students with the R.N.-B.S.N. program with Centra College reside in the state of Virginia. This meets the requirements for applicable, local, state, and federal laws and regulations. Accreditation has been approved and granted for all programs by ABHES, including the R.N.-B.S.N. program. The 2020-2021 Student Catalog/Handbook clearly states:
   • This institution does not offer distance education to students outside the state of Virginia.
   • Note: If any enrolled students relocate outside the State of Virginia prior to
program completion this may adversely impact the student’s ability to complete the program or gain in-field employment.

8) Prior to enrollment, an assessment of skills and competencies for the prospective student takes place in the R.N.-B.S.N. program to determine success in the distance learning platform. These include:

• Prior on-line learning experience
• Level of computer skills and competencies
• Proficiency and confidence with technology
• Consistent access to computers and the Internet
• Experience with the learning platform MOODLE©
• Technology experience in problem solving, checking email, and accomplishing basic tasks
• Previous GPA
• Support of the family and employer

A new student orientation assignment is provided to the distance education learners of the R.N.-B.S.N. program to acclimate them to specific learning methodologies and technologies prior to the start of class. An orientation document is provided to the student via MOODLE© and must be completed and e-mailed to the instructor within the first few days of beginning the R.N.-B.S.N. curriculum. The R.N.-B.S.N. program requires that students complete the Moodle (learning platform) orientation. Each student is required to submit completion of the orientation by answering various questions that confirms their knowledge and understanding of the distance-education platform. In addition, each student must access the incoming R.N.-B.S.N. students’ course on the learning management system to gain an understanding of what is expected of each of them for the distance-education program including: Student Catalog/Handbook (student policies), curriculum plan, electronic library guidance, student e-mail, student accounts and tuition, technical requirements, textbook requirements, and student forms required. Technological support is available to all distance education learners via each R.N.-B.S.N. course homepage and the homepage of the learning management system. The Educational Tech Specialist, Bursar & Student Account Manager, Centra IT help desk, and MOODLE© help desk support services are available in the event a distance learning student has technological difficulties in the R.N.-B.S.N. distance learning environment. Each enrolled student is an active Registered Nurse which specifies their knowledge and background to be successful in the on-line distance program.
Section II:
Admissions
ADMISSIONS

It is the intent of Centra College to accept applicants who demonstrate the potential for academic success and are of good character. The admission process is competitive. Therefore, Centra College reserves the right to accept the most highly qualified applicants and/or deny admission to any applicant if admission is not considered in the best interest of the applicant or college. It is the policy of Centra College, in compliance with applicable federal, state and local laws, not to discriminate against any applicant or to tolerate harassment because of race, color, religion, age, sex, national origin or ancestry, genetic make-up, marital status, veteran’s status, genetic information, physical or mental handicap unrelated in nature and extent to an individual’s ability to be successful in an academic setting or any other prohibitive factor.

Classes for the R.N.-B.S.N. program, A.D.N. program, and P.N. program are admitted twice a year, in August and January. An application for admission is effective only for 12 months from the time of submission. If you are not selected for admission, you must notify the Director of the program in which you applied in writing to be reconsidered for a subsequent term.

The Nurse Aide Education program admits students in five-week (day-time) cohorts throughout the academic year for both Centra College and the branch campus, Bedford Memorial Hospital. An application for admission is effective only for 30 days from the time of submission. If you are not selected for admission, you must notify the Program Coordinator in writing to be reconsidered for a subsequent class.

The R.N.-B.S.N., A.D.N., P.N., and Nurse Aide Education programs are very competitive and challenging. Meeting the minimum admission criteria does not guarantee acceptance into a program.

ELIGIBILITY FOR ADMISSION

- Applicants who have previously been dismissed from another nursing program will be required to participate in an interview process to determine eligibility for application review. The interview does not guarantee acceptance into a program.
- “Ability-to-benefit” students are ineligible for admission.
- If found ineligible for admission, applicants will be notified via mail or email.
- Centra College does not offer credit for experiential learning.
APPLICATION DEADLINES

Applications with all supporting data must be received by the deadline.

Registered Nurse to Bachelor of Science in Nursing program
On-going admission for January and August cohorts.

Associate Degree in Nursing program
Fall Semester (August)...........................................................March 31st
Spring Semester (January)..................................................August 31st

Practical Nursing program
Fall Semester (August)..................................................March 31st
Spring Semester (January)..................................................August 31st

Nurse Aide Education program
Start Dates Application Deadlines
September 8th, 2020.............................................................July 24th, 2020
November 2nd, 2020...........................................................September 18th, 2020
2021 Dates To Be Determined due to COVID-19 Restrictions.
ADMISSION REQUIREMENTS

General Requirements for the Registered Nurse to Bachelor of Science in Nursing Program

- This institution does not offer distance education to students outside the state of Virginia.
- Note: If any enrolled students relocate outside the State of Virginia prior to program completion this may adversely impact the student’s ability to complete the program or gain in-field employment.
- Official high school transcript (mailed from the educational institution) indicating that the applicant has or will complete a high school course of study and/or has a passing GED official score report.
- Submit official college transcript indicating completion of an Associate Degree in Nursing Program.
- Submit proof of a current unrestricted license to practice as a Registered Nurse.
- Completion of prerequisite course grades with a minimum grade of a “C”.
- A minimum curricular GPA of 2.7 in prerequisite courses is recommended.
- Due to the competitiveness of admission, applicants who demonstrate the highest academic success on completed college courses will be considered for admission.
  - Completion of these prerequisites and any of the general education courses in the curriculum does not guarantee admission.
- Letter of Recommendation from an individual, other than a family member or friend, must accompany the application.
  - The recommendation should be from those who can speak to the applicant’s work ethic, community service and/or academic performance.

Additional Requirements

- Background check and drug screen for non-centra employee students only if obtaining practicum hours within a centra facility (conviction of certain crimes may preclude admission to the College)
- BLS Provider by American Heart Association (Adult, Child, Infant, and AED taught in course). If card expires while attending the program, the student must enroll into a BLS Provider CPR re-certification course to maintain an unexpired status for clinical settings.

Registered Nurse to Bachelor of Science in Nursing Program

Official transcripts of completed prerequisite courses must be submitted as supporting data by the application submission date. Prerequisite courses include:

Prerequisites*

- BIO 141/142: Anatomy & Physiology I/II
- English 111/112: College Composition I/II
• PSY 200: Principles of Psychology
• PSY 230: Developmental Psychology
• HLT 230: Principles of Nutrition and Human Development
• Completion of RN Program
• Electives: 6 credits-Humanities/Social Science

General Requirements for Associate Degree Program and Practical Nursing Program

• Official high school transcript (mailed from the educational institution) indicating that the applicant has or will complete a high school course of study and/or has a passing GED official score report.
• The Virginia Placement Test must be taken at Central Virginia Community College and the report must demonstrate that the applicant is eligible to enroll in the required science and English courses.
  o (BIO 100 for P.N. program; BIO 141, BIO 142, ENG 111 for the A.D.N. program)
• A Kaplan Entrance Exam score is completed with the application.
  o Test scores should be no older than 1 years at the time of application.
  o Areas to be tested include Math, Reading, Science, Writing, and Critical Thinking.
  o PN Program: Math 53>, Reading 53>, Science 26>, Writing 43>, and Critical Thinking 46>. To meet requirements for admission, each applicant must achieve 3 out of 5 of the above areas on the Kaplan entrance test.
  o ADN Program: Math>63, Reading 61>, Science 38>, Writing 52>, and Critical Thinking 54>. To meet requirements for admission, each applicant must achieve 3 out of 5 of the above areas on the Kaplan entrance test.
• Letter of Recommendation from an individual, other than a family or friend, must accompany the application.
  o The recommendation should be from those who can speak to the applicant’s work ethic, community service and/or academic performance.
• Transfer students refer to the College Catalog: Transfer of Credits into Centra College

Associate Degree in Nursing Program

Official transcripts of completed prerequisite courses must be submitted as supporting data by the application deadline date. Prerequisite courses include:

BIO 141: Anatomy & Physiology I .................................................. 4 credit hours
HLT 141: Introduction to Medical Terminology.......................... 2 credit hours
PSY 230: Developmental Psychology........................................ 3 credit hours
HLT 230: Principles of Nutrition and Human Development... 3 credit hours
**SDV 100: College Success Skills........................................... 1 credit hour

**The SDV 100 requirement will be waived for those who have a previous college degree (Associate, Bachelor’s, or higher)
To be considered for admission:

- All prerequisite course grades must be a minimum of a “C”.
- A minimum curricular GPA of 2.7 in prerequisite courses is recommended.
- Due to the competitiveness of admission, applicants who demonstrate the highest academic success on completed college courses will be considered for admission.
  - Completion of these prerequisites and any of the general education courses in the curriculum does not guarantee admission.

Advanced Placement (Licensed Practical Nurses)

ADMISSION REQUIREMENTS for the associate degree program, advanced placement LPNs must:

- Submit an official transcript from a state approved school of practical nursing.
- Submit proof of a current unrestricted license to practice as a Licensed Practical Nurse.
- Complete BIO 142: Anatomy & Physiology II (4 credit hours) with a minimum grade of “C”.
- Licensed Practical Nurses may receive credit for Nursing 150 and Nursing 165 (see below).

Nursing 150 Introduction of Nursing Concepts score 800 or better on the Evolve HESI RN Specialty Fundamentals test which will be given at the college various times during the year. The student is required to pay for this exam. In addition, a Dosage Calculation Test and Medication Skills Test will be given at the college various times during the year. The student is required to score an 80% or better on the Dosage Calculation Test and to pass the medication skills test.

Nursing 165 Health Promotions and Assessment satisfactorily completing a full head to toe assessment. The assessment must be scheduled at the college and supervised by a full-time or adjunct faculty member. The student is required to supply all materials needed for the assessment and bring a volunteer to be the patient.

Practical Nursing Program

- A minimum high school GPA of 2.2 is recommended for the Practical Nursing (P.N.) program.

ADDITIONAL REQUIREMENTS: All Accepted Applicants for the Associate Degree and Practical Nursing Program

- Background check and drug screen (conviction of certain crimes may preclude admission to the College)
• BLS Provider by American Heart Association (Adult, Child, Infant, and AED taught in course). If card expires while attending the program, the student must enroll into a BLS Provider CPR re-certification course to maintain an unexpired status for clinical settings.
• All new students are required to have a 7th Generation iPad (bring to orientation) with a minimum of 32GB and a 9.7-inch display and an iOS 13 Operating System.
• All Accepted applicants will be required to attend the full orientation session(s). Failure to attend the orientation will result in forfeiture of your position in the program.

**Nurse Aide Education Program**

• Official high school transcripts (mailed from the educational institution) indicating that the applicant has completed a high school course of study or has a passing GED or Home School official score report.
• Must be 18 years of age prior to the start of the program.
• Immigration or citizenship documentation is required if the applicant is not a U.S. citizen by birth (The College is not a Student and Exchange Visitor Program (SEVP) certified and cannot accept international students on an F-1 or M-1 visa).
• Letter of Recommendation from an individual, other than a family or friend, must accompany the application.
  o The recommendation should be from those who can speak to the applicant’s work ethic, community service and/or academic performance.
• Must be able to meet the Essential Requirements for the program and sign and date the form.
• **If selected**, the Nurse Aide Education Program admissions team may request an interview with you.
• The Nurse Aide Education program does not offer credit for experiential learning.
• **All admission required documentation must be mailed or delivered to the Centra Nurse Aide Program at Centra College (Main Campus) and received by 3:00 pm on the last day of the deadline.**

**Additional Requirements**

• Background check and drug screen (conviction of certain crimes may preclude admission to the College)
• Prior to the first day of class, the student must provide documentation of positive titer or immunizations for tetanus (TDAP), rubella, rubeola, mumps (MMR) and chickpox (Varicella); the Hepatitis B series, and tuberculin test. Students are required initiate the Hepatitis B, TDaP, MMR and Varicella vaccination or sign a declination statement if they are unable to receive the vaccine. Flu vaccine documentation is required (12/1 through 4/30) and students who do not receive the vaccine may be required to wear a mask when in the clinical area. Must have FLU VAC sticker on the badge. The tuberculin test is required to be done once.
• Signature representing agreement with Centra Nurse Aide Education Program **Honor Code.**
• American Heart Association (AHA) Healthcare Provider CPR card valid for the duration of the program. The Nurse Aide Education program will provide CPR training if necessary, but this is not considered part of the curriculum hours.
• Employees of Centra Health System will be evaluated for job performance and eligibility for rehire. Adverse references from previous employers will be evaluated in the admission process and may result in non-acceptance to the program.
• All Accepted applicants will be required to attend the full orientation session. Failure to attend the orientation will result in forfeiture of your position in the program.

ONBOARDING PROCESS

A. Requirements:
• Students required to have the background check submitted no later than the orientation date.
• Students required to have Verified Credentials (Immunizations and CPR) submitted no later than the first day of class. Note: Some classes start clinical the first week in college.
• eHealthcare and Cerner PromisePoint: Due 30 days after enrollment.
• IPad required no later than the second orientation date. Note: Some classes will utilize the iPad the first week for assignments and clinical.
• Students required to have their uniform and shoes by the first day of class.

B. Failure to Meet Deadlines for the requirements listed.
• Student will be notified of the deficiency and given 24 hours to correct the deficiency.
• Deficiency not correct in 24 hours; the student will be removed from Moodle access until confirmation of the deficiency has been given to the director and uploaded into the appropriate database.
• Further issues will be addressed through the disciplinary policy.
**STUDENT IPAD REQUIREMENTS:**

Students are required to have an iPad for class. Below is a list of acceptable iPads for students to use while enrolled at Centra College. If a student brings an iPad from the list below, the student must ensure that there is enough space to run Centra College required apps. It is up to the student to keep their iPad and required apps up to date and functioning while enrolled at Centra College. The current list of iPads that run the latest iOS 13 are described here:

- 12.9-inch iPad Pro 3rd generation, 12.9-inch iPad Pro 2nd generation, 12.9-inch iPad Pro 1st generation, 11-inch iPad Pro, 10.5-inch iPad Pro, 9.7-inch iPad Pro, iPad 6th generation, iPad 5th generation, iPad Air 3rd generation, iPad Air 2, iPad Air, iPad mini 5th generation, iPad mini 4, iPad mini 3, iPad mini 2

For any student who does not already own an Apple iPad or needs to purchase another one, we recommend the following:

- A 7th Generation iPad with a minimum of 32GB, Wi-Fi connection, and a 9.7-inch display and an iOS 13 Operating System.
- Anything more than the recommended iPad (iPad Pro, cellular data, Apple Pen, etc.) is up to the student and not required by Centra College.

Students are to provide their own Apple ID accounts with their devices.

When purchasing an iPad cover, the director of Infection Prevention at Centra hospital has stated that covers are to be a vinyl material, not cloth. This way, students can enter patient rooms with their iPads and clean them off when they leave.

The following devices are NOT acceptable substitutes of technology over an Apple iPad. Students may choose to use these in conjunction with an acceptable Apple iPad:

- Any type of Windows laptops or PCs (Dell, Acer, Asus, Lenovo, Samsung, HP, etc.) or Apple Macs, MacBooks, MacBook Pros, and MacBook Airs; Windows Surface and Surface Pro Tablets family; Samsung Galaxy Tablets family; Amazon Fire Tablets; Google Pixel Tablets; Lenovo Smart Tablets; Sony Digital Paper Tablets; also, Jailbreak iPads are also not acceptable types of iPads.

Please contact Centra College IT at (434)200-5973 or at ccon.it@centracollege.edu with any questions on this subject.
## ADMISSION PROCESS CHECKLIST

### R.N.-B.S.N.

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Application, application fee and essay</td>
<td>Applicants should use the required essay as a tool to reveal their ideas and opinions, their values and aspirations. Specific information to be included in the essay is listed on the application—ie. Why the applicant is continuing their education?</td>
</tr>
<tr>
<td><strong>Evaluation of Applicant’s Potential and Abilities (1)</strong></td>
<td>Reference form should be completed by persons who can speak to the applicant’s work ethic, academic abilities, and/or involvement with activities and community service.</td>
</tr>
<tr>
<td>Official high school transcripts</td>
<td>A high school transcript or record of GED must be submitted.</td>
</tr>
<tr>
<td><strong>Official college transcripts</strong> (must have documentation of completed prerequisites and 15 electives and/or Centra Nurse Residency Program)</td>
<td>College transcripts must be submitted for evaluation for previous college credit and degrees. Due to the competitiveness of admission, applicants who demonstrate the highest academic success on completed college courses will be considered for admission. Centra Nurse Residency Program is a Prior Learning Assessment affiliated with Vizient/AACN. Credit awarded will occur once the student provides the necessary documentation requested before the completion of the R.N-B.S.N. program.</td>
</tr>
<tr>
<td>Valid Unencumbered RN licensure</td>
<td>Applicants should provide proof of the RN licensure #, the expiration date, and whether the license is active/inactive.</td>
</tr>
<tr>
<td>Acceptance for admission</td>
<td>Letters of acceptance will be mailed to applicants. Applicants not accepted will receive a letter.</td>
</tr>
<tr>
<td>Registration fee and Enrollment Agreement</td>
<td>Registration fees and signed enrollment agreements must be returned within the specified time as included in the letter of acceptance.</td>
</tr>
<tr>
<td><strong>Background Check/Drug Screen</strong></td>
<td>Non-Centra employees must complete a satisfactory background check and drug screen if they complete practicum hours within a Centra facility.</td>
</tr>
<tr>
<td>Valid and Current CPR card</td>
<td>CPR card for the BLS Provider by AHA.</td>

<td>The Virginia Board of Nursing may be consulted regarding the applicant’s ability to take the NCLEX upon graduation. The Human Resources department of Centra may be consulted regarding areas of clinical experience that students may not attend. The Board of Nursing may refuse to admit a candidate to any examination, or refuse to issue a license, to any applicant with certain criminal convictions. The Board may refuse licensure to an applicant who uses alcohol or drugs to the extent that it renders the applicant unsafe to practice, or who has a mental or physical illness rendering the applicant unsafe to practice. Misdemeanor convictions involving moral turpitude may prevent licensure. Moral turpitude means convictions related to lying, cheating or stealing. Examples include, but are not limited to: reporting false information to the police, shoplifting or concealment of merchandise, petit larceny, welfare fraud, embezzlement, and writing worthless checks. Conviction of a barrier crime will preclude admission to the College. Conviction of a misdemeanor (as listed above, but not limited to those examples) will require that the applicant interview with an admission representative and may result in the revocation of the admission offer.</td>

</tbody>
</table>
**Evaluation of Applicant’s Potential and Abilities (3)**

Reference forms should be completed by persons who can speak to the applicant’s work ethic, academic abilities, and/or involvement with activities and community service. All three references must be submitted with the application.

**Official high school transcripts**

A high school transcript/record of GED/homeschool certificate must be submitted with the application.

**U.S. Citizenship**

Immigration or citizenship documentation is required if applicant is not a U.S. citizen by birth (The College is not a Student and Exchange Visitor Program (SEVP) certified and cannot accept international students on an F-1 or M-1 visa).

**Acceptance for admission**

Letters of acceptance will be given to applicants. Applicants not accepted will receive a letter.

**Enrollment Agreement**

Signed student enrollment agreements must be returned within the specified time as included in the letter of acceptance.

**Background check/drug screen**

Applicants will be notified regarding the completion of the background check/drug screen. The Virginia Board of Nursing may be consulted regarding the applicant’s ability to take the NNAAP upon graduation. The Human Resources department of Centra may be consulted regarding areas of clinical experience that students may not attend. The Board of Nursing may refuse to admit a candidate to any examination, or refuse to issue a license, to any applicant with certain criminal convictions. The Board may refuse licensure to an applicant who uses alcohol or drugs to the extent that it renders the applicant unsafe to practice, or who has a mental or physical illness rendering the applicant unsafe to practice. Misdemeanor convictions involving moral turpitude may prevent licensure. Moral turpitude means convictions related to lying, cheating or stealing. Examples include, but are not limited to: reporting false information to the police, shoplifting or concealment of merchandise, petit larceny, welfare fraud, embezzlement, and writing worthless checks. Conviction of a barrier crime will preclude admission to the College. Conviction of a misdemeanor (as listed above, but not limited to those examples) will require that the applicant interview with an admission representative and may result in the revocation of the admission offer.

**Valid CPR card**

CPR card for the AHA Healthcare Provider. The Nurse Aide Education program will provide CPR training, but this is not considered part of the curriculum hours.

**Financial Resources**

The student is responsible for discussion with Human Resources regarding any Centra Employee Work Commitment
and associated agreement to waive tuition and fees for the program. The process must be completed before the course begins to allow for proper billing.

**Student Health Policies**
Prior to the first day of class, the student must provide documentation of positive titers or immunizations for tetanus (TDaP), rubella, rubeola, mumps (MMR) and chickpox (Varicella); the Hepatitis series, and tuberculin test. Students are required initiate the Hepatitis B, tetanus, MMR and Varicella vaccination or sign a declination statement. Flu vaccine documentation is required (12/1 through 4/30) and students who do not receive the vaccine may be required to wear a mask when in the clinical area. Must have FLU VAC sticker on the badge. Tuberculosis testing is required (one time).

**Orientation**
Students are required to complete online orientation by calling (434) 200-4848 after the first day of class to activate their account. This education will be completed within 15 days.

**Essential Program Requirements**
Students must read, sign and date the form to ensure they are capable of meeting the physical and mental demands of the nurse aide role.
ENROLLMENT REQUIREMENTS

• Return Enrollment Agreement and Registration Fee
• Background check and drug screen (A.D.N., P.N., and Nurse Aide Programs) (Refer to pg. 25 for R.N-B.S.N. Program)
• Valid CPR card for the BLS Provider by AHA. The Nurse Aide Education program will provide CPR training during the course.
• Verification of required immunizations and U.S. citizenship
• Attendance of mandatory orientation (A.D.N., P.N., and Nurse Aide Programs)

BACKGROUND CHECK

In order to comply with the Joint Commission accreditation standards, clinical sites and affiliates require background checks on all students. Following acceptance to Centra College, students will be required to complete forms for the background check. Failure to complete the forms and/or return them by the deadline, refusal for a background check, failure to disclose information or unacceptable report will result in revocation of acceptance.

Certain criminal convictions may prevent licensure as a nurse in Virginia. Criminal convictions may also prohibit employment in certain health care settings.

The following link http://law.justia.com/codes/virginia/2013/title-18.2/ provides information for persons interested in becoming a Certified Nurse Aide (C.N.A.), a Licensed Practical Nurse (L.P.N.), or Registered Nurse (R.N.). It clarifies how convictions and other past history may affect the application process and subsequent licensure or certification by the Board of Nursing. It also clarifies the criminal convictions that prohibit employment in nursing home facilities, home care organizations, hospice programs, and assisted living facilities, and identifies what is commonly referred to as “barrier crimes.”

If you were criminally convicted of any of the barrier crimes, it may result in denial of admission to Centra College.

Students are responsible for notifying the College Administration (Dean and the Academic Directors of Nursing Programs) of any arrests and/or convictions within five (5) class days of the arrest. Action by the college will depend on the nature of the arrest/conviction but will never be based on any discriminatory or improper purpose. Failure to make notification may result in dismissal from the college.

Students discontinuing attendance may be required to repeat the background check upon request for readmission.

All background checks will be conducted in accordance with the Fair Credit Reporting Act.
**DRUG SCREENING**

Applicants accepted for admission will be contacted regarding the deadline for drug screening. A Chain of Custody form will be completed on all drug screens. All results of drug screening will be sent directly to the Student Health Nurse. Drug screening reports will be reviewed and evaluated as needed. The Student Health Nurse or designee will notify College Administration when the results are positive.

It is the responsibility of the Academic Directors of Nursing Programs, Student Health Nurse, or designee to notify the applicant of the results of the drug screen and, if necessary, request that he/she bring medications for review or be informed of ineligibility for admission.

Students who test positive for any illegal drugs are ineligible for admission to the college. Those with positive results of prescription medications and over-the-counter drugs will be evaluated on an individual basis. Prescriptions must be written for the individual applying to the college. The Academic Directors of Nursing Programs, Student Health Nurse or designee will consult with the medical review officer and/or others as deemed necessary to assist with drug screening evaluations. **Re-testing (for admission) is not performed for one full year.**

Students who refuse to submit to a drug screening, delay testing, or who fail such a test, excluding those instances that have been determined medically necessary, will have the offer of admission to the college revoked.

Students who test positive are eligible to reapply for admission after one year and/or after documentation of successful completion of an appropriate treatment program. Students that have completed a treatment program may be admitted with the understanding that they will be subject to random drug testing. Fees for drug testing will be the responsibility of the student. Failure to comply with requested testing regardless of cause or positive result in drug/alcohol screenings will result in immediate dismissal.

Drug screening test results will be filed in the student’s Health Record, if admitted. If drug screening test results are positive and the student is not accepted to the college, the drug screening results will be kept in the student’s Health Record in the student health office. In addition, the drug screening results and follow-up documentation may be kept in a confidential applicant academic folder. No copies are provided to the individual.

Should a student discontinue attendance they may be required to repeat the drug screen upon request for readmission.
TRANSFER OF CREDITS INTO CENTRA COLLEGE

Applicants requesting transfer of credits into the College must follow the ADMISSION REQUIREMENTS as well as submit official transcripts from Colleges attended. Transfer courses listed on another College’s transcript are not acceptable in lieu of a transcript from the College awarding the credit. Transcripts and any additional information requested (course outlines including student learning outcomes, instructor credentials, textbooks used, length of course, number of credit/clock hours, etc.) must be provided to determine course equivalency. Transfer course grades must be a “C” or better. The College from which courses are transferred must be accredited by an agency recognized by the United States Department of Education (USDE) or the Council for Higher Education Accreditation (CHEA).

Transfer credits will not count towards the student’s GPA. Transfer credits for courses accepted towards completion of the program will count as both credit hours attempted and credit hours completed and will be considered in the calculation of % of attempted credits completed for verification of SAP.

In addition to nursing courses, students are required to complete general college courses. Prerequisite courses must be completed prior to admission. Other college courses may be taken concurrently with the nursing courses as set in the curriculum plan. Those courses may also be completed prior to admission. Most students complete courses at Central Virginia Community College but they may be taken at other approved accredited Colleges. Centra College determines transferability of courses and the appropriate placement within the curriculum for all applicants. Science courses over five (5) years old may need to be repeated. Accepted transfer of courses will be communicated in writing to the student prior to enrollment. Additional parties will be notified if necessary on the acceptance of previous education transfer of credits for applicants.

Applicants requesting transfer from another school of nursing must provide a letter of recommendation from the Dean of the school to which they were attending. Nursing courses must have been taken within the past five (5) years.
ADMISSION TRANSFER FROM CENTRA COLLEGE A.D.N. PROGRAM INTO CENTRA COLLEGE P.N. PROGRAM

A.D.N. students may be eligible to transfer into Centra College’s Practical Nursing Program. Interested students should meet with the Academic Director of the Program to discuss eligibility. The student should also meet with the Financial Aid and Enrollment Manager to determine cost and financial assistance. The Academic Director for the appropriate nursing program will meet with the Admissions Committee to determine if the transfer is feasible. The applicant’s attendance in the previous program will be evaluated.

According to the State Council of Higher Education for Virginia regulation 8VAC40-31-140, a student shall complete a minimum of 30% of course work at the institution in order to be granted a degree from that institution. Transfer into the program is based on space availability.

To be considered for transfer the student must:
- Submit an intent letter to transfer into the program
- The course(s) transferred in must be successfully completed academically/clinically
- Attend an interview with the A.D.N. & P.N. Academic Directors
- Must have satisfied all financial obligations in the A.D.N. program
- The student will be notified of the decision
- Nursing courses completed more than twelve months prior to admission will not be eligible for transfer.
Section III: Student Finance
TUITION AND FEES

Payment is due the first day of each term. Centra College reserves the right to make changes in tuition and other fees as deemed necessary without prior notice. Any change will apply to currently enrolled students as well as new students. Students may attend class at the beginning of each term after tuition and expenses are paid in full or participating in an Installment Payment Plan (IPP).

Students who fail to meet their financial obligations to the College or to make appropriate arrangements with the Dean may not be permitted to continue in Centra College. Withdrawal from the College will not be considered complete nor will transcripts or references be issued until all financial obligations to the College are met.

Note: Federal funds may not cover all unpaid institutional charges due to the college upon a student’s withdrawal. Dissatisfaction with, or non-receipt of, the educational services being offered by CENTRA COLLEGE does not excuse the borrower from repayment of any loans made to the borrower for enrollment at CENTRA COLLEGE.
GENERAL REFUND POLICY INFORMATION (Cancellation, Withdrawal or Termination)

Student’s Right to Cancel

1. **Three-Day Cancellation**: An applicant who provides written notice of cancellation within three (3) business days, excluding weekends and holidays, of executing the enrollment agreement is entitled to a refund of all monies paid excluding the application, background check and drug screening fees in connection with processing new students.

2. **Other Cancellations**: An applicant requesting cancellation more than three (3) days after executing the enrollment agreement, but prior to the first day of class is entitled to a refund of the tuition minus $100 and excluding the non-refundable fees* to cover expenses in connection with processing (application, background check and drug screening fees).

3. **10-day drop period (N/A for Nurse Aide Program)**: A student will have a consecutive 10-day drop period beginning on the first day of a semester (including weekend dates) in which a student may request in writing to drop from a program and be entitled to a refund of all monies paid excluding the following non-refundable fees: application fee, registration, background check, drug screening and textbooks billed by college.

4. Cancellation may occur when the student provides written notice of cancellation at the following address: 905 Lakeside Drive, Suite A, Lynchburg, VA 24501. This can be done by mail or by hand delivery.

5. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.

6. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.

Determination Date of Withdrawal

A student that withdraws or is terminated from Centra College after beginning classes and prior to completion of his/her course of study may receive a pro rata refund.

When a student withdraws, refunds are based on the total charges incurred, not the amount paid. The date from which refunds will be determined is the last date of recorded attendance. Refunds will be calculated using a Tuition Refund Calculation Worksheet and will be issued within forty-five (45) days of the determined withdrawal/termination date. If the student failed to provide written notification of the decision to withdraw, the refund will be calculated within forty-five (45) days of the date that the college determines the student withdrew. The refunds shall be based on the cost of current period of the program.

For the purpose of determining a refund, a student shall be deemed to have withdrawn from a program of instruction when the following occurs:
• The student notifies the college of student’s withdrawal or the date the College determines as the student’s withdrawal date, whichever is later.
• The College terminates the student’s enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the College; absences in excess of the maximum set forth by the College; and/or failure to meet financial obligations to the College.
• Failure to return from a leave of absence.

The dates used to determine refund for R.N-B.S.N., A.D.N., and P.N. programs: first and last published catalog date of semester and the withdrawal date determined.

The date the student’s withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the tuition charges for the program semester minus non-refundable fees based on the following attendance:

• A student who enters CENTRA COLLEGE but withdraws after the drop date and during the first ¼ (25%) of the semester is entitled to receive as a refund 50% of the stated cost of the course(s), not to include non-refundable fees.*
• A student who enters CENTRA COLLEGE but withdraws after completing ¼ (25%), but less than ½ (50%) of the semester is entitled to receive as a refund 25% of the stated cost of the course(s), not to include non-refundable fees.*
• A student who enters CENTRA COLLEGE but withdraws after completing ½ (50%), of the semester is entitled to no refund for the period.

*Non-refundable fees include: application, registration, background check/drug screening, activity, technology, course material, textbook bundles billed by the college, graduation, NCLEX review, NCLEX Resource Learning System.

Transcripts and student records will not be issued for a student who owes money to CENTRA COLLEGE for any reason. Students are not entitled to a refund from CENTRA COLLEGE if the policy for withdrawal is not followed or in the event of dismissal.

**Nurse Aide Program**
The dates used to determine refund for the Nurse Aide Program: first and last date of the class and the withdrawal date determined.

• A student who enters the Nurse Aide Education program but withdraws during the first ¼ (25%) of the program is entitled to receive as a refund 50% of the stated cost of the program, not to include non-refundable fees.*
• A student who enters Nurse Aide Education program but withdraws after completing ¼ (25%), but less than ½ (50%) of the program is entitled to receive as a refund 25% of the stated cost of the program, not to include non-refundable fees.*
• A student who enters Nurse Aide Education program but withdraws after
completing ½ (50%), of the program is entitled to no refund for the period.
*Non-refundable fees include: Background check/drug screening, activity, technology and course material.
FAILURE TO MEET FINANCIAL OBLIGATION

Students who fail to meet their financial obligations to the College or to make appropriate arrangements with the Dean may not be permitted to continue in Centra College. Withdrawal from the College will not be considered complete nor will transcripts or references be issued until all financial obligations to the College are met.

Note: Federal funds may not cover all unpaid institutional charges due to the college upon a student’s withdrawal. Dissatisfaction with, or non-receipt of, the educational services being offered by CENTRA COLLEGE does not excuse the borrower from repayment of any loans made to the borrower for enrollment at CENTRA COLLEGE.
TUITION INSTALLMENT PAYMENT PLAN

A. IPP DESCRIPTION
The purpose of the Centra College Installment Payment Plan (the “IPP”) is to assist Centra College students in paying their tuition and fees by providing them with additional payment flexibility and options.

IPPs are applied for and approved on a semester by semester basis. Centra College students must apply for an IPP for each semester they would like to receive assistance. Submitting an application for an IPP does not guarantee approval. Students whose IPP applications are approved will be sent an IPP Agreement with terms and conditions of the agreement that must be completed, signed and returned as outlined below. An IPP Agreement is not valid until countersigned by the Bursar and Student Account Manager to be effective.

B. ELIGIBILITY
Students must be enrolled in a current term and be in good financial standing to be eligible for an IPP. Students who have an outstanding balance from a previous semester or who participated in an IPP for a previous semester and did not make payments as, and when, due will not be approved for an IPP.

To apply for an IPP, the student must fill out and sign the IPP Application acknowledging all terms and conditions of the IPP and submit a Twenty-Five and 00/100 Dollar ($25.00) non-refundable application fee. If approved by the Bursar and Student Account Manager for an IPP, the student will be required to sign the IPP Agreement and return the same to the Bursar and Student Account Manager with the initial payment (the “Initial Payment”), which will consist of the following: (1) a down payment in an amount equal to five percent (5%) of the applicable semester’s tuition and fees; and (2) the student’s first monthly IPP payment in the amount identified by the Bursar and Student Account Manager.

Applications are accepted during the following application windows, prior to the start of the applicable semester:

- Fall Semester: May 15 through August 10
- Spring Semester: October 15 through January 10 (or first day of classes whichever is first)
- Summer Semester: March 15 through May 10

Minors (under age 18), with the exception of emancipated minors, must have a parent or legal guardian co-sign in person at the College.

- Incomplete or illegible applications will not be accepted.
- Partial Initial Payments will not be accepted.
C. FINANCIAL AID
For students that have financial aid, the total amount of AUTHORIZED AID must be deducted from the total fees to be included in the IPP.

D. WHERE TO APPLY
Centra College students may request an Installment Payment Plan Application from Bursar and Student Account Manager Office.

E. PAYMENT CALCULATION
The specific amounts due are calculated by dividing the total of a semester's tuition, minus the down payment, by the payment plan months, which shall be determined by mutual agreement of the Centra College and the student.

F. REFUNDS AND OTHER CREDITS
Refunds from withdrawn courses are made according to the published Tuition Refund Policy (refer to Catalog & Student Handbook for policy). Refunds or any other credits will be applied to any tuition and fees due the College. The amount of your refund for withdrawn courses is based on the total fees owed.

G. LATE PAYMENTS
If student fails to pay the amounts due by the scheduled due dates of the IPP, the College will initiate collection procedures. The Centra College Student will be responsible for reimbursing the College for all reasonable costs of collection, including attorneys’ fees or costs, in the event the College is forced to pursue collection efforts, whether or not suit is actually filed. The following additional actions may be taken by the Centra College:

- Centra College student access to course(s) will be placed on hold after the payment is fourteen (14) days or more past due
- Centra College student can be administratively withdrawn from course(s) due to non-payment of tuition
- Centra College student may be prohibited from registering for subsequent terms
- A hold may be placed on Centra College student’s account for any request for transcripts/records
- Centra College will prohibit the use of the IPP for the subsequent semester, unless the Centra College student is current on payment at the conclusion of the semester
- A late fee of Ten and 00/100 Dollars ($10.00) will be applied to the Centra College student account after the payment is fourteen (14) days or more past due
- Centra College student courses will be locked after the payment is fourteen (14) days or more past due. Once payment has been made, courses will be re-opened.

H. BILLING
Billing will be sent via EMAIL to the College issued email accounts and/or viewable to the Centra College Student via accessing student account through the student portal. Only when these
systems are not available due to technical circumstances will billing statements be sent via regular mail to the Centra College Student’s address on file with Centra College.

**Example:**
Payment plans can start as early as the month prior to the start of classes to the month classes start:

- July for Fall Semester
- Dec for Spring Semester
- April for Summer Semester
FINANCIAL AID

Philosophy
Centra College maintains a program of financial aid to help provide the opportunity for students with limited financial resources to attend the College. It is the expectation that the student and the student's family will carry the basic financial responsibility for education. When it is determined that the cost is greater than the ability to pay, the College assists the students in seeking funds for education from government and private sources in the form of scholarships, grants, and loans. Financial Aid policies and procedures protect the student's right of privacy. These policies and procedures are contained in the Student Aid Handbook on file in the office of the Financial Aid/Enrollment Manager.

TITLE IX

Title IX of the Educational Amendments of 1972 provides that, "No person...shall, on the basis of sex, be excluded from participation in, be denied benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance?"

Title IX prohibits sexual harassment, including sexual assault, occurring in connection with any academic, extracurricular, or other college program, regardless of the location.

Pursuant to Title IX and its regulations (34 C.F.R. Part 106.8), Centra College's, Title IX Coordinator is the designated college official with primary responsibility for coordinating the college's compliance with Title IX and other federal and state laws and regulations relating to sex-based discrimination.

- Reporting any Title IX violations please call 434-200-3322 to be connected to our Title IX Coordinator.

The Title IX Coordinator
- Promotes the creation of policies, procedures, and notifications designed to ensure college compliance with Title IX
- Oversees implementation of compliance (grievance) procedures, including investigation and disposition of complaints
- Answers questions and provides guidance about Title IX compliance and the college's related policies and procedures
- Serves as a liaison to the state and federal agencies that enforce Title IX
- Helps ensure the campus community and college employees with Title IX compliance and is responsible for seeing they are adequately trained and educated
- Monitors all other aspects of the college's Title IX compliance
Section IV:
Academic Policies & Procedures
**CURRICULUM PLANS**

**Definition of Centra College Collegiate Semester Hour (R.N.-B.S.N.)**

Centra College will adhere to the following definitions and use the following formula in calculating semester credit hours.

Semester—minimum of 15 weeks in length. One semester credit is equal to:
1. one hour of lecture per week for a semester or the equivalent number of hours.
2. two hours of lab per week for a semester or the equivalent number of hours.
3. three hours of practicum per week for a semester or the equivalent number of hours.

**Definition of Centra College Collegiate Semester Hour (A.D.N. and P.N. Programs)**

Centra College will adhere to the following definitions and use the following formula in calculating semester credit hours.

Semester—minimum of 15 weeks in length. One semester credit is equal to:
1. one hour of lecture per week for a semester or the equivalent number of hours.
2. two hours of lab per week for a semester or the equivalent number of hours.
3. three hours of externship/clinical per week for a semester or the equivalent number of hours.

**Definition of Centra College Collegiate Semester Hour (Nurse Aide Education Program)**

Centra College will adhere to the following definitions and use the following formula in calculating semester credit hours.

The Nurse Aide Education program will adhere to the following definitions and use the following formula in calculating credit hours. Although, this program is only five weeks (Monday through Thursday) in length, the below formula will be utilized to give an approximation of the credit hours offered.

Semester—minimum of 15 weeks in length. One semester credit is equal to:
1. one hour of lecture per week for a semester or the equivalent number of hours.
2. two hours of lab per week for a semester or the equivalent number of hours.
3. three hours of externship/clinical per week for a semester or the equivalent number of hours.

_A clock hour (or contact) hour is defined as a minimum of 50 minutes of supervised or directed instruction in any 60-minute period. Care is taken in scheduling breaks._

The U.S. Department of Education defines credit hours in terms of the amount of time in which a student is engaged in academic activity as follows:
1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately 15 weeks for one semester of credit.

2. At least an equivalent amount of work as required in the #1 above for other academic activities including laboratory work, internal clinical experiences, clinical externships, and other academic work leading to the award of credit hours; or

3. Institutionally established reasonable equivalencies for the amount of work required in paragraph (1) of this definition for the credit hours awarded, including as represented in intended learning outcomes and verified by evidence of student achievement.
REGISTERED NURSE TO BACHELOR OF SCIENCE IN NURSING PROGRAM

Sequencing of Courses
The R.N.-B.S.N. full distance learning curriculum was designed to ensure that students are able to meet the program outcomes and student performance and achievement of program outcomes will be evaluated in each course. The new full distance R.N.-B.S.N. curriculum has been built around feedback from our community of interest, the Essentials of Baccalaureate Education for Professional Nursing Practice (AACN, 2008), and the standards for nursing education programs identified in the Virginia Board of Nursing Regulations Governing the Practice of Nursing.

The entire R.N.-B.S.N. Program consists of three semesters with a total of 48 weeks. The curriculum consists of 120 total credit hours. These credit hours include: 29 credits from foundation/prerequisite courses, 3 credits for a statistics co-requisite course, 36 credits from upper division nursing courses (R.N.-B.S.N. Program), 37 proficiency credits, and 15 credits from either completion of the Centra Nurse Residency Program or general electives.

Program Student Learning Outcomes
Faculty believe in the importance of incorporating professional standards, guidelines, and competencies as the basis for the nursing curriculum. The program must reflect current nursing practice. To this end, a rigorous and thorough examination of the current literature on nursing practice and nursing education was conducted. These findings guided the development of the program student learning outcomes. Additionally, faculty examined the current healthcare environment in the Lynchburg area. These program student learning outcomes along with their related competencies reflect the expected behaviors of the graduates of Centra College, Registered Nurse to Bachelor of Science in Nursing Program. Therefore, these program student learning outcomes are used to organize the curriculum, and guide all activities related to the teaching/learning process, including delivery of instruction and evaluation of student progress.

Program Schedule
The academic year is defined as semesters. Once prerequisites are completed, there are three semesters in the Registered Nurse to Bachelor of Science in Nursing (R.N.-B.S.N.) program. Semesters are generally 16 weeks in length. The R.N.-B.S.N. program is 48 weeks in total length. There are 120 credit hours awarded and 1,860 contact hours for the total program (including prerequisites and previous upper division nursing courses). Full-time status is 12 credit hours of study per semester. This action is applied to all students.

Prerequisites*
BIO 141: Anatomy & Physiology I
BIO 142 Anatomy & Physiology II
English 111: College Composition I
English 112: College Composition II
PSY 200: Principles of Psychology
PSY 230: Developmental Psychology
HLT 230: Principles of Nutrition and Human Development
Completion of RN Program
Electives: 6 Humanities/Social Science

First Semester
NUR 320: Theoretical & Conceptual Foundations
NUR 335: Informatics in Nursing Practice
NUR 350: Evidence-based Practice and Research in Nursing
NUR 360: Advanced Health Assessment

Second Semester
NUR 420: Community Health Perspectives
NUR 421: Community Health Perspectives Practicum
NUR 450: Population Health & Epidemiology
NUR 455: Introduction to Pathophysiology
MTH XXX: Intro to Statistics*

Third Semester
NUR 460: Nursing Leadership & Management
NUR 470: Aging, Health & Longevity
NUR 480: Management of Illnesses & Disease Processes
NUR 485: R.N-B.S.N. Capstone

Course Descriptions

NUR 320--Theoretical & Conceptual Foundations
Semester-Credit Hours: 3
Class Hours: 45
This course provides an overview of the historical aspects of professional nursing with emphasis on the development of nursing research, legal & ethical principles and their impact on current nursing practice. The role of communication and teaching/learning in nursing practice will be emphasized. It is designed to develop the critical reading, thinking and writing skills necessary for a successful Baccalaureate level study. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences. Co-requisites: NUR 335.

NUR 335--Informatics in Nursing Practice
Semester-Credit Hours: 3
Class Hours: 45
This course provides an understanding of health information systems to ethically manage data, information, knowledge and technology to communicate effectively and provide safe and effective patient care. Students will utilize appropriate databases to search for evidence based on research to enhance the quality of patient care and inform practice decisions. Development of competencies in using patient care technologies and information management systems is
emphasized. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences. Co-requisites: NUR 320

NUR 350—Evidence-based Practice and Research in Nursing
Semester-Credit Hours: 3
Class Hours: 45
This course provides the student with an overview of the research methods commonly used in nursing research. Ethical/legal issues in health care research are discussed. Student will evaluate current nursing research articles for application to evidence-based nursing practice. The R.N-B.S.N. student will summarize the main ideas, findings, and the article's contributions to evidence-based practice. Special emphasis will be placed on quality initiatives, patient satisfaction and issues of diversity. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335. Co-requisites: NUR 360.

NUR 360—Advanced Health Assessment
Semester-Credit Hours: 3
Class Hours: 45
This course focuses on the development of a body systems approach to health assessment of individuals emphasizing normal growth and developmental responses across the lifespan. Content includes knowledge and skills of health assessment through a variety of methodologies in the virtual classroom. Students will demonstrate techniques in eliciting comprehensive health histories and performing physical examinations by utilizing various on-line resources. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335. Co-requisites: NUR 350.

NUR 420—Community Health Perspectives
Semester-Credit Hours: 4
Class Hours: 60
This course provides concepts of community/public health nursing practice. Primary, secondary, and tertiary levels of prevention will be reviewed for the health of the community as a whole. The public/community health nursing role as a partner with the community is emphasized through application of the nursing process, beginning with the assessment of the community’s health, wellness needs, and available resources. Planning, organization and delivery of services for population at risk are in line with Healthy People 2020 objectives. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360. Co-requisites: NUR 421

NUR 421—Community Health Perspectives Practicum
Semester-Credit Hours: 2
Class Hours: 15
Clinical Hours: 45
This course provides the student with opportunities to observe nurses practicing in roles outside the hospital. R.N-B.S.N. students will apply the theories and concepts of
community/public health. The public/community health nursing role as a partner within the community is emphasized. Planning for delivery of healthcare and wellness services for vulnerable populations will be congruent with the Healthy People 2020 goals. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, N 360. Co-requisites: NUR 420

NUR 450—Population Health & Epidemiology
Semester-Credit Hours: 3
Class Hours: 45
This course provides the student with the knowledge and skills to apply health promotion, prevention of disease complications, environmental and epidemiological concepts and teaching/learning principles in working with diverse populations. Emphasis is placed on establishing community partnerships, community assessment strategies and implementation of nursing care programs to improve population health. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421. Co-requisites: NUR 451.

NUR 455—Introduction to Pathophysiology
Semester- Credit Hours: 3
Class Hours: 45
Throughout this course, the R.N-B.S.N. student will examine physiological factors that affect individuals across the lifespan. Environmental factors, genetics, and lifestyle choices will be considered in their ability to lead to increased disease susceptibility. The student will continue to work on their Progressive Evidence-based Practice Project (PEPP). The completed PEPP will be presented via power-point presentation and as a summative analysis in NUR 485: RN-BSN Capstone. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421. Co-requisites: NUR 450.

NUR 460—Nursing Leadership & Management
Semester-Credit Hours: 4
Class Hours: 60
This course provides concepts in leadership and management as they relate to the role of professional nursing in the sociopolitical health care environment. Cost containment and cost-effective financial management of human and material resources is emphasized. Group dynamics, change process, conflict management and the role of quality improvement in professional nursing leadership will be analyzed in this course. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421, NUR 450, NUR 455. Co-requisites: NUR 470.
NUR 470—Aging, Health & Longevity
Semester-Credit Hours:  2
Class Hours:    30
This course provides the student with a perspective on concepts of aging. The RN-BSN student will gain the knowledge on the common expected aging changes as well as health related problems. Health promotion and risk reduction will be emphasized in this course.
Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421, NUR 450, NUR 455. Co-requisites: NUR 460

NUR 480—Management of Illness & Disease Processes
Semester-Credit Hours:  2
Class Hours:    30
This course builds on the knowledge gained in NUR 455: Introduction to Pathophysiology. Within this course, the RN-BSN student will be expected to demonstrate an understanding of normal physiology, pathophysiology, and specific disorders. Diagnostics and pharmacological management interventions will be explored. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421, NUR 450, NUR 455, NUR 460, NUR 470. Co-requisites, NUR 485.

NUR 485—R.N.-B.S.N. Capstone
Semester-Credit Hours:  4
Class Hours:    60
This course, for R.N.-B.S.N. students, is designed to expand the scope of nursing practice. Managerial learning activities focus on the leadership aspects of the professional nurse. Special emphasis is placed on the role of the BSN educated nurse and his/her responsibility in the implementation of change in response to identified needs/problems in diverse healthcare settings. The completed Progressive Evidence-based Practice Project (PEPP) will be presented via power-point presentation and as a summative analysis during this course. Students will validate achievement of program outcomes. Prerequisites: BIO 141, BIO 142, ENG 111, ENG 112, PSY 200, PSY 230, HLT 230, (6) credits of Humanities/Social Sciences, NUR 320, NUR 335, NUR 350, NUR 360, NUR 420, NUR 421, NUR 450, NUR 455, NUR 460, NUR 470. Co-requisites: NUR 480.
ASSOCIATE DEGREE IN NURSING PROGRAM

Sequencing of Courses
The program is designed to culminate in six student learning outcomes. Therefore, each course is leveled based on these outcomes as well as populations of patients. The sequencing of courses reflects higher cognitive levels, a different patient population, or more complexity in patient care provided in a variety of healthcare settings. Patricia Benner’s Model of Novice to Expert is used in the development of the professional nurse. Courses build to assist students with their journey to advanced beginner by graduation, prepared to become competent nurses as they experience their first two years of practice. Standardized tests are administered to students periodically throughout the curriculum. Results are reviewed with students to provide information about their mastery of nursing concepts.

Program Student Learning Outcomes
Faculty believe in the importance of incorporating professional standards, guidelines, and competencies as the basis for the nursing curriculum. The program must reflect current nursing practice. To this end, a rigorous and thorough examination of the current literature on nursing practice and nursing education was conducted. These findings guided the development of the end of program student learning outcomes. Additionally, faculty examined the current healthcare environment in the Lynchburg area. These program student learning outcomes along with their related competencies reflect the expected behaviors of the graduates of Centra College, Associate Degree in Nursing program. Therefore, these program student learning outcomes are used to organize the curriculum, and guide all activities related to the teaching/learning process, including delivery of instruction and evaluation of student progress.

Program Schedule
The academic year is defined as semesters. Once prerequisites are completed, there are four semesters in the Associate Degree program. Semesters are generally 16 weeks in length. The Associate Degree program is 64 weeks in length. There are 66 semester credit hours awarded for the entire program (including prerequisites) with a total of 1410 for the concept-based curriculum. Full-time status is 12 credit hours of study per semester. This action is applied to all students.

The formula for semester credit hour conversion is:
1 semester credit = 15 lecture hours, 30 laboratory hours, and 45 clinical hours

Concept-Based Curriculum

**Prerequisites**
- BIO 141: Anatomy & Physiology I
- PSY 230: Developmental Psychology
- HLT 230: Principles of Nutrition and Human Development
- HLT 141: Introduction to Medical Terminology
- SDV 100: College Success Skills
First Semester
NUR 150: Introduction to Nursing Concepts
NUR 165: Health Promotion and Assessment
NUR 170: Professional Nursing Concepts I
BIO 142: Human Anatomy & Physiology II*

Second Semester
NUR 175: Health Care Participant
NUR 180: Nursing Concepts I
PSY 200: Principles of Psychology*

Third Semester
NUR 240: Nursing Concepts II
NUR 250: Nursing Concepts III
ENG 111: College Composition I*

Fourth Semester
NUR 260: Nursing Concepts IV
NUR 270: Professional Nursing Concepts II
ENG 112: College Composition II*

Courses* completed at Central Virginia Community College include:

*Courses must be completed in the term to which they are assigned or prior to admission. Proof of enrollment must be submitted to Centra College on or before the first day of the term.

COURSE DESCRIPTIONS

Concept-Based Curriculum

NUR 150 — Introduction to Nursing Concepts
Semester-Credit Hours: 6
Class Hours: 45
Lab Hours: 30
Clinical Hours: 90
Introduces concepts of nursing practice and conceptual learning. Focuses on basic nursing concepts with an emphasis on safe nursing practice and the development of the nursing process. Provides supervised learning experiences in college nursing laboratories and/or
simulated environments. **Prerequisites:** BIO 141, PSY 230, HLT 230, HLT 141, SDV 100. **Corequisites:** NUR 165, NUR 170, BIO 142.

**NUR 165 — Health Promotion and Assessment**

**Semester-Credit Hours:** 3  
Class Hours: 30  
Lab Hours: 30

Introduces assessment and health promotion for the individual and family. Includes assessment of infants, children, adults, geriatric clients and pregnant females. Emphasizes health history and the acquisition of physical assessment skills with underlying concepts of development, communication, and health promotion. Prepares students to demonstrate competency in the assessment of clients across the lifespan. Provides supervised learning experiences in college nursing laboratories and/or simulated environments. **Prerequisites:** BIO 141, PSY 230, HLT 230, HLT 141, SDV 100. **Corequisites:** NUR 165, NUR 170, BIO 142.

**NUR 170 — Professional Nursing Concepts I**

**Semester-Credit Hours:** 2  
Class Hours: 30

Introduces the role of the professional nurse and fundamental concepts in professional development. Focuses on professional identity, legal/ethical issues and contemporary trends in professional nursing. **Prerequisites:** BIO 141, PSY 230, HLT 230, HLT 141, SDV 100. **Corequisites:** NUR 150, NUR 165, BIO 142.

**NUR 175 — Health Care Participant (Individual, Family, Community)**

**Semester-Credit Hours:** 4  
Class Hours: 45  
Clinical Hours: 45

Focuses on the health and wellness of diverse individuals, families, and the community throughout the lifespan. Covers concepts that focus on client attributes and preferences regarding healthcare. Emphasizes population-focused care. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, NUR 150, NUR 165, NUR 170. **Corequisites:** NUR 180, PSY 200.

**NUR 180 — Nursing Concepts I**

**Semester-Credit Hours:** 5  
Class Hours: 45  
Clinical Hours: 90

Focuses on care of clients across the lifespan in multiple settings including concepts related to physiological health alterations and reproduction. Emphasizes the nursing process in the development of clinical judgment for clients with multiple needs. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, NUR 150, NUR 165, NUR 170. **Corequisites:** NUR 175, PSY 200.
NUR 240 — Nursing Concepts II
Semester-Credit Hours: 5
Class Hours: 45
Clinical Hours: 90
Focuses on nursing care of diverse individuals and families integrating complex health concepts. Emphasizes clinical judgment, patient-centered care and collaboration. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. Prerequisites: BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, PSY 200, NUR 150, NUR 165, NUR 170, NUR 175, NUR 180. Corequisites: NUR 250, ENG 111.

NUR 250 — Nursing Concepts III
Semester-Credit Hours: 5
Class Hours: 45
Clinical Hours: 90
Focuses on care of clients across the lifespan in multiple settings including concepts related to psychological and physiological health alterations. Emphasizes the nursing process in the development of clinical judgment for clients with multiple needs. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. Prerequisites: BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, PSY 200, NUR 150, NUR 165, NUR 170, NUR 175, NUR 180. Corequisites: NUR 240, ENG 111.

NUR 260 — Nursing Concepts IV
Semester-Credit Hours: 6
Class Hours: 45
Clinical Hours: 135
Provides students with the opportunity to comprehensively apply and integrate learned concepts from previous nursing courses into a capstone experience. Emphasizes the mastery of patient-centered care, safety, nursing judgment, professional behaviors, informatics, quality improvement, and collaboration in the achievement of optimal outcomes of care. Provides supervised learning experiences in faculty and/or preceptor-guided through classroom learning, simulated environments and/or cooperating agencies. Prerequisites: BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, PSY 200, NUR 150, NUR 165, NUR 170, NUR 175, NUR 180, NUR 240, NUR 250. Corequisites: NUR 270, ENG 112.

NUR 270 — Professional Nursing Concepts II
Semester-Credit Hours: 4
Class Hours: 60
Develops the role of the professional nurse in the healthcare environment in preparation for practice as a registered nurse. Introduces leadership and management concepts and focuses on the integration of professional behaviors in a variety of healthcare settings. Prerequisites: BIO 141, BIO 142, PSY 230, HLT 230, HLT 141, SDV 100, PSY 200, NUR 150, NUR 165, NUR 170, NUR 175, NUR 180, NUR 240, NUR 250. Corequisites: NUR 260, ENG 112.
PRACTICAL NURSING PROGRAM

Sequencing of Courses
The program is designed to culminate in six student learning outcomes. Therefore, each course is leveled based on these outcomes as well as populations of patients. The sequencing of courses reflects higher cognitive levels, a different patient population, and more encompassing of the scope of practice of the Practical Nurse. This sequencing allows faculty to apply Dr. Benner’s theory of Novice to Expert (Benner, Tanner, & Chesla, 2009). Faculty understand novice learners are rule-driven. As they are challenged to apply critical thinking they grow and are able to look at the bigger picture as they enter stage of advanced beginner by completion of the program.

Program Student Learning Outcomes
Faculty believe in the importance of incorporating professional standards, guidelines, and competencies as the basis for the nursing curriculum. The program must reflect current nursing practice. To this end, a rigorous and thorough examination of the current literature on nursing practice and nursing education was conducted. These findings guided the development of the program student learning outcomes. Additionally, faculty examined the current healthcare environment in the Lynchburg area. These program student learning outcomes along with their related competencies reflect the expected behaviors of the graduates of Centra College, Practical Nursing Program. Therefore, these program student learning outcomes are used to organize the curriculum, and guide all activities related to the teaching/learning process, including delivery of instruction and evaluation of student progress.

Program Schedule
The academic year is defined as semesters. There are three semesters in the Practical Nursing program. Semesters are 16 weeks in length for the first semester, then 13 weeks for the second and third semester. The Practical Nursing program is 42 weeks in length and has 915 contact hours for the concept-based curriculum; there are 39 semester credits awarded for completion of the program. Full-time status is 12 credit hours of study per semester. This action is applied to all students.

The formula for semester credit conversion is:
1 semester credit = 15 lecture hours, 30 laboratory hours, and 45 clinical hours

Concept-Based Curriculum

First Semester
BIO 100: Basic Human Biology*
PSY 230: Developmental Psychology*
NUR 115: Introduction to Nursing Concepts
NUR 116: Health Promotion and Basic Assessment
Second Semester
NUR 125: Nursing Concepts I
NUR 126: Health Care Participant

Third Semester
NUR 135: Nursing Concepts II
NUR 136: Professional Nursing Concepts

COURSE DESCRIPTIONS

NUR 115 — Introduction to Nursing Concepts
Semester-Credit Hours: 6
Class Hours: 45
Laboratory Hours: 30
Clinical Hours: 90
Introduces concepts of nursing practice and conceptual learning. Focuses on basic nursing concepts with an emphasis on safe nursing practice and the development of the nursing process. Provides supervised learning experiences in college nursing laboratories and/or simulated environments. Corequisites: BIO 100, PSY 230, NUR 116.

NUR 116 — Health Promotion and Basic Assessment
Semester-Credit Hours: 3
Class Hours: 30
Laboratory Hours: 30
Introduces basic assessment and health promotion for the individual and family. Includes basic assessment of infants, children, adults, geriatric clients and pregnant females. Emphasizes health history and the acquisition of physical assessment skills with underlying concepts of development, communication, and health promotion. Prepares students to demonstrate competency in the assessment of clients across the lifespan. Provides supervised learning experiences in college nursing laboratories and/or simulated environments. Corequisites: BIO 100, PSY 230, NUR 115.

NUR 125 — Nursing Concepts I
Semester-Credit Hours: 7
Class Hours: 75
Clinical Hours: 90
Focuses on care of clients across the lifespan in multiple settings including concepts related to physiological health alterations and reproduction. Emphasizes the nursing process in the development of clinical judgment for clients with multiple needs. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 100, PSY 230, NUR 115, NUR 116. **Corequisite:** NUR 126.

**NUR 126 — Health Care Participant (Individual, Family, Community)**

Semester-Credit Hours: 5  
Class Hours: 60  
Clinical Hours: 45

Focuses on the health and wellness of diverse individuals, families, and the community throughout the lifespan. Covers concepts that focus on client attributes and preferences regarding healthcare. Emphasizes population-focused care. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 100, PSY 230, NUR 115, NUR 116. **Corequisite:** NUR 125.

**NUR 135 — Nursing Concepts II: 6 Credits**

Semester-Credit Hours: 6  
Class Hours: 60  
Clinical Hours: 90

Focuses on care of clients across the lifespan in multiple settings including concepts related to psychological and physiological health alterations. Emphasizes the nursing process in the development of clinical judgment for clients with multiple needs. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 100, PSY 230, NUR 115, NUR 116, NUR 125, NUR 126. **Corequisite:** NUR 136.

**NUR 136 — Professional Nursing Concepts**

Semester-Credit Hours: 6  
Class Hours: 45  
Clinical Hours: 135

Develops the role of the professional nurse in the healthcare environment in preparation for practice as a practical nurse. Introduces leadership and management concepts professional identity, legal/ethical issues and contemporary trends in professional nursing and focuses on the integration of professional behaviors in a variety of healthcare settings. Emphasizes the mastery of patient-centered care, safety, nursing judgment, professional behaviors, informatics, quality improvement, and collaboration in the achievement of optimal outcomes of care. Provides supervised learning experiences through classroom learning, simulated environments and/or cooperating agencies. **Prerequisites:** BIO 100, PSY 230, NUR 115, NUR 116, NUR 125, NUR 126. **Corequisite:** NUR 135.
NURSE AIDE EDUCATION PROGRAM

Sequencing of Courses
The program is designed to culminate in six student learning outcomes. Therefore, the program focuses on the learning outcomes as well as populations of patients. Patricia Benner’s Model of Novice to Expert is used in the development of the nurse aide. The program assists students with their journey to advanced beginner by graduation, prepared to become competent nurse aides as they experience their practice.

The Nurse Aide Education program is one course that prepares the student to take the written and skills portions of the National Nurse Aide Assessment Program (NNAAP) for certification of a nurse aide (CNA). The preparation to become a competent nurse aide who provides high quality and safety patient care while working in a variety of healthcare settings includes curriculum which teaches 22 skills. These skills are essential to the function of the nurse aide. The 22 skills taught in this course include: (1) hand hygiene, (2) applying knee-high elastic stockings, (3) assist to ambulate using transfer belt, (4) assists with the use of a bedpan, (5) cleans upper and lower dentures, (6) counts and records radial pulse, (7) counts and records respirations, (8) donning and removing PPE (gown and gloves), (9) dresses client with affected (weak) right arm, (10) feeds client who cannot feed self, (11) gives modified bed bath, (12) measures and records blood pressure, (13) measures and records urinary output, (14) measures and records weight of ambulatory client, (15) performs modified passive range of motion (PROM) for one knee and one ankle, (16) performs modified passive range of motion (PROM) for one shoulder, (17) positions on side, (18) provides catheter care for female, (19) provides foot care on one foot, (20) provides mouth care, (21) provides perineal care (PERI-CARE) for female, and (22) transfers from bed to wheelchair using transfer belt. Delivery of this course involves a total of 130 hours which consists of 54 hours of didactic, 36 hours of laboratory, 40 clinical hours and a Capstone course (4 hour didactic and 6 hour lab) which meet the Virginia Board of Nursing (VBON) program requirements.

Program Schedule
The Academic Director and Program Coordinator will provide administrative oversight for the Nurse Aide program in both the Bedford and Lynchburg sites. The program is only 5 weeks in length with a total of 130 contact hours. This program is scheduled for Monday through Friday (first 2 weeks) then the next three weeks are Monday through Thursday. Schedule of courses are published on the website and updated as needed. This is a tentative schedule and dates may change based on the needs in the community.

Week 1-2 (day 1-9): 08:30-2:15 pm
Week 3 and 4 (day 10-15): Lab 08:30-3:30 pm
Week 4 and 5 (day 16-20): Clinical 0700-15:30
Week 5 (day 21 and 22): Capstone 0900-1600 (Tues) 0900-1400

Total: 130 hours

50 hours didactic (M-F)
30 hours skills lab (M-T)
40 hours (M-F)
10 hours (Wed)
Centra Bedford Memorial Hospital Program will conclude with the Capstone course taught along with Centra College class in Lynchburg.

*This program is only year-round with multiple start dates determined on a yearly basis.

Make-up dates: Will be at the discretion of the Academic Director and Program Coordinator. Students may be required to complete the course in another cohort.

All files will permanently be kept at Centra College for three years. Students will be given contact information for the Academic Director and the Program Coordinator, and the Director for the program during orientation for students attending the branch site in Bedford.

Program Description
The Nurse Aide Education program is designed to teach the basic concepts of caring for a diverse population of various ages, experiencing various simple to complex illnesses and disabilities. This program assimilates safe, patient-centered care while developing critical thinking skills. Legal, ethical, and regulatory aspects are emphasized within the scope of practice for a Nurse Aide in the state of Virginia. Communication and interpersonal skills are integrated throughout the course. Students will validate achievement of program outcomes utilizing simulation through the skills labs and clinical practice in Long-Term Care and in an Acute Care setting.

COURSE DESCRIPTIONS

**NA 100: Nurse Aide Academic Course: (50 clock hours)**

This course provides information related to the nurse aide in providing safe and competent care in both acute and long-term care settings. Topics will include, but not be limited to: Types of healthcare facilities, legal and regulatory, client’s rights, professionalism, communication and interpersonal skills, conflict management, client independence, changes in the client to be reported, culturally sensitive care, emotional support, behavior modification, admission, transfer and discharge procedures, height and weight measurement and recording, surgery client care, occupational health and safety measures, safety and emergency procedures, principles of body mechanics, infection control, aging process, sexuality, caring for mothers and newborns, safety and security, privacy and confidentiality, grievances, disputes, disabled care, personal care/hygiene, nutrition/hydration, special diets, aspiration, intake and output, bed rest, range of motion, assistive devices, prosthetic and orthotic devices, incontinence bowel and bladder, ostomy care, enemas, collecting and testing urine, stool, sputum and blood samples, vital signs, physical examination draping, sensory impairment, dementia, restraints, environment of care, Omnibus Budget Reconciliation (OBRA) Act of 1987, personal possessions, pressure ulcers, heat and cold applications, oxygen therapy, Do Not Resuscitate (DNR), Patient Self-Determination Act, Stages of death and dying and client care.
**NA 101: Nurse Aide Skills Laboratory: (30 clock hours)**
This laboratory course provides hands-on practical experience of basic nursing and personal care skills performed by the nurse aide. The preparation to become a competent nurse aide who provides high quality and safety patient care while working in a variety of healthcare settings includes these 22 skills taught in this course. These skills are essential to the function of the nurse aide. The 22 skills taught in this course include: (1) hand hygiene, (2) applying knee-high elastic stockings, (3) assist to ambulate using transfer belt, (4) assists with the use of a bedpan, (5) cleans upper and lower dentures, (6) counts and records radial pulse, (7) counts and records respirations, (8) donning and removing PPE (gown and gloves), (9) dresses client with affected (weak) right arm, (10) feeds client who cannot feed self, (11) gives modified bed bath, (12) measures and records blood pressure, (13) measures and records urinary output, (14) measures and records weight of ambulatory client, (15) performs modified passive range of motion (PROM) for one knee and one ankle, (16) performs modified passive range of motion (PROM) for one shoulder, (17) positions on side, (18) provides catheter care for female, (19) provides foot care on one foot, (20) provides mouth care, (21) provides perineal care (PERI-CARE) for female, and (22) transfers from bed to wheelchair using transfer belt.

**NA 200: Nurse Aide Clinical: (40 clock hours)**
This clinical course provides the student with hands-on supervised experiences in which to demonstrate the performance of the 22 skills. Clinical experiences are conducted in Centra Health owned nursing care facilities.

**NA 201: Nurse Aide Capstone: (10 clock hours)**
This course prepared the graduate student for successful completion of the Nurse Aide Assessment (NNAAP) written and skills examination. Both a mock written and skills examination will be given to the students. This course will reinforce all prior learning and reduce test anxiety the day of the examination.
DESCRIPTIONS FOR PREREQUISITES AND GENERAL COLLEGE COURSES (Central Virginia Community College)

Biology 100 – Basic Human Biology – Practical Nursing Program
   Semester Credit Hours: 3
   Class Hours: 45
Biology 100—Basic Human Biology presents basic principles of human anatomy and physiology. Discusses cells, tissues, and selected human systems.

Biology 141 — Human Anatomy and Physiology I- Associate Degree Program
   Semester Credit Hours: 4
   Class Hours: 45
   Laboratory Hours: 30
Biology 141—Human Anatomy and Physiology I integrates anatomy and physiology of cells, tissues, organs, and systems of the human body. Integrates concepts of chemistry, physics and pathology.

Biology 142 — Human Anatomy and Physiology II – Associate Degree Program
   Semester Credit Hours: 4
   Class Hours: 45
   Laboratory Hours: 30
Biology 142—Human Anatomy and Physiology II integrates anatomy and physiology of cells, tissues, organs, and systems of the human body. Integrates concepts of chemistry, physics and pathology.

English 111 — College Composition I-Associate Degree Program
   Semester Credit Hours: 3
   Class Hours: 45
English 111—College Composition I introduces students to critical thinking and the fundamentals of academic writing. Through the writing process, students refine topics: develop and support ideas; investigate, evaluate, and incorporate appropriate resources; edit for effective style and usage; and determine appropriate approaches for a variety of contexts, audiences, and purposes. Writing activities will include exposition and argumentation with at least one researched essay.

English 112 – College Composition II-Associate Degree Program
   Semester Credit Hours: 3
   Class Hours: 45
English 112-College Composition II continues to develop College writing with increased emphasis on critical essays, argumentation, and research, developing these competencies through the examination of a range of texts about the human experience. Requires students to locate, evaluate, integrate, and document sources and effectively edit for style and usage.
Health 141: Introduction to Medical Terminology – Associate Degree Program
Semester Credit Hours: 2
Class Hours: 30
Health 141 – Introduction to Medical Terminology focuses on medical terminology for students preparing for careers in the health professions.

Health 230 — Principles of Nutrition and Human Development - Associate Degree Program
Semester Credit Hours: 3
Class Hours: 45
Health 230–Principles of Nutrition and Human Development teaches the relationship between nutrition and human development. Emphasizes nutrients, balanced diet, weight control, and the nutritional needs of an individual.

Psychology 200 — Principles of Psychology –Associate Degree Program
Semester Credit Hours: 3
Class Hours: 45
Psychology 200–Principles of Psychology surveys the basic concepts of psychology. Covers the scientific study of behavior, behavioral research methods and analysis, and theoretical interpretations. Includes topics such as physiological mechanisms, sensation/perception, motivation, learning, personality, psychopathology, therapy and social psychology.

Psychology 230 — Developmental Psychology - Associate Degree & Practical Nursing Programs
Semester Credit Hours: 3
Class Hours: 45
Psychology 230–Developmental Psychology studies the development of the individual from conception to death. Follows a life-span perspective on the developmental tasks of the person’s physical, cognitive and psycho-social growth.

Student Development 100 – College Success Skills – Associate Degree in Nursing
Semester Credit Hours: 1
Class Hours: 15
Student Development 100 – College Success Skills assists students in transition to colleges. Provides overviews of college policies, procedures, and curricular offerings. Encourages contacts with other students and staff. Assists students toward college success through information regarding effective study habits, career and academic planning, and other college resources available to students. Includes instruction in networked information resources and in the use of telecommunication software. May include English and math placement testing. Strongly recommended for beginning students.

MTH XXX or 155 - Statistical Reasoning - Registered Nurse to Bachelor of Science in Nursing
Semester Credit Hours: 3
Class Hours: 45
Provides elementary statistical methods and concepts including visual data presentation, descriptive statistics, probability, estimation, hypothesis testing, correlation and linear
regression. Emphasis is placed on the development of statistical thinking, simulation, and the use of statistical software.

ACADEMIC LOAD

Students may complete required College courses prior to the scheduled time. The minimum fulltime load is twelve credit hours. Students taking nine credit hours are considered three-quarter time and those with six credit hours are half-time.

**Registered Nurse to Bachelor of Science in Nursing program**

The academic load for students in this program is equivalent to twelve (12) credit hours to (15) credit hours per term. Prerequisite, co-requisite, and proficiency credits equal to eighty-one (81) credit hours.

**Associate Degree in Nursing program**

The academic load for students ranges from twelve (12) credit hours to fifteen (15) credit hours per term. Prerequisite courses are comprised of thirteen (13) credit hours.

**Practical Nursing program**

The academic load for students ranges from twelve (12) credit hours to fifteen (15) credit hours per term.

**Nurse Education program**

The academic load for students is equivalent to 130 clock hours per cohort.

The typical College week is Monday through Friday; however, planned clinical laboratory experiences may occur on weekends. Evening and night clinical laboratory experiences may be necessary to meet the course outcomes and to afford the best learning opportunities for the student.
ACADEMIC GRADING

When nursing courses have a theory and clinical component, both must be satisfactorily completed before credit can be given.

Academic Grading Scale
Registered Nurses to Bachelor of Science in Nursing, Associate Degree in Nursing, Practical Nursing, and Nurse Aide Education programs

Letter grades are assigned to completed courses according to the following scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>94-100</td>
<td>4</td>

</tbody>
</table>

The withdraw definitions below are applied to all programs:

- **I**  Incomplete
- **W**  Withdraw without grade penalty (withdraw by date on academic calendar)
- **WP** Withdraw passing
- **WF** Withdraw failing

Credit Hours
Credit hours are assigned to courses according to the following methodology of conversion:

Semester (16 weeks-R.N.-B.S.N., normally 16 weeks-A.D.N./P.N.):

**R.N-B.S.N. Program**
- 1 class hour per week 1 semester credit hour
- 2 lab hours per week 1 semester credit hour
- 3 practicum hours per week 1 semester credit hour

**A.D.N./P.N. Programs**
- 15 class hours 1 semester credit hour
- 30 lab hours 1 semester credit hour
- 45 clinical lab hours 1 semester credit hour

**Nurse Aide Education Program**
- 15 class hours 1 semester credit hour
- 30 lab hours 1 semester credit hour
- 45 clinical lab hours 1 semester credit hour
**Grade Point Average**
Each semester for the R.N-B.S.N., A.D.N., and P.N. programs, the grade point average will be computed as follows:

\[
\frac{\text{Number of grade points for term}}{\text{Number of credit hours taken in term}} = \text{Grade Point Average for term}
\]

\[
\frac{\text{Total number of grade points earned}}{\text{Total number of credit hours taken}} = \text{Cumulative Grade Point Average}
\]

**Honor Roll**
Students having a grade point average of 3.5 or above for the term will have their name listed on the Honor Roll.
**CLINICAL GRADING (A.D.N. & P.N. programs)**

Students must provide safe and competent care within the clinical setting to successfully pass the clinical portion of a nursing course. Clinical grading is based on the achievement of course student learning outcomes and six designated competencies: Safety, Communication, Professionalism, Patient-Centered Care, Teamwork/Collaboration, and Quality Improvement/Evidence-Based Care.

**Safety:** Safely performs all nursing interventions within the health care micro system, utilizing evidence-based knowledge.

**Communication:** Utilizes effective and therapeutic communication skills and information management tools with patients, families and other members of the health care team.

**Professionalism:** Demonstrates personal accountability and practices within ethical, legal, and regulatory frameworks of nursing and standards of professional practice.

**Patient-Centered Care:** Uses critical thinking and clinical reasoning to make clinical judgments and management decisions to ensure accurate and safe care when implementing all step of the nursing process.

**Teamwork/Collaboration:** Demonstrates an awareness of the need for teamwork and collaboration in organizing and providing excellent patient care in hospital and community health care settings.

**Quality Improvement/Evidence-Based Care:** Plans and implements care and patient teaching based on current practice, quality indicators, and cost containment strategies.

Students are responsible for bringing a Skills Checklist to clinical for validation of experiences and competencies. Students will be evaluated on a weekly basis in the varied clinical experiences. Faculty supervising clinical experiences will complete a weekly clinical rubric form for each student and will share the feedback with the student, along with feedback needed to improve clinical performance.

A Final Clinical Evaluation will be completed on each student which reflects the overall clinical performance in the six designated clinical competencies. Students will complete the form with self-evaluation comments and submit the form to course faculty. Final clinical grades will be Excellent, Satisfactory or Unsatisfactory.

**Clinical Warning/Clinical Failure**

Students that are at risk for unsuccessful clinical performance will be identified as follows:
1. The following behaviors will result in an immediate clinical warning and/or course failure:
   - Breach of patient confidentiality
   - Failure to use two patient identifiers
   - Dishonesty (such as falsification of documentation)
   - Endangering the safety of the patient

2. At the discretion of faculty, competency areas on the clinical rubric noted as unsatisfactory may result in a clinical warning, immediate unexcused dismissal from clinical and/or course failure.

3. Additional guidelines for determining problems in clinical performance:
   a. Unsatisfactory in a clinical competency:
      - If Unsatisfactory in one clinical competency, the student will receive an unsatisfactory for the week and will have a conference with faculty concerning the need for improvement.
      - If the student receives another Unsatisfactory in the same competency within the semester, the student will receive a clinical warning (or week for the Nurse Aide Education program).
      - The student must progress to a Satisfactory rating within two weeks and sustain for the rest of the semester (or program for the Nurse Aide Education program).
      - If the student receives an Unsatisfactory in two/or more competencies, this will result in a clinical warning.
      - The student must progress to a Satisfactory rating in all competencies within two weeks and sustain for the rest of the semester (or program for the Nurse Aide Education program).
   b. Needs Improvement in a clinical competency:
      - A student, who receives a Needs Improvement in any competency, must improve to a Satisfactory within two weeks or will receive a clinical warning.

4. A clinical warning may be given at any time the student is not progressing satisfactorily. Notification, in writing, will include weaknesses and definitive suggestions for improvement.

5. If the student does not achieve a Satisfactory rating in all six clinical competencies by the end of the semester (or 22 skills for the Nurse Aide Education program by the end of the course) this may result in a clinical failure for the course.

**CLINICAL GRADING (Nurse Aide Education program)**

Students must provide safe and competent care within the clinical setting to successfully pass the clinical portion of the nurse aide course. Clinical grading is based on the achievement of
course student learning outcomes and six designated competencies: Safety, Communication, Professionalism, Patient-Centered Care, Teamwork/Collaboration, and Quality Improvement/ Evidence-Based Care.

**Safety:** Safely performs all nursing interventions within the health care micro system, utilizing evidence-based knowledge.

**Communication:** Utilizes effective and therapeutic communication skills and information management tools with patients, families and other health care members.

**Professionalism:** Demonstrates personal accountability and practices within ethical, legal, and regulatory frameworks of nursing and standards of professional practice.

**Patient-Centered Care:** Uses critical thinking and clinical reasoning to make clinical judgments and management decisions to ensure accurate and safe.

**Teamwork/Collaboration:** Demonstrates an awareness of the need for teamwork and collaboration in organizing and providing excellent patient care in hospital and community health care settings.

**Quality Improvement/ Evidence-Based Care:** Plans and implements care and patient teaching based on current practice.

A Final Clinical Evaluation will be completed on each student which reflects the overall clinical performance in the six designated clinical competencies. Students will complete the form with self-evaluation comments and submit the form to course faculty. Final clinical grades will be Excellent, Satisfactory or Unsatisfactory.

1. If the student does not achieve a satisfactory rating in all six clinical competencies or the 22 skills for the Nurse Aide Program, this may result in a clinical failure for the program.

2. A clinical warning may be given at any time the student is not progressing satisfactorily. Notification, in writing, will include weaknesses and definitive suggestions for improvement.
GRADE REQUIREMENTS- All Programs

All courses must be completed with a final course grade of “C” (80%) or better. Nursing courses having a clinical component must be completed with a course grade of “C” and a clinical grade of “satisfactory.” A student receiving a grade of “unsatisfactory” in the clinical portion of a course will receive a grade of “F” for that course. Students may repeat only one failed nursing course. **Failure of any two nursing courses will result in dismissal from the program.**

Permission to repeat a failed nursing course is not automatic. Previous academic and clinical records, as well as available space in the course, will be used in determining readmission. If a student repeats a failed nursing course, the grade of the repeated course will replace the previous grade on the official transcript. Students in the Nurse Aide Education program will be required to reapply for admission to repeat the program if unsatisfactory in any of the didactic, clinical, or skills lab content.

Credit hours for courses receiving a failing grade (less than “C”) will be counted in the student’s attempted credits, although the courses cannot be counted in earned credits until the student has received a satisfactory grade replacement in the course. If the student fails to meet the SAP for % of attempted courses completed due to the failing grade, the recording of a successful completion grade in the current term which brings a student’s % of attempted courses completed up to the SAP standard will restore financial aid eligibility.

ISSUING OF GRADES

Final course grades are accessible on the LMS one week following the end of the term. Transcripts will be mailed to the address on file unless otherwise requested by the student.

PRECEPTORSHIP GUIDELINES

The Centra College Preceptorship is a Student Nurse requirement during the final semester of the ADN and PN Program. This is designed to prepare the student for transition from Student Nurse to Graduate Nurse while developing increasing competence and confidence within the clinical area.

- Preceptorship is an approved portion of the final semester in the ADN and PN curriculum that is guided by the program outcomes and student learning outcomes.
- The Preceptorship is coordinated by the Lead Faculty of the final semester of the ADN and PN Program. This individual is responsible for implementation, periodic monitoring, and evaluation.
- Faculty and Adjunct Faculty may be assigned to collaborate with the Lead Faculty for periodic monitoring and evaluation.
- The Clinical Student Engagement Coordinator will provide the Lead Faculty with a list of available Preceptors. The Lead Faculty will assign students to an appropriate Preceptor.
- The Preceptor provided to the Student Nurse is licensed at or above the level for which the student is preparing.
- Faculty, Preceptors, and Student Nurses must be provided an orientation to the Preceptorship.
• Open communication between Faculty, Preceptor, and Student Nurse must occur throughout the Preceptorship.
• The required hours of the Preceptorship is completed during a specific schedule of time with an expected completion date.
• The Student Nurse must be supervised by the Preceptor when providing direct care to patients.
• The Student Nurse must follow Centra College Dress Code while completing hours with Preceptor. This includes wearing Centra College badge to identify them as Student Nurse.
• The Student Nurse must only function in the Student Nurse role following the Centra College Student Handbook. They may not be used to provide labor or as a replacement for a permanent employee while working with their Preceptor.

**Outside Facility - Clinical/Practicum Leadership Experience**

Before attending a clinical/practicum experience at an Outside Facility, students must demonstrate competence and successfully complete all requirements for previous courses prior to participating in their clinical/practicum experience:

The Outside Facility is defined as any facility not directly associated with Centra Health and/or any facility where a contract is required between the Centra College and the facility.

• All students are scheduled for an Outside Facility clinical/practicum leadership experience by the Clinical and Lab Coordinator or Academic Director for RN – BSN Program.
• Prior to being allowed to attend clinical/practicum leadership experience students must complete and maintain all Centra College clinical requirements (i.e., immunizations, CPR)
• Before beginning the clinical/practicum leadership experience in a particular facility or agency, students must complete the clinical facility or agency student orientation requirements.
  • May include such things as attending an orientation class or session, completing a learning module or packet and turning it into the facility, or completing an online orientation module.
  • Students who do not meet facility or agency student orientation requirements are not allowed to attend the clinical/practicum leadership experience for that course or begin hours for clinical/practicum experience.
• The length of the clinical/practicum leadership experience varies by program.
• Students are responsible for arranging personal schedules, including childcare and employment, to ensure participation in the clinical/practicum experience.
• Student are responsible for personal transportation and accommodation during their clinical/practicum leadership experience.
• Students are responsible for getting a new background check and urine drug screen according to the Outside Facility requirements for their clinical/practicum leadership experience at another facility other than Centra Health by a date specified by the Clinical and Lab Coordinator, if applicable by the requested facility.
• You must contact the Centra College Students Record Coordinator for the background check and drug screen information. There is a $60.00 fee to the student to complete this, and must be paid in advance.
• Students are required to adhere to the policies of the facilities where they engage in clinical/practicum leadership experiences.
• Please see the attached Outside Facility Clinical/Practicum Request Form for application to complete your clinical/practicum leadership experience at an Outside facility.
Outside Facility - Clinical/Practicum Request Form

Student Name: ______________________________ Program of Study: ______________________________
Requested Outside Facility: ________________________________________________________________
(Please note that requested outside facility will not always be available)
Requested Area of Clinical/Practicum Leadership Experience (Please provide the top 3 areas if applicable):
1. _______________________________
2. _______________________________
3. _______________________________

☐ I have reviewed the Outside Facility Clinical/Practicum Leadership Experience policy and agree to the terms and conditions as listed.
☐ I agree and understand that an Outside Facility may request a review/audit of my records, for example; background check, drug screen, immunization records, and any other documentation that may be required by the outside facility.
☐ I agree to adhere to the Centra College dress code.

For students who are employed at Requested Outside Facility

☐ I am currently an employee of Requested Outside Facility, and have completed the system orientations, and am current on any required in-services. Employee ID: ___________________________
☐ I understand that if I am an employee of the requested outside facility as well as a student at Centra College, I am not authorized to and am strictly precluded from performing clinical tasks as an employee that is outside of my skill and experience in my student role. For example, if I am employed by Requested Outside Facility as a nursing assistant, I am not authorized to and strictly precluded from performing student nurse tasks or assignments when not in the student nurse role.

Student Signature: _________________________________________ Date: _____________________
Academic Director Signature: ________________________________ Date: _____________________
ATTENDANCE

The student is expected to attend all classroom, laboratory and clinical experiences to take advantage of all learning opportunities. Appointments, work, or other personal experiences are not to be scheduled during these times. Any pre-arranged appointments that will interfere with the class schedule must be rescheduled.

In the event of a class absence, the student is responsible for all missed content and assignments. It is not the responsibility of students who attend class to copy or collect notes for those who are absent. Students must notify the instructor prior to a missed test or exam. Students must notify the instructor for any missed class day in advance for the Nurse Aide Education program. It is mandated by the Virginia Board of Nursing that Nurse Aide students have 130 hours of training, with at least 40 of those hours in a clinical setting providing direct client care. Absenteeism during testing is discussed in the Testing Policy found in the Student Handbook.

Absences will be recorded and reported on the final transcript and on reference forms for employment. Tardiness* to class or leaving early will be included in absent time. Any absence for more than 3 consecutive days will require a note from a physician.

Clinical Absences
Each student is required to have a minimum of 500 clinical hours (A.D.N.) and 400 clinical hours (P.N.) in order to apply for a license to practice as a registered or practical nurse in the state of Virginia. A minimum of 40 clinical hours are required to apply for licensure as a certified nursing assistant in Virginia. Cumulative absences throughout the curriculum can interfere with obtaining these minimum hours.

Clinical absences jeopardize the student’s ability to achieve the course objectives/outcomes and thus successfully complete the clinical course. Therefore, if at any time the student’s clinical absences are greater than 15% of the scheduled clinical hours for any given course, the student will be required to meet with the instructor and may be withdrawn from the course.

Clinical makeup time is at the discretion of individual course instructors.

Any tardiness to clinical areas will require a phone notification to the facility and/or the supervising instructor. Any instance where a student is sent home from clinical due to poor clinical preparation or tardiness will be counted as a clinical absence.

The Nurse Aide Education program is an intense 5 weeks; thus, it is encouraged to not miss any days. One excused absence providing a doctor’s note is allowed, however if there will be more than 1 day missed, the student will need to drop out and reapply for the next scheduled class. There are only 2 make-up days per 5-week rotation to provide for such absences.

* Tardiness is defined as arriving after the scheduled time.
DISCIPLINARY CONCERNS

The primary instructor will be required to submit disciplinary documentation in the following:

▪ First occurrence- verbal counseling with written documentation
▪ Second occurrence-written warning
▪ Third occurrence-involuntary dismissal from the program

Any form of disciplinary documentation must be reviewed and signed by the student before being placed in the student file.

Students may be given warnings for the following infractions:

▪ Absence, Non-Excused
▪ Abuse of Rest Periods (breaks) policies
▪ Conducting unauthorized private enterprises on premises (solicitation, selling, or distribution while in class or fulfilling requirements of the program)
▪ Disregard of Policies and/or Procedures
▪ Disregard of Class Rules and Expectations
▪ Disregard of Dress Code, Personal Appearance or Hygiene
▪ Tardiness
▪ Negligence or actions detrimental to the welfare of a patient or others
▪ Multiple parking violations on Centra property
▪ Use of tobacco on Centra property
▪ Violation of safety, fire and disaster rules and regulations
▪ Unsatisfactory performance
▪ Did not meet pre-screening requirements
▪ Unprofessional or disrespectful behavior, including use of foul language
▪ Use of cell phones or texting during class, lab or clinical
▪ Other actions contrary to the best interest of the Program

Students may be given warnings for reasons not limited to the list above. All disciplinary actions will be noted on the Disciplinary Action form and shall remain in the students’ file.

Disciplinary actions will be handled by the Director for the Program and/or the Nurse Aide Program Coordinator when applicable and may result in a warning or involuntary dismissal from the Program.
ESSENTIAL QUALIFICATIONS FOR STUDENT ADMISSION, CONTINUATION AND GRADUATION

In order to be admitted to Centra College and to progress through the curriculum, students must possess the functional ability to perform the duties required of a nurse. Admission and progression may be denied if a student is unable to demonstrate the below essential qualifications with or without reasonable accommodations. This list of essential qualifications, adopted by American Association of Colleges of Nursing, is delineated below and is necessary for Centra College’s admission, progression and graduation and for the provision of safe and effective nursing care. The nursing program reserves the right to amend the essential qualifications as deemed necessary. The essential qualifications include but are not limited to:

Sensory Perception:

<table>
<thead>
<tr>
<th>Essential Qualifications</th>
<th>Behaviors</th>
</tr>
</thead>
<tbody>
<tr>
<td>Visual:</td>
<td>• Observe and discern subtle changes in physical conditions and the environment</td>
</tr>
<tr>
<td></td>
<td>• Visualize different color spectrums and color changes</td>
</tr>
<tr>
<td></td>
<td>• Read fine print in varying levels of light</td>
</tr>
<tr>
<td></td>
<td>• Read for prolonged periods of time</td>
</tr>
<tr>
<td></td>
<td>• Read cursive writing</td>
</tr>
<tr>

</tr>
<tr>
<td>• Demonstrate emotional stability sufficient to assume responsibility/accountability for actions</td>
</tr>
</tbody>
</table>
- Handle multiple tasks concurrently
- Perform safe, effective nursing care for patients/clients in a caring context
- Understand and follow the policies and procedures of the College and clinical agencies
- Understand the consequences of violating the student code of conduct
- Understand that posing a direct threat to self or others is unacceptable and subjects one to discipline
- Meet qualifications for licensure by examination as stipulated by the Virginia Board of Nursing
- Function effectively in situations of uncertainty and stress inherent in providing nursing care
- Adapt to changing environments and situations
- Perform multiple responsibilities concurrently
- Handle strong emotion
SATISFACTORY ACADEMIC PROGRESS (SAP) (Applicable to R.N-B.S.N., A.D.N., and P.N. programs)

Satisfactory academic progress must be maintained by all students, including financial aid recipients, in Centra College. Students’ progress is measured quantitatively (time frame) and qualitatively (grade). SAP is verified at the end of each semester. Failure to meet any of the three (3) standards of SAP will result in the student being placed on academic/financial aid probation.

Title IV funds can be awarded for the following term allowing the student to attain SAP during that term. A student on financial aid probation for a payment period may not receive Title IV funds for the subsequent payment period unless the student makes satisfactory academic progress. The student will receive written notification of academic/financial aid probation. The student may not appeal the decision regarding inability to receive Title IV funds.

The following standards are used for verification of satisfactory academic progress:

1. **Cumulative grade point average (GPA)**
   Students must maintain a cumulative GPA of 2.0. If the GPA falls below a 2.0 for any term the student will be placed on academic/financial aid probation for that term. If the cumulative GPA is less than 2.0 for the subsequent term the student will be dismissed from the program. Failure of any two nursing courses will result in dismissal from the program and is not subject to appeal.

2. **Percentage of attempted courses completed**
   Students must successfully complete 67% of credits attempted (cumulative). If at any time the student does not achieve the 67% the student will be placed on academic/financial aid probation for that term. If the percentage of credits completed during the probation period does not meet the cumulative 67%, the student will be dismissed from the program. Grades of D, F, Unsatisfactory (U), Withdrawn (W), Withdrawn Failing (WF), Withdrawn Passing (WP) or Incomplete (I) are not counted as successful completion of credits.

3. **Maximum allowable time frame for program completion**
   Students must complete all academic requirements within 150% of the published length of the program. For financial aid purposes, the length of the program begins with admission to the program of nursing. Transfer credits accepted towards completion of the program and credits attempted while enrolled at the College will count toward the 150% of the program length. Students who complete the program within the maximum number of credits will receive a degree (BSN or A.D.N.) or certificate (P.N.). Should a student exceed 150% of the program credits, the student is ineligible for financial aid.

Note: A combination of withdrawals (even withdrawal passing) and/or failures that would delay a students progress in the program more that one semester will
result in dismissal in the program. Students can not exceed 150% of the program for completion.

**Summary:** Federal regulations require financial aid recipients to progress toward the completion of a degree or certificate program. A periodic review of academic progress is also required to ensure that minimum academic standards are being met for continued aid eligibility. Students receiving federal aid must meet with an academic advisor to establish an academic plan and must select appropriate courses that lead to the successful completion of their degree or certificate program.

Qualitative and quantitative standards are used to judge a student’s academic progress. This evaluation must be cumulative and must include all periods of the student’s enrollment, even periods in which the student did not receive federal financial aid. So that transfer students are not given more time than other students in meeting satisfactory academic progress standards, credits completed at their institutions must also be counted in the total number of credit hours earned. In accordance with federal regulations, Centra College uses the cumulative grade point average as a qualitative measure. In addition, quantitative measures include the percent of credits completed and the maximum number of allowable credit hours required to complete a degree or certificate program.

**Student Responsibilities:** recipients of federal funds (Pell Grant, and Direct Loans) have a responsibility to maintain the minimum standards of satisfactory academic progress as shown in the chart below. Failure to meet these standards will have consequences that may affect financial aid eligibility. Students are encouraged to speak with a Financial Aid and Enrollment Manager regarding questions about this policy.

**Probation**: A student may receive federal financial aid on a probationary basis during their next enrollment period if they:

- Began a semester in good standing but failed to complete the minimum academic standards as stated above. Students will be notified via the LMS, outlining the conditions of their probationary period. Students will be required to complete all credit hours funded while maintaining a cumulative 2.0 grade point average.
INCOMPLETE GRADE

A grade of Incomplete can only be given for the reason of illness or extenuating circumstances which are acceptable to the course instructor. A student receiving a grade of Incomplete must arrange with the instructor to satisfactorily meet the course outcomes. If an incomplete is not removed by the end of the next term in which the course is offered, it will automatically become an “F.”

Credit hours for courses receiving a grade of Incomplete will be counted in the student’s attempted credits, although the courses cannot be counted in earned credits until the student has received a satisfactory final grade in the course. If the student fails to meet the SAP for % of attempted courses completed due to the grade of Incomplete, the recording of a successful completion grade within a term which brings a student’s % of attempted courses completed up to the SAP standard will restore financial aid eligibility for the current term.

NON-PUNITIVE / REPEATED COURSES

Centra College does not award proficiency credits or non-punitive (pass/fail) grades. The College does not offer non-credit or remedial courses. The effect of incomplete or withdrawal, or failing grades on the SAP is: Students must successfully complete 67% of credits attempted (cumulative). If at any time the student does not achieve the 67% the student will be placed on academic/financial aid probation for that term. If the percentage of credits completed during the probation period does not meet the cumulative 67%, the student will be dismissed from the program. Grades of D, F, Unsatisfactory (U), Withdrawn (W), Withdrawn Failing (WF), Withdrawn Passing (WP) or Incomplete (I) are not counted as successful completion of credits.

If a course is repeated following a course failure, the failed attempt will not count as successful completion of credits. Once the course is successfully completed; the successful attempt will be counted as successful completion of credits. Centra College has a grade forgiveness policy for the first attempt. The initial attempt and grade are voided, therefore, the student’s GPA or SAP is not affected until the course is repeated and the repeated course grade is posted. Transfer credits accepted towards completion of the program and credits attempted while enrolled at the College will count toward the 150% of the program length.
LEAVE OF ABSENCE (R.N-B.S.N., A.D.N., and P.N. programs)

Students who wish to leave the College for a semester, after which they intend to return, should take a leave of absence. The leave of absence allows the student the opportunity to submit a written request of intent to return the next semester. If a leave of absence is taken while a student is currently enrolled in classes, that semester is considered to be one semester of the leave.

The granting of a leave of absence guarantees readmission to the course in which the student is enrolled when applying for a leave and permits the student to graduate by complying with the program requirements in effect when the leave is taken.

The date of leave is the date when the student notifies College Administration of an intention to take a leave of absence.

Students taking a leave of absence will meet with the Financial Aid/Enrollment Manager prior to the leave to determine the implications of that leave. Before being granted approval for withdrawal or leave of absence, all students who are federal loan recipients are required to be counseled by the Financial Aid/Enrollment Manager to discuss the consequences of their changed status on loan programs. Any questions about individual cases should be directed to the Financial Aid/Enrollment Manager.

LEAVE OF ABSENCE (Nurse Aide Education program)

Students who wish to not complete the Centra Nurse Aide Education Program within the 5-week program time-frame and they intend to return, would be required to take a leave of absence. The leave of absence allows the student the opportunity to submit a written request of intent to return.

Types of Leave:
1. **Regular leave of absence** -- A standard leave of absence may be granted for one semester to students who wish to interrupt their studies at Centra College. An appointment should be made with the Academic Director for the appropriate nursing program for an exit interview and to provide written documentation of a request for leave of absence.

   If the student is enrolled in classes, taking a leave of absence by the withdrawal deadline date published in the academic calendar results in grades of W (withdrawn). Taking a regular leave of absence after the last date to withdraw as published in the academic calendar results in grades of WP or WF.

2. **Medical leave of absence** -- Students who must leave the College because of medical or psychological conditions that necessitate their absence may request a medical leave of absence. Documentation of the serious nature of the medical condition
must be provided to the Student Health Nurse and Academic Director for the appropriate nursing program. Approval must be given by the Student Health Nurse and Academic Director for the appropriate nursing program.

When a medical leave of absence is granted during the course of the semester, the course grade is normally a W (withdrawn) in all courses unless the student initiates and receives appropriate approval for an incomplete (I). Students have a maximum of one semester after their return to remove a grade of I.

A student must apply for readmission through the Academic Director for the appropriate nursing program in order to return from a medical leave of absence. Documentation must be submitted to the student health nurse indicating that the medical or psychological condition has been remedied and that the student is capable of resuming study at the College. All information submitted becomes part of the student’s health record and will remain confidential. Students on medical leave are not eligible to register for courses until approved to return from medical leave. On return to the program, placement of the student in the curriculum will be determined by recommendation from the Admission, Retention, and Progression Committee.

3. Emergency leave of absence -- Students who must leave the College on urgent personal grounds, such as death or a serious illness in the immediate family, may request an emergency leave of absence. Documentation of the serious nature of the emergency must be provided.

When an emergency leave of absence is granted during the course of the semester, the course grade is normally a W (withdrawn) unless the student initiates and receives appropriate approval for an incomplete (I). Students have a maximum of one semester after their return to remove a grade of I.

**FAILURE TO RETURN FROM LEAVE OF ABSCENCE (R.N.-B.S.N., A.D.N., and P.N. programs)**

Students on any type of leave of absence who decide not to return to Centra College should contact the Academic Director for the appropriate nursing program with written request for a regular withdrawal. The advance deposit is nonrefundable. The date of separation for the leave of absence will be used as the date of separation for the withdrawal.

Students who do not return (1) after a regular leave of absence period or (2) who do not return after an emergency leave of absence and do not apply for a regular withdrawal will be administratively withdrawn. The last day of attendance will be considered the date the leave of absence began. Students on a regular or administrative withdrawal are required to reapply in order to return to the College. In such instances, there is no guarantee of readmission.
Due to the rapid pace and rigor of the program, students who do not return after a medical leave of absence period exceeding 12 months will be administratively withdrawn.

**FAILURE TO RETURN FROM LEAVE OF ABSENCE (Nurse Aide Education program)**

Students have six months to return and complete the program after a leave of absence (if the student has signed an employment agreement, Human Resource policies would apply). Otherwise, the student will be required to submit a complete application and pay necessary fees.
Military Service

“This institution is approved to offer GI Bill ® educational benefits by the Virginia State Approving Agency”

“The Virginia State Approving Agency (SAA), is the approving authority of education and training programs for Virginia. This office investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact their office via e-mail at saa@dvs.virginia.gov.”

VETERANS LEAVE OF ABSENCE, WITHDRAWAL, READMISSION POLICY, AND DEFERRAL OF ENROLLMENT
The College adheres to the Higher Education Opportunity Act of 2008 regarding veterans’ leave of absence, withdrawal, deferral and readmission policies. If a student is planning a military leave, he or she must give advance written or verbal notice of the military service to the Dean’s office, unless such notice is precluded by military necessity. If a student is forced to withdraw from enrolled courses due to military service, the student will be given an “incomplete” in the enrolled courses as a pending grade. The student will have approximately five (5) years to return and complete the “incomplete” courses. To be readmitted (reinstatement) after a military hiatus, the student must give notice (written or verbal) of his or her intent to re-enroll to the Dean’s office no later than three (3) years after the completion of the period of service. If the student is recovering from a service-related injury or illness, the student must notify the College no later than two (2) years after recovery. Students may contact the Dean’s office for more information. Students will not need to re-qualify for admission upon reinstatement into pending courses. Students will be provided counseling by the Academic Director of the program to determine the impact of absence from the program. Students will be provided options to resume study in the pending courses, start the program completely over from the beginning of the curriculum, or in the event the program is no longer available, other options may be advised to the student on further enrollment. In the event a prospective student was admitted into a selected program, but did not begin attendance due to military service, may be allowed to defer enrollment into the selected program upon return from military service without the need to re-qualify through the admissions process.

VETERANS EDUCATION ASSISTANCE – DELAYED PAYMENT
Any individual who is entitled to educational assistance under chapter 30, Montgomery GI Bill, chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill benefits must provide a certificate of eligibility for entitlement to education assistance no later than their first day of a course education. A certificate of eligibility can also include a statement of benefits obtained from the Department of Veterans Affairs’ website - eBenefits or VAF28-1905 form for chapter 31 authorization purposes. Alongside the certificate of eligibility must be a written request to use the entitlement. Centra College ensures that there will be no penalty or
late fees, denial of access to classes, libraries, or other institutional facilities, nor will Centra College require a covered student borrow additional funds, or any covered individual because of the individual’s inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 30, 31 or 33. Finally, students are only charged in-state tuition costs along with their 15% military discount.
WITHDRAWAL FROM COURSE(S)

Students who wish to leave Centra College and do not wish to return should withdraw officially from the College. A student who is contemplating leaving the College for any reason is required to meet with the Financial Aid and Enrollment Manager before beginning the withdrawal process. If the student decides to withdraw from the College, he/she is required to submit written notice and attend an exit interview with the Academic Director for the appropriate nursing program. Students who withdraw from a course by the official date to withdraw without grade penalty (see Academic Calendar) will be awarded a grade of “W.” There is no grade penalty for a grade of “W.” A student withdrawing after that date will be classified as withdraw passing (WP) or withdraw failing (WF) depending upon the course grade at the time of withdrawal.

A student will be determined to be withdrawn from the College if the student misses five (5) consecutive class or clinical days having had no contact with faculty or administration. The withdrawal date will be the last date the student participated in scheduled College activities.

The credit hours for a course from which a student has voluntarily or involuntarily withdrawn after the “withdraw without grade penalty date” or with a “WP” or “WF”, will be included in the calculation for credit hours attempted, % of attempted credit hours and maximum allowable credits for program completion.

The date of withdrawal is the date when the student notifies the Academic Director for the appropriate nursing program of an intention to withdraw or the last date the student participated in scheduled College activities. A student who has initiated but not yet completed the withdrawal process and wishes to rescind the withdrawal must notify the Academic Director for the appropriate nursing program of his or her intention to continue study at the College.

Students who wish to return to the College after a withdrawal must reapply. Readmission to the College is not guaranteed. All students who are readmitted after a withdrawal must comply with the program requirements in effect at the time of re-admittance. The College reserves the right to readmit or deny readmission based on the reason for leaving the College as well as past academic performance. All previous financial obligations to the College must have been satisfied prior to the request being made.
ADMINISTRATIVE WITHDRAWAL, DISMISSAL or TERMINATION

Students are administratively withdrawn by the College if (1) they have not paid the advance registration deposit by July 1; (2) they have not returned to the College when the approved period of leave of absence has expired and have not applied for a continuation leave or regular withdrawal; or (3) they have not returned at the time specified after academic or disciplinary action, and the period of has not been extended.

Students may be administratively dismissed from the College for the following reasons:
- failure to pay tuition
- failing a drug screening
- negative changes to background information
- mental/physical/emotional problems that interfere with judgment or college responsibilities
- and/or behaviors that are deemed inappropriate.

A student will be determined to be administratively terminated from the College if the student misses five (5) consecutive class or clinical days having had no contact with faculty or administration. The date for students who are administratively withdrawn/terminated is the last date the student participated in scheduled College activities.

Students who are administratively withdrawn/dismissed/terminated may request readmission. Readmission status will be evaluated on an individual basis.
RE-ADMISSION POLICY

R.N.-B.S.N. & A.D.N. Program

Any re-admissions following withdrawal/dismissal/termination are granted on a space available basis. Petitions for re-admission will be accepted after a one (1) year time period has elapsed. The student should notify the Academic Director for the appropriate nursing program in writing of a desire to re-enter the nursing program at Centra College. If accepted for re-admission, the student must resume nursing courses from the beginning of the curriculum with no credits for any prior coursework. Honor Code Violations that lead to dismissal will not be eligible for re-admission.

Petitions for re-admission must be made in writing to the Academic Director for the appropriate nursing program. This written request must include any extenuating circumstances, if applicable. The student desiring re-admission must meet all admission requirements set forth by Centra College at the time of their application. One nursing course failure following re-admission will result in dismissal with no future option for re-admission.

*Any R.N.-B.S.N. or A.D.N. student who is unsuccessful in two courses, will be dismissed from the program.

P.N. Program

Any re-admission following withdrawal/dismissal/termination are granted on a space available basis. Petitions for re-admission will be accepted after a one (1) year time period has elapsed. The student should notify the Academic Director in writing of a desire or intent to re-enter the Practical Nursing program at Centra College. If accepted for re-admission, the student must resume nursing courses from the beginning of the curriculum with no credits for any prior coursework. Honor Code Violations that lead to dismissal will not be eligible for re-admission.

Petitions for re-admission must be made in writing to the Academic Director for the appropriate nursing program. This written request must include any extenuating circumstances, if applicable. The student desiring re-admission must meet all admission requirements set forth by Centra College at the time of their application. One nursing course failure following re-admission will result in dismissal with no future option for re-admission.

P.N. Students: One Failure 2nd semester of Concept-Based Curriculum: Summer 2020:

P.N. students that are unsuccessful in one course in the 2nd semester courses will be able to return in spring of 2021. The student will be required to repeat the course for completion prior to progression of the 3rd semester courses of the concept-based curriculum.

*Any P.N. student who is unsuccessful in two courses, will be dismissed from the program.
A.D.N. Students Transferring in the P.N. Program

Spring 2021: Admission Policy A.D.N. Students

Students who are unsuccessful in two A.D.N. courses and plan to apply to the P.N. Program may do so by December 21, 2020.

Application process:
1. Complete application submitted for PN Program
2. One reference from a current AD nursing instructor
3. Application fee will be waived

The Administrative Team will meet over the winter break to review applicants on a case by case basis. Eligibility for admission into the P.N. Program will be determined from submission of the application and one positive reference before or on the deadline date. If accepted into the P.N. Program, the Administrative Team will determine appropriate placement within the curriculum. The Academic Director will notify the student of the decision by phone or email. If accepted into the PN Program the following will need to be turned in prior the semester start date.

1. Written action plan by the student to improve academics
2. Documentation of enrollment in tutoring services the first semester of enrollment in the program

Fall 2021: Admission Policy A.D.N. Students

Students who are unsuccessful in two A.D.N. courses and plan to apply to the P.N. Program may do so by May 31, 2021.

Application process:
1. Complete application submitted for PN Program
2. One reference from a current AD nursing instructor
3. Application fee will be waived

The Administrative Team will meet over the summer break to review applicants on a case by case basis. Eligibility for admission into the P.N. Program will be determined from submission of the application and one positive reference before or on the deadline date. If accepted into the P.N. Program, the Administrative Team will determine appropriate placement within the curriculum. The Academic Director will notify the student of the decision by phone or email. If accepted into the PN Program the following will need to be turned in prior the semester start date.

1. Written action plan by the student to improve academics
2. Documentation of enrollment in tutoring services the first semester of enrollment in the program
Nurse Aide Education Program
Nurse Aide students who fail the 5-week course in any of the didactic, clinical, or skills lab content may be accepted for re-admission after a 6-month time period has elapsed. The student should notify the Academic Director of the program in writing of a desire to re-enter the program. If accepted, the student will enter the 5-week course from the beginning the next start date the program is offered.
GRADUATION REQUIREMENTS

Registered Nurse to Bachelor of Science in Nursing program
A student who is eligible to receive the College degree must
- Complete all graduation requirements within 4 semesters of enrollment.
- Complete the curriculum by earning a cumulative grade point average of 2.0 or higher
- Satisfy all financial obligations to the College

Associate Degree in Nursing program
A student who is eligible to receive the College degree must
- Complete all graduation requirements within 6 semesters of enrollment once prerequisites are completed
- Complete the curriculum by earning a cumulative grade point average of 2.0 or higher
- Satisfy all financial obligations to the College

Practical Nursing program
A student who is eligible to receive the College certificate must
- Complete all graduation requirements within 4 semesters of enrollment
- Complete the curriculum by earning a cumulative grade point average of 2.0 or higher
- Satisfy all financial obligations to the College

Nurse Aide Education program
A student who is eligible to receive the graduation certificate must
- Complete all graduation requirements
- Complete the curriculum by earning a cumulative grade point average of 2.0 or higher
- Satisfy all financial obligations to the College

All Programs
Students with a cumulative grade point average of 3.5-3.74 will be recognized as graduating with honors. Those students with a cumulative grade point average of 3.75-4.0 will graduate with high honors.
PROGRAM COMPLETION, LICENSURE AND CAREER PLACEMENT RATES

Program completion, licensure, and career placement rates are maintained. This information is provided to applicants upon request. Written or verbal requests may be directed to the Dean.

LICENSURE ELIGIBILITY (Applicable to Associate Degree in Nursing, Practical Nursing, and Nurse Aide Education Programs Only)

Upon graduation or completion of the program, the graduate is eligible to file an application to take the examination for licensure in the state where the graduate expects to practice. Satisfactory results on the examination confers licensure and allows the nurse aide, practical nurse, or registered nurse to practice and seek licensure by endorsement in other states. Please note, curriculum regulations of the programs have been verified with Virginia, North Carolina, South Carolina, and Maryland licensure requirements.

A STUDENT MAY BE DENIED THE RIGHT TO TAKE THE LICENSING EXAMINATION IN VIRGINIA DUE TO CONVICTION OF A FELONY OR MISDEMEANOR INVOLVING MORAL TURPITUDE OR FOR OTHER REASONS CITED IN SECTION 54.1-3007 OF THE CODE OF VIRGINIA.

TRANSFER OF CREDITS FROM CENTRA COLLEGE

Disclaimer Statement:
The A.D.N. program at Centra College is a terminal occupational degree in nursing. The A.D.N. is designed for successful employment in the nursing field and generally not applicable to other degrees. The A.D.N. credits may or may not transfer to other 4-year learning institutions since the decision to accept transfer credits obtained at Centra College is determined by the accepting institution.

PROGRAM TERMINATION

Termination of an academic program requires Board of Nursing approval. In the event of a determined program closure, the Dean will be responsible for written notification to students and for providing students with a detailed teach-out agreement.
Section V:
Student Services & Standards of Behavior
BEHAVIORAL EXPECTATIONS FOR STUDENTS

The student is considered a responsible adult and is expected to behave in an appropriate manner. Guidelines and regulations governing expected conduct are developed by student representatives, faculty and administration, and are published in the Catalog/Student Handbook.

Among other things, students must comply with the below standards:

Behavioral/Emotional Conduct
- Students must possess the ability to fully utilize their intellectual abilities, to exercise good judgment, to complete all responsibilities attendant to the diagnosis and care of patients, families, etc.
- Students must be able to maintain mature, sensitive and effective relationships with patients, other students, faculty, staff and other professionals under all circumstances, including highly stressful situations.
- Students must have the ability to function effectively under stress and to adapt to an environment that may change rapidly without warning and/or in unpredictable ways.
- Students must be able to experience empathy for the situations and circumstances of others and effectively communicate that empathy.
- Students must know that their values, attitudes, beliefs, and emotional experiences affect their perceptions and relationships with others and use that knowledge in interpersonal communications.
- Students must be willing and able to examine and change their behavior when it interferes with productive individual or team relationships.
- Students must possess the skills and experience necessary for effective and harmonious relationships in diverse academic, cultural and work/study environments.
- Interpersonal conflicts, tension, and incivility will not be tolerated in any way, shape, form, or manner with other students or faculty.

Professional Conduct
- Students must be able to reason morally and practice nursing in an ethical manner.
- Students must be willing to learn and abide by the professional standards of practice defined by the discipline.
- Students must possess attributes that include compassion, empathy, altruism, integrity, honesty, responsibility, respect, accountability and tolerance.
- Students must be able to engage in patient care delivery in all settings; to deliver care to all patient populations including but not limited to children, adolescents, adults, developmentally challenged persons, medically compromised patients and vulnerable adults.

Each student has the privilege of exercising the rights of citizenship without fear of prejudice. Care has been taken to assure due process, which includes routes of appeal, if a student feels
his/her rights have been violated. Students are not subject to unfair action or treatment as the result of the initiation of a complaint.

The achievement of the educational purpose is a responsibility of all aspects of the college. A direct responsibility rests on students, faculty, and administration to maintain an environment conducive to the pursuit of educational activities, to protect the rights of others, and to assure the opportunity for personal growth and development.

Centra Hospitals, Centra College, and the Student Government Association, are opposed to student use of alcoholic beverages and unauthorized drugs. Evidence of impairment or having alcohol or unauthorized drugs on hospital premises will be reported to the Dean or Academic Director of the Program and may result in suspension or dismissal from the college. Should a student’s conduct cause the impression that he/she is under the influence of alcohol or drugs, he/she shall be so advised, and Centra College reserves the right to require breath, blood, and/or urine samples from the student.

Students have a responsibility to abide by the regulations set forth in the Catalog/Student Handbook.

**CAREER ADVISING AND PLACEMENT SERVICES**

The Academic Directors of the nursing programs are available for career advising and placement services. Centra College does not guarantee job placement upon graduation.

**FACULTY ACCESSIBILITY**

Faculty will be available six hours per week outside of instructional hours for academic or course advising. Hours will be included in the course outline and/or posted in the LMS course page.
ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Request for Testing Accommodations
Under the Americans with Disabilities Act (ADA), Centra College guarantees that no qualified individual shall by reason of disability be denied access to, participation in, or the benefits of the college. Centra College is committed to serving students with disabilities by providing appropriate accommodations in compliance with federal and state regulations. Request for accommodations for testing should be directed to the Academic Director or the Dean, and must include the following:

1. A letter of request from the student that specifies the testing accommodations being requested;

2. A written recommendation for testing accommodations from a qualified professional who is licensed or otherwise appropriately credentialed who possesses expertise in the disability for which modifications or accommodations are sought shall include the following:
   - The recommendations for testing accommodations with the stated rationale as to why this accommodation is necessary and appropriate for the individual seeking accommodations.

3. Testing and evaluation will be at the student’s expense. Centra College will provide reasonable accommodations, but it is not required to substantially alter the requirements or nature of the program or provide accommodations that inflict an undue burden on Centra College. All accommodations may not be available through the nursing programs or appropriate in nursing practice.

4. Students that have a documented reason for testing accommodations must notify the Dean/Academic Director whenever the documentation becomes available. It is the student’s responsibility to present the documents for approved accommodations to the faculty each semester.

5. An e-mail from the Academic Director or the Dean will be sent to the requesting student and their semester course instructors detailing the student’s accommodations appropriate for the college.
STUDENT HANDBOOK

This section of the catalog has been prepared to provide general information for students who are enrolled in Centra College. The Student Handbook provides information regarding matters of policy and procedure that are of general interest. All students are responsible for understanding and adhering to the policies as stated in the Student Handbook. Specific inquiries regarding matters of interpretation of policies and procedures should be directed to the Dean.
STUDENT HEALTH POLICIES

Prior to admission, the student must provide proof of having immunizations for tetanus and either documentation of positive titers or immunizations for rubella, rubeola, mumps and chickenpox; the Hepatitis B vaccine series, and a tuberculin test. Students are required to have begun the Hepatitis B vaccination series before entering. All students must receive the Hepatitis B vaccination or sign a declination statement if they are unable to receive the vaccine for medical reasons.

- Flu vaccine is recommended annually during flu season and it is the responsibility of the student. Documentation of the flu vaccine is required; students who do not receive the vaccine may be required to wear a mask when in the clinical area.
- Tuberculin tests are required annually.
- Health care coverage is the student’s responsibility. Students are encouraged to have their own family physician and have medical and hospitalization insurance.
- In case of absence, students must follow the policy as stated in the course guidelines.
- Students who sustain injuries in connection with clinical experience must report the injury immediately to his/her instructor. An Event Quality Assessment Form must be filled out and sent to Risk Management. This allows for proper confidential follow-up, assures proper lab testing, and prevents charges from being generated. If the student is exposed to a patient with Hepatitis B; i.e. needle stick, or mucous membrane contact and has to receive Immune Globulin and Hepatitis B vaccine, these will be given with the follow-up through Employee Health, at no cost to the student. Students are responsible for reporting this to the Student Health Nurse so that a notation may be made on the Student Health Record.
- If students are exposed to blood borne pathogens while in the clinical area, they will be seen in Employee Health for baseline testing, counseling, and follow-up recommendations. If the student has not had the Hepatitis B Vaccine Series, Employee Health will start the series but the completion of the series is the student’s responsibility. The administrative nursing supervisor is to be contacted for guidance in the absence of Employee Health.
- To ensure that safety precautions are observed, students suspecting pregnancy should report this information to the faculty and have the pregnancy confirmed as soon as possible. When the pregnancy is confirmed, students are encouraged to report this to the Student Health Nurse.
- Students who give birth or have any form of surgery must bring a note from their physician to the Student Health Nurse stating that the student may return to class/clinical, and any restrictions placed on the student.
- If a student is given an “I” (incomplete) in a course due to illness, a statement from the student’s physician may be required.
- If a student requests to be readmitted after withdrawing due to illness, a statement from the student’s physician may be required.
BLOOD BORNE PATHOGENS

Students receive an orientation in each course prior to going to the clinical area. The policy on blood borne pathogens will be reviewed, with specifics regarding the areas in which they will be working (i.e.: equipment availability and procedures that students in that specific area are required to observe in order to minimize the risk of exposure to themselves and others).

SMOKING POLICY

Centra has established a policy for a smoke-free environment. Smoking or the sale or use of any tobacco product will be prohibited on Centra property, including buildings, grounds, parking lots, sidewalks, vehicles, ramps and plazas. This policy will pertain to patients, visitors, guests, volunteers, staff, and students.

SUBSTANCE ABUSE

The unauthorized use, possession, distribution, or sales of drugs are serious offenses under both Federal and State law. The College upholds these laws and will not interfere with the legal prosecution of any member of the College community who violates them. The College is also supportive of considerable medical evidence that the use of drugs, except under medical supervision, may induce physical and emotional dependence, and that such use may be dangerously harmful to the user as well as seriously jeopardizing performance in the College environment. In light of these facts, the College will not tolerate the possession, sale, or use of narcotics and hallucinogenic drugs, or other controlled drugs or specific substances used for their drugging effects except when prescribed by a physician and assures violators of this policy that they will face appropriate disciplinary action which may include suspension or dismissal from the College.

The following policies and/or procedures relate to the use of controlled or specific substances used for their drugging effects:

A. The College reserves the right to refer an individual for screening for substance abuse should a faculty member have cause to question that a student is under the influence of drugs or alcohol. The following behaviors are a basis for such screening: slurred speech, inappropriate behavior such as loud or violent, lack of coordination and/or manual dexterity, alcohol odors on breath, drowsiness or sleepiness.

B. Any student who has factual evidence that another student is abusing drugs must report this immediately to the Dean, Academic Director of the program, or a faculty member. The student should try to have another witness to the evidence.

C. The faculty member making the initial assessment will notify the Dean and the Student Health Nurse immediately.

D. The individual will be required to sign a statement that he/she agrees to be tested for drugs and/or alcohol. Failure to comply will result in immediate dismissal from the College.
E. The student(s) so accused will be requested to meet with the Dean to review the evidence. If the student tests positive, he/she will be dismissed from the College. The facts will be documented, signed by the student and the Dean and placed in the student's file. Depending on the evidence and extent of the problem, action will be taken as to the individual’s future in the College community. Care will be taken to preserve the rights of the accused.

Health Risks
The health risks associated with the use of illicit drugs and the abuse of alcohol are many and varied. These substances can cause physiological as well as psychological changes in the individual who consumes them. Addiction is a disease process with physical, social, and emotional implications.

Federal Rules and Regulations
Each individual must be aware of the Federal Rules and Regulations associated with the illegal possession of a controlled substance.

Federal Penalties and Sanctions for illegal possession of a controlled substance as well as a listing of Controlled Substances - Uses and Effects follow:

Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance.
21 U.S.C. 844(a)
1st Conviction: Up to 1 year imprisonment and fined at least $1,000, or both.
After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least $2,500 or both.
After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least $5,000.

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined at least $1,000 if:

a. 1st conviction and the amount of crack possessed exceeds five (5) grams.
b. 2nd crack conviction and the amount of crack possessed exceeds three (3) grams.
c. 3rd or subsequent crack conviction and the amount of crack possessed exceeds one (1) gram.

21 U.S.C. 853 (a)(2) and 881 (a)(7)
Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment (see special sentencing provisions re: crack).

21 U.S.C. 881 (a)(4)
Forfeiture of vehicles, boats, aircraft, or any other conveyance used to transport or conceal a controlled substance.
21 U.S.C. 862 (a), (b)
Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 1 year for first offense, up to 5 years for second and subsequent offenses.

18 U.S.C. 922(g)
Ineligible to receive or purchase a firearm.

Miscellaneous
Revocation of certain Federal licenses and benefits, e.g., pilot licenses, public housing tenancy, etc., are vested within the authorities of individual Federal agencies.

Note: These are only Federal penalties and sanctions. Additional state and local penalties and sanctions may apply.

Additional Federal trafficking penalties may be viewed at:
www.usdoj.gov/dea/agency/penalties.htm

According to Virginia Code 4.1-305, the laws of Virginia prohibit persons under the age of 21 years to consume, possess or purchase or attempt to consume, possess or purchase alcoholic beverages. The penalty for violation of this code is a mandatory minimum fine of $500 or performance of 50 hours of community service, and suspension of driver’s license for not less than six months or more than one year. For a list of commonly abused drugs, visit NIDA at www.drugabuse.gov

Alcohol Abuse
Alcohol abuse differs from alcoholism in that it does not include an extremely strong craving for alcohol, loss of control over drinking, or physical dependence. Alcohol abuse is defined as a pattern of drinking that result in one or more of the following situations within a 12-month period:

- Failure to fulfill major work, school, or home responsibilities;
- Drinking in situations that are physically dangerous, such as while driving a car or operating machinery;
- Having recurring alcohol-related legal problems, such as being arrested for driving under the influence of alcohol or for physically hurting someone while drunk; and
- Continued drinking despite having ongoing relationship problems that are caused or worsened by the drinking.

Although alcohol abuse is basically different from alcoholism, many effects of alcohol abuse are also experienced by alcoholics.

What are the Signs of a Problem?
How can you tell whether you may have a drinking problem? Answering the following four questions can help you find out:
Have you ever felt you should cut down on your drinking?
Have people annoyed you by criticizing your drinking?
Have you ever felt bad or guilty about your drinking?
Have you ever had a drink first thing in the morning (as an “eye opener”) to steady your nerves or get rid of a hangover?

One “yes” answer suggests a possible alcohol problem. If you answered “yes” to more than one question, it is highly likely that a problem exists. In either case, it is important that you see your doctor or other health care provider right away to discuss your answers to these questions. He or she can help you determine whether you have a drinking problem and, if so, recommend the best course of action.

Even if you answered “no” to all of the above questions, if you encounter drinking-related problems with your job, relationships, health, or the law, you should seek professional help. The effects of alcohol abuse can be extremely serious – even fatal – both to you and to others.

Alcoholism: Getting the Facts
There are many common myths related to the use of alcohol. View the following website to learn more about these myths and facts about alcohol poisoning:

http://ww.collegedrinkingprevention.gov

**CAMPUS SECURITY**

The following policy is in compliance with the Student Right-to-Know and the Clery Act (PL101-542) and the HEA Amendments of 1992.

Title I Section 104
This section does not apply to this institution due to there being no "Athletic Related Aid" available.

Title II (PL101-542)
A. The College campus is defined as Centra College, 905 Lakeside Drive, Suite A and parking area in front of the College and Central Virginia Center for Simulation and Virtual Learning. Centra Security Officers make rounds through the defined College campus. Any report of a crime or an emergency may be reported to the Lynchburg Police Department by calling 911 or the above mentioned department at extension 3255
B. The Centra Security Department does cooperate with local, state, and Federal law enforcement agencies when violations occur, e.g., disorderly conduct, drug and alcohol abuse.
C. Entering students attend an orientation. Policies and procedures stated in the Academic Catalog & Student Handbook are covered at that time including campus security. Returning students should refer to the LMS for updates.
D. As mentioned above, students are informed during orientation about policies and procedures including information to assist them in being responsible members of the College, e.g., substance and alcohol abuse.
E. The College keeps records of any reported crimes on the campus as defined above. These crimes would include murder, manslaughter, forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, and hate crimes.
   - Students can obtain a complete copy of the annual crime report survey by contacting the Financial Aid Office at the college.
F. There is no policy concerning off-campus student organizations. This College is not aware of the existence and does not recognize any off-campus organizations.
G. The College keeps records of reported arrests on the above defined campus for liquor law violations, drug abuse violations, and weapon possessions.
H. For a statement of policy regarding the possession, use, and sale of alcoholic beverages and enforcement of state underage drinking laws and a statement of policy regarding the possession, use and sale of illegal drugs and enforcement of Federal and State Drug Laws and a description of any drug or alcohol abuse education program, refer to "Drug Screening" and "Substance Abuse," in the Catalog & Student Handbook.
I. A Sexual Assault Prevention program is provided annually and outlines procedures students should follow if sexually assaulted including whom to contact, the importance of preserving evidence, the availability of counseling services, and the disciplinary action for alleged sex
enforcement. Students are also provided with access to the Virginia State Police website concerning registered sex offenders.

J. Timely Warnings – In the event a situation arises that, in the judgment of the College Administration, constitutes an ongoing or continuing threat, a “timely warning” will be issued. The warning may be issued through mass communication through the Send Word notification system to students, faculty, and staff; notices posted on the college website; flyers posted on bulletin boards; or announcements made in class. Anyone with information warranting a timely warning should report the circumstances to the College Administration by phone at (434) 200-3070 or to hospital security at Ext. 3255 or Lynchburg Police Department by calling 911.

K. If a student is the victim of a crime and does not want to pursue action within the College’s system or the criminal justice system, he/she may still want to consider making a confidential report. With the victim’s permission, the hospital Security Department can file a report on the details of the incident without revealing the victim’s identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of the student and others. Reports filed in this manner are only counted and disclosed in the annual crime statistics for the institution.

L. The Financial Aid Office in conjunction with the Hospital Security Department prepares the Annual Campus Crime Report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the College website at www.centrahealth.com. This report is prepared in cooperation with the local law enforcement agencies surrounding our campus.

Campus crime, arrest and referral statistics include those reported to the Hospital Security Department, designated campus security authorities (including the Dean, SGA Advisor, Student Health Nurse and local law enforcement agencies). These statistics may also include crimes which were reported anonymously to counselors during confidential sessions.

Each year notification is made to all enrolled students that provide the website to access this report. Faculty and staff receive similar notification. The report is posted on the LMS and copies of the report may be obtained at the Financial Aid Office or by calling (434) 200-3070. All prospective employees may obtain a copy from the Dean or by calling the above listed phone number.

Personal Safety:
- Walk or jog with a friend, not alone
- Avoid isolated areas
- Know your limits on dates and communicate them to your partner
- Know your limits with alcohol and do not accept drinks from others
- Walk to car with keys in hand

Protection from Date Rape Drugs:
- Never leave your drink unattended. Because they are colorless and odorless, date rape drugs can be slipped into any type of beverage
- Do not accept drinks from anyone but a bartender or server
- Try to attend bars or parties with a group of friends, arranging beforehand to watch each other’s drinks
- If you think your drink has been tampered with, seek medical attention immediately and request the hospital conduct toxicology testing

**Campus Safety:**
- Tell a friend where you are going and when you will return
- Carry a whistle or noise maker; do not be afraid to scream if you need help
- Be aware of your surroundings
- Report suspicious people to administration, faculty or staff
- Notify the College administration, faculty or staff if you see someone in Centra College Building who does not belong
- Do not loiter in parking lots after campus building is closed
- Report lost or stolen badges immediately
- Secure badges at all times

**Protecting Your Property:**
- Keep your vehicle locked when it is parked and when you drive
- Consider installing anti-theft or alarm devices on your vehicle
- Do not leave textbooks, purses, book bags, or laptop computers unattended

**Sexual Assault Prevention**
Guidelines or suggestions to follow after a rape or sexual assault:
- Get to a safe place as soon as you can
- Try to preserve all physical evidence – do not wash, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action
- Contact Centra Security Department or Lynchburg Police Department. If needed, the College will assist the victim in contacting the appropriate authorities
- Talk with a counselor, who will maintain confidentiality, help explain your options, give you information, and provide emotional support. You can reach a counselor by calling the Sexual Assault Hotline at 200-7273
- Contact someone you trust to be with you and support you

It is important to seek immediate and follow-up medical attention for several reasons; first, to assess and treat any physical injuries you may have sustained; second, to determine the risk of sexually transmitted diseases or pregnancy and take preventive measures; and third, to gather evidence that could aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours.
The College Administration is responsible for disciplinary procedures following a report of rape or sexual assault involving students. Both accuser and accused are entitled to have an advisor present at all hearings and proceedings. Both parties shall be informed of the outcome of any disciplinary hearing. Possible sanctions for being found responsible include, but are not limited to, expulsion, suspension, probation, counseling, and other sanctions as deemed appropriate.

All convicted sex offenders coming to or in Virginia, including students, are required to register with the local police department for inclusion in the Virginia Sex Offender Registry. This registry may be viewed locally at the Lynchburg Police Department or accessed directly on-line at http://sex-offender.vsp.virginia.gov.
HARASSMENT

It is the policy of Centra College to maintain an environment free from any form of harassment. Harassment in any form is prohibited. Faculty, staff or students may report offensive actions to the Dean or her designee. All complaints will be promptly and thoroughly investigated. Investigations will be designed to protect the privacy of all parties concerned. Should it be determined that harassment has occurred, prompt corrective action will be taken, up to and including dismissal. Faculty, staff and students can be assured that retaliation will not occur as a result of reporting harassment.

Conduct constituting harassment includes, but is not limited to, unwelcome offensive behaviors referring to a person's race, color, religion, age, sex, national origin or ancestry, marital status, veteran’s status, genetic information, physical or mental handicap unrelated in nature and extent to an individual’s ability to be successful in an academic setting or any other prohibited factor. Threats or other forms of intimidation or retaliation against the complainant, or against any other person involved in the process described in this Policy, shall be deemed to constitute harassment, and will therefore be considered to be a separate violation of this Policy. Notwithstanding the foregoing, the following shall not constitute harassment under this Policy: speech or other actions which are protected by the Constitution or by the academic freedom rights of faculty members in connection with their instructional or research activities.

Some examples of harassment are:

1. Conduct has the purpose or effect of:
   a. unreasonably interfering with an individual's performance, or
   b. creating an intimidating, hostile, or offensive learning environment
2. Implication that submission to offensive conduct is a condition of success in learning environment.
3. Feeling that submission to, or rejection of, such conduct will be used as a basis for evaluation of learning.

Help - Contacts

The Sexual Assault Response Program (SARP)
If you are need of services regarding sexual violence:

• **Contact the 24-Hour Hotline at 888-947-7273**
• SARP have two office locations
  - 1900 Tate Springs Road, Suite 8, Lynchburg, VA 24501
  - 510 Patton Street, Room 308, Danville, VA 24540
  - Website: [www.lynchburgywca.org](http://www.lynchburgywca.org)
• **Bedford Domestic Violence Services**
  - 24-Hour Hotline at 540-587-0970
  - The location of the BDVS is confidential.
EMERGENCY NOTIFICATION

In the event of an emergency the Lynchburg Police can be accessed by calling 911. The Dean or Academic Directors will proceed with mass notification via text message and/or phone notifications.

Guidelines for an Emergency Notification
Safety in your Classrooms, Labs and Offices
If you are informed of the Emergency, protect yourself!

If the Emergency is due to severe weather or tornado warning:
• If you are outside, seek cover in the closest building.
• Stay in your classroom, room, or office if it is in the interior of the building
  OR Go to an interior hallway of the building.
• Stay away from windows, glass doors, and glass walls.
• Monitor the Web and your e-mail for updates and instructions.
• Call 911 immediately or the college office if you have any information about damage or injuries.
• Stay in your area until you receive the “all clear” message from the college office, Centra Security or emergency worker.

If the Emergency is due to an intruder: (or if an intruder has been observed)
• Go to the closest classroom, room, or office and stay there.
• Shut the door and lock it, if possible.
  AND If possible, place a desk or chair in front of the door
  AND If possible, wedge a shoe or belt under the door to prevent it from opening.
• Turn off the lights.
• Keep yourself and others in the room as quiet as possible
  AND Switch cell phones to vibrate
  AND Mute all computers, projectors, CD players, and other machines.
• Stay away from windows, glass doors, and glass walls.
• Monitor the Web and your e-mail for updates and instructions.
• Call 911 immediately or College office if you have any information about damage or injuries.
• Stay in your area until you receive the “all clear” message from the College office, Centra Security or emergency worker.
PARKING

A. Students have ample parking available at Centra College. Students are instructed to park in the spaces with white lines and leave labeled STAFF spaces for faculty and staff. In addition, students are to leave visitor spaces near the front of the building for visitors only.

B. The College accepts no responsibility for theft or damage to employees’ or students’ vehicles. Report such a matter to the local police immediately.

C. Parking in handicap spaces without the proper permit could result in a ticket issued by the City Police.

D. Students must file a Car Registration Form with the College office giving all required information.

HANDICAP FACILITIES

Centra College and the branch campus Bedford Memorial Hospital are equipped with access ramps and has bathroom facilities for the handicapped. Handicapped parking is available and is designated in the front of the building.

ENTERING AND LEAVING BUILDINGS

Students must enter Centra College through the main entrance. Students are required to use their student identification badge when entering through the lobby. The fire exits are not to be used except in the event of fire or a fire drill.
INCLEMENT WEATHER

During inclement weather conditions please refer to the following television stations for notification about closings or delays:

<table>
<thead>
<tr>
<th>Television Station</th>
<th>Link to Closings &amp; Delays Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>WSET (Channel 13)</td>
<td>WSET Closings &amp; Delays</td>
</tr>
<tr>
<td></td>
<td>First Alert Closing and</td>
</tr>
<tr>
<td></td>
<td>Cancellation System</td>
</tr>
</tbody>
</table>

The television station maintains an up-to-date list of closings and delays.

Delays are also announced on the LMS and via the SendWord alert system. Students are responsible for ensuring that the Educational Tech Specialist has the most up to date contact information.

**Impact of A Delay**
Changes in schedule will be broadcast on WSET – Channel 13, a SendWord notification will be sent and the online platform, LMS © will be updated to reflect the changes.

Day clinical may be delayed or canceled and rescheduled at the discretion of the faculty. Evening clinical and classes will be determined at a later time.

**Impact of Classes Cancelled**
Faculty has the option of posting assignments on the LMS to be completed at home to cover class material that was to be covered on the cancelled day.
ROLE OF STUDENTS IN THE EVENT OF A DISASTER

All students are responsible for being familiar with the Emergency Operations Plan (EOP) as it relates to their duties and responsibilities. The EOP provides processes for implementing specific procedures in response to a variety of disasters.

STATEMENT OF PURPOSE: The EOP describes how the organization delineates the authorities, responsibilities, and procedures to be followed by staff, volunteers and community organizations in effectively responding to an emergency situation either within the hospital or within the community or at other Centra facilities.

While being a complete and separate entity in itself, the EOP reflects the commitments made to, and given by, organizations in the community, and reflects the basic disaster planning concepts within the community.

SCOPE: This Emergency Operations Plan is applicable to both external and internal disasters. The Plan is not intended to deal specifically with every possible adverse situation; rather, it provides a basic set of guidelines to keep the hospitals and other Centra facilities functioning as smoothly as possible under all emergency circumstances while allowing flexibility in responding to a specific set of conditions. This plan is supplemented by individual departmental procedures that provide the specific actions to be taken by departmental personnel in responding to a disaster.

MANAGEMENT RESPONSIBILITY: The Chair of the Safety Committee is responsible for developing and directing the Emergency Operations Plan. Any recommendations regarding the content or format of the plan should be provided to the Safety Chairman at extension 3135. Emergency Preparedness management information and incidents are reported to the Safety Committee and included in the annual report to the governing body.

OBJECTIVES:
- To attend promptly and effectively to all individuals requiring medical attention in an emergency situation.
- To protect the patients, visitors and staff from injury.
- To protect property, facilities and equipment.
- To correlate with the overall community disaster plan.
- To outline each department's responsibilities.
- To satisfy all applicable regulatory requirements.
- To restore all services as quickly as possible.
DESCRIPTION OF THE PLAN:
The plan provides processes for implementing specific procedures in response to a variety of disasters. Emergency procedures are in place for the following events:

a. CODE SIEGE - Hostage
b. CODE ATLAS - Help required for the restraint of patient, visitor, etc.
c. CODE SILVER – Facility lockdown/Situation potentially involves an active shooter
d. CODE WHITE - Severe weather, Tornado, hurricane
e. CODE ORANGE – Hazardous material spill
f. CODE “MP” - Missing person (patient)
g. CODE BLUE - Resuscitation notification
h. PEDIATRIC CODE BLUE – Pediatric resuscitation notification
i. CODE RED – Fire
j. CODE ADAM - Possible child abduction
k. CODE “D”- External/Internal Disaster
l. CODE GRAY - Bomb Threat
m. ALL CLEAR – Clear the code

During emergency codes, common actions may be taken at Lynchburg General Hospital, Virginia Baptist Hospital and Guggenheimer Nursing Home. Emergency announcements will be made three times over the public address system and will be repeated at intervals as necessary.

Note: Outlying facilities such as Bridges Treatment Center and the ambulatory care centers have internal protocols designed to provide proper announcements of all emergency codes.

Note: For Bedford Memorial Hospital, dial 601 to announce a Code and Lynchburg General Hospital and Virginia Baptist Hospital, dial 200-5911.

Upon announcement of any code, each Department Director, or designee, will immediately take the steps outlined in their standard operating procedures to implement the Plan in their respective Department. Each Department Director, or designee, is responsible for providing periodic updates on staffing status to the Disaster Control Center.

Note: Any Code may be upgraded to a Code D if circumstances so dictate. The Administrator in Charge or Administrative Supervisor will be responsible for making that decision.

The plan provides for defining and, when appropriate, integrating the organization's role with community wide emergency preparedness efforts.

The Safety Officer for Centra is a member of the community disaster planning committee that meets regularly to coordinate and plan disaster drills for the Central Virginia region. These drills involve the emergency medical services for the city of Lynchburg and the counties of Bedford, Amherst and Campbell. All emergency medical service personnel from these localities participate in these drills on a regular basis. Other participants in these drills may also include
the Lynchburg Amateur Radio Club (L.A.R.C.), Blue Ridge Emergency Medical Services (B.R.E.M.S.), Lynchburg City Fire Department, Lynchburg Police Department, and the Lynchburg Regional Airport.

Following the completion of the drills, Centra’s representatives participate in a critique of the drills to identify areas of needed improvement. These critiques are shared with the Safety Committee. The Emergency Preparedness Plan is modified as required.

Depending on the circumstances of a Code D, the Lynchburg City Fire Department and/or Police Department may be called. The administrator in charge of the disaster will make that decision after carefully evaluating all aspects of the event.

Other emergency situations such as Code Blue, Code Atlas, etc. do not necessarily require assistance from outside resources, but the administrator in charge of the event will make that decision.

GUIDELINES:
1. A disaster is announced over the public address system.
2. Students are not to report to the hospital unless they are contacted and are requested to report.
3. Students and faculty on clinical units will remain in the assigned area and assist with activities on those units.
4. Students who are in class will remain in the classroom until dismissed by the instructor.
5. No one is to use the telephones in the College or the hospital. There are a limited number of lines into the switchboard, and these must be available for handling vital communications relative to the disaster.
6. Students are not to release any information to persons who may question them. All information relative to the disaster or its operations will be released to the news media through the Media Relations Center which will be set up in the Health Sciences Libraries at Lynchburg General Hospital and Virginia Baptist Hospital under the direction of the Public Relations director or designee.
FIRE PLAN

Fire prevention is the responsibility of all faculty, employees, students and visitors. Should anyone discover a FIRE HAZARD, or condition that may create a FIRE HAZARD, prompt action must be taken including notification to the Dean of Centra College.

A. Response When Discovering a Fire (RACE):
   1. RESCUE – The person discovering the fire should attempt to rescue anyone in an immediate life-threatening situation without placing themselves at risk.
   2. ALARM – Pull the nearest fire alarm box. The fire alarm boxes are always located near emergency exits. Then immediately call 911 reporting the location of the fire as Centra College, Lakeside Drive. Notify the operator at Lynchburg General Hospital by dialing 3300 requesting assistance from the Security Department supervisor.
   3. CONTAIN – Be certain to close all windows and doors in an attempt to contain the fire in a small area.
   4. EXTINGUISH/EVACUATE – Retrieve the nearest fire extinguisher and attempt to extinguish the fire. All building occupants not involved with trying to extinguish the fire should evacuate the building. If the person discovering the fire cannot successfully extinguish the fire then they should immediately evacuate the building with all other building occupants.

B. Response When the Fire Alarm is Activated (person is not the one discovering the fire):
   1. All students should exit the building at the nearest emergency exit. Walk, do not run.
   2. Faculty members will check each classroom, lounge and office areas to be certain that no one is left inside the building. They will close all doors behind them.
   3. Everyone should assemble in the front parking lot while awaiting further instructions from the Lynchburg Fire Department site commander. Be careful not to impede the fire department response.
   4. The College Dean or Academic Directors will account for all faculty members and support employees. The faculty members will account for the presence and safety of all students.
   5. Reentry to the building should only occur after receiving approval from the Lynchburg Fire Department site commander.

C. Safe Operation of the Fire Extinguisher (PASS)
   1. PULL the pin
   2. AIM the nozzle of the extinguisher at the base of the fire
   3. SQUEEZE the fire extinguisher trigger
   4. SWEEP the fire extinguisher from side to side

D. Fire Drills – Fire Drills will be conducted once per semester.

Students assigned in clinical areas must abide by the Fire Plan of Centra Lynchburg General Hospital Virginia Baptist Hospital.
A. **IF YOU DISCOVER A FIRE**
   1. Remove any patient in immediate life-threatening danger.
   2. Pull the nearest fire alarm box.
   3. Dial 200-5911 and give your name and the location of the fire.
   4. Close doors and windows.
   5. Fight fire.
   6. Stand by.

DO NOT SHOUT "FIRE," STAY CALM.

B. **If You Hear a Fire Alarm (Code Red)**
   1. Return to your section using the nearest stairwell. Since the fire brigade will respond to the fire via stairwells, you must remember to stay to the right and give way to the fire brigade as they pass. **DO NOT USE ELEVATORS.**
   2. Close doors and windows.
   3. Stand by.

C. **Oxygen Cut Off Procedure**
   Do not cut off oxygen valves unless instructed to do so by the Nursing Supervisor in charge.

D. **Students in the cafeteria will immediately return to their assigned units if the code occurs in their assigned clinical area. If the student is not assigned to the clinical area to which the code is called, the student should remain in the cafeteria.**

E. **Unassigned students in the cafeteria, library, etc., may remain there, but must abide by the same requirements as visitors; stay in rooms or waiting areas; and do not travel within the building until given further instructions.**

F. **No telephones are to be used during Code Red.**
CODE SILVER POLICY

SCOPE: This policy is applicable to all students, faculty and staff participating in activities at Centra College

PURPOSE: The purpose of this policy is to provide a quick response to an incident in the immediate vicinity or on the property of Centra College involving an active shooter, fugitive, or any other person who might represent a threat to the students, faculty or staff. The threat is considered serious enough to require a complete lockdown of the college to provide maximum safety to students, faculty, staff and others until the situation has been resolved. When an incident is occurring in the immediate vicinity or on the property of the hospital and is a serious threat to the safety of personnel, a Code Silver is initiated to lockdown the facility and to direct employees to seek safety.

DEFINITIONS:
1. Dangerous Person: An individual actively engaged in killing or attempting to kill or seriously harm people in a confined and populated area.
2. Civil Disturbance - Group acts of violence and disorder prejudicial to public law and order.
3. Gang Related – A group of adolescents, criminals, or hoodlums who band together for mutual protection and profit.

PROCEDURE:
Determine that a security threat involving a dangerous person or fugitive is actively underway in the immediate vicinity or on the property of the college. The security threat may be discovered by:
- Information received from the Lynchburg Police Department
- Reports received by hospital security personnel
- News Reports
- Other employees/students/volunteers

A. **External Lockdown Procedures**: This occurs when the threat is outside of the facility but in the vicinity.

   1. Lock all outside doors.
   2. All persons in the building must remain inside until the situation is cleared by Lynchburg Police Department or Centra Security.
   3. Notify students via appropriate channels (see listed below) of threat warning students, faculty and staff not to enter premises until the situation is cleared by Lynchburg Police Department or Centra Security.

B. **Internal Lockdown Procedures**: This occurs when the threat is inside of the facility.
1. Call 911; report situation
2. Notify students, faculty and staff via appropriate channels (see listed below) of a Code Silver or Dangerous Person
3. Decide whether to Run, Hide or Fight (last resort) If evacuating the building (refer to C. Evacuation Routes) leave all personal items behind.
4. All cell phones will be placed on silent mode. No one is to use a cell phone for calls (only texts) until all is secure
5. If police enter, keep hands in plain view at all times. Expect to be treated like a suspect.

Run:
   a. Keep hands raised and visible.
   b. Keep others from entering area.
   c. Don’t point scream or yell.
   d. Follow law enforcement instructions.
   e. Don’t make sudden movements toward officers.
   f. Move a safe distance from the facility
   g. Report the incident by calling 911 and Centra security 200-3255.
   h. Do not re-enter the building.

Hide:
   a. Get out of the shooters view
   b. Look for protection from gunfire
   c. If possible choose a place to hide that does not trap you.
   d. Hide behind large objects
   e. Stay quiet, and silence phones.
   f. Stay in place until “All Clear” is given by law enforcement.
   g. Plan for fight.

Fight:
   a. Last resort action.
   b. Act as a team.
   c. Use improvised weapons
   d. Disrupt and Incapacitate
   e. Act aggressively

C. Evacuation Routes:
1. **Classrooms 159A, 159B, and 199B** should proceed to the interior hallway between the classrooms. Once the students are in the interior hallway, proceed into the **Computer Lab or Classroom 163A, Classroom 163B**. Once the students are in the lab or **163A/163B** exit out the rear of the building.
2. **199A** proceed to the Simulation Center and then exit. Move as far away from the building as possible.

3. **Skills Labs 201A/201B**: The skills labs should exit through the simulation center ambulance and helicopter bay.

4. **Classroom 191 and Skills Lab 200**: exit through the back exit door.

5. **Student Lounge (166) and Classroom 169**: Turn off lights, lock doors and stay away from the window. Student in the student lounge should hide in the bathrooms. If the intruder is not visible from the main entrance to the college proceed to facilities corridor **(170)** and exit out of the building.

6. **Computer Lab** and **Classroom 163A/Classroom 163B** exit out the rear fire exit door.

7. All faculty should hide in their office with the door closed and locked unless able to exit out the front of the building. Close all blinds and stay away from windows.

8. Student services staff should hide in offices **108, 113**, or **114B** or **114C** away from windows.

9. Administrative staff should hide in their offices and stay in place in **204A - 204J**.

10. Administrative staff in 204k should exit and hide in either **204L** or **204N** and stay in place.

11. Students in administrative waiting area should exit and hide in any office of **204A-204J** and stay in place.

12. Faculty and administrative staff in the lounge should exit and hide in **204N**.

13. Faculty offices right rear back of the building should exit out the loading dock or stay in place.

**D. Notifying learners:**

Students must be notified when an external or internal lock down occurs. Follow the directions for each institution below. Only institutions whom are scheduled for activities within the facility during the day of the lockdown should be notified.

1. **Centra College**
   a. Dean of the college will activate SENDWORD alert message to all students, faculty and staff (policy CENTRA COLLEGE 4.7).
   b. Call Centra Security at 200-3255
   c. Page overhead announcement for Centra College:
      - Selecting the Page button on the Alcatel Phone System
      - Wait for prompt and then press #4
      - State your announcement
CLASSROOM POLICIES

Any required written work must be handed in by the deadline date set by the instructor, unless the instructor has agreed to a later date. Late papers may result in a lowered grade.

Pencils may be used for marking objective tests. All essay type exams are to be written in ink on a standard 8.5" X 11" notebook or typed on 8.5"X11" computer paper. All formal papers must be written according to the Publication Manual of the American Psychological Association (APA).

Guidelines for referencing: Any quote taken "word for word" from a source should be enclosed in quotation marks and referenced. Any idea taken from a source and paraphrased must be referenced. References should reflect the exact page number(s). Failure to give credit to an author is plagiarism. Any student guilty of plagiarism will be required to rewrite the paper with a late penalty or receive a grade of zero.

While in class, students may chew gum, eat, and drink soft drinks, if approved by the individual instructor and fellow students. Any trash is to be placed in the wastebasket at the end of each class.

LOCKERS & LOUNGE

Lockers are located throughout the College, around the classrooms. Students will be assigned a locker upon entrance to the College. Students must provide their own combination lock for securing the locker.

A lounge is located at the end of the hallway that leads from the main lobby. The lounge is for the use of students. Among other furnishings, the lounge contains a television, refrigerator, a microwave oven, and an Avenue C Marketplace. The Avenue C Marketplace offers coffee, other beverages, snacks, and fresh food. There are multiple payment methods including: debit, credit, Apple Pay and Google Pay. Avenue C Marketplace is video monitored and inventoried for theft weekly. Any student caught stealing will be grounds for dismissal as this is a violation of the Honor Code.

PURCHASE OF TEXTBOOKS

All textbooks will be purchased in bulk order by the college and each student will be billed individually within the tuition and costs at the beginning of the 1st and 2nd semester ADN program and 1st semester for the PN program.
COMMUNICATION BETWEEN STUDENTS, FACULTY, and ADMINISTRATION

Consistent interaction between faculty and students will occur on a regular basis throughout the semester. There are various sources utilized for communication, such as bulletin boards, LMS, email, or office telephones. Bulletin boards are located in the student lounge and in each classroom. Students are responsible for reading the bulletin boards daily. Messages for faculty should be sent through the LMS or left on individual faculty voicemail. Messages for students may be sent on email or in a LMS message. Students are responsible for keeping their contact information current and checking the LMS daily for messages. It is unacceptable to contact faculty via Facebook or skype.

If a student needs to contact a member of the student services administration team, the form of contact must be through email, office phone number, or via a LMS message. Contacting the administrative team on their Facebook, skype, etc. is unacceptable.

Below is the list of contacts for student services:

ACADEMIC ADVISING

Students will be assigned a credentialed, course qualified academic advisor upon entry into the program of study at Centra College. This individual will remain the student’s academic advisor for their time at Centra College. Changes in academic advisor will be decided as needed. The assigned academic advisor name and contact information will be provided to the student at the start of their program to Centra College. The advisor will contact the student at least once throughout the semester. Students may contact academic advisor utilizing LMS or email. The academic advisor will respond within 48-72 hours to address questions or concerns. Academic advisor concerns can be addressed with the Program Director.

CONFIDENTIALITY AND ACCEPTABLE COMPUTER USE POLICY
Students have access to patient records and other confidential patient information. Because of this, students must maintain confidentiality of all patient information as required by HIPPA. Information is obtained from patient records when preparing for clinical assignments and during clinical experiences. Centra has adopted a position that photocopying or printing of information from patients' records will not be allowed. Students must sign the Centra Confidentiality Policy and Agreement.

Each year, all students are required to complete HIPPA training through the online education system. Training is mandatory and requires verification of its completion.

SOCIAL MEDIA POLICY

Centra College acknowledges that social media (ie: Facebook, Twitter, YouTube, Snap Chat, Instagram) is one available form of communication among students. Centra College supports the use of communication and collaboration via social media platforms, however, it is mandated that students adhere to the code of conduct policies outlined in the Student Catalog/Handbook for the Behavioral Expectations for Students while using any form of social media. (Remember: Utilizing social media platforms enables one to disseminate information to an indefinite population beyond your group)

Centra College recognizes the social media guidelines defined below:

- **Respect**: Respect your peers, colleagues, faculty and staff. It is expected that students represent the college and the Centra Health organization in a positive fashion. Do not share personal information of others without permission. Utilize all HIPAA guidelines when posting photos and any information.

- **Sharing of information on-line**: Be aware of what you post! Students should obey the Centra College Honor Code while utilizing a social media platform. Students could be responsible for content displayed or shared that violates federal or state legislatures.

- **Accessibility**: Students should be aware that information posted can be viewed indefinitely. Comments and/or screenshots can be copied and forwarded to other parties.

*Note: If at any time, a student violates the Social Media Policy, the student will be held accountable for their actions and could result in program dismissal.*
DRESS CODE

The appearance of the nursing students of Centra College is vitally important in our association with patients, visitors, and employees. It is the policy of the hospital that nursing students maintain personal cleanliness, good grooming, and appropriate dress while in the health care facilities of the organization.

Many of the requirements for students are based on rules and regulations established by hospital administration. The faculty is responsible for students’ adherence to the Dress Code as well as all college and hospital/agency policies.

Students (A.D.N. & P.N. programs)

B. Dress in Uniform:

• Students are to dress for clinical in the official College, specific program, uniform. The uniform is completed with socks, hose, and all white or black leather closed toe and closed heel shoes.

• College issued identification badges must be worn at all times when in class and clinical areas. Badges are to be returned at the end of each academic year or when not enrolled in the College.

• Hair must be neat and secured so as not to interfere with patient care. Longer hair past the ears must be tied back. Students may be required to secure the hair, so it is off the collar. If a student chooses to use a headband, it must be a solid color, no larger than 1.5 inches, and bandanas are not acceptable.

• Facial hair must be kept clean and neatly trimmed.

• No jewelry is permitted with the uniform except a watch, an engagement and/or wedding band, and small earrings (¼ inch or less). A maximum of two small stud earrings (1/4 inch or less) per ear is allowed. No other pierced body parts shall be visible with the exception of a tragus or small nose STUD piercing. (Jewelry on the tongue, eyebrows, and upper lip will need to be removed.)

• Offensive tattoos must not be visible. They may be covered by clothing or bandages.

• A white lab coat may be worn with the uniform. Sport sweaters and jackets are not acceptable.

• Students may wear appropriate garments under the clinical uniform top. These include white T-shirt or black T-shirt (short and long-sleeve), tank tops, or camisoles with no printing.

• No gum is to be chewed while the student is in the clinical area.

• Good grooming habits will include bathing and using an effective deodorant.

• Fingernails must be kept short and be well manicured. One-eighth (1/8) inch beyond the finger is acceptable (when you look at the hand from the palm side you should not see more than 1/8 inch of nail). Unacceptable fingernails are those which are long/sharp enough to cause disposable gloves to tear while being worn in the normal course of duty. Nail polish, if worn, must be clear and be free from chips and cracks. Artificial nails are not permitted. This includes tips, wraps, acrylics, and gels. Wraps
include any silk, fiberglass, or fabric enhancer that is glued to the natural nails. Acrylic nails are created using a paste that is applied to a natural nail or nail tip. A gel is brushed onto a natural nail or tip and hardened by ultraviolet lighting. Nail jewelry is not permitted.

- Perfumes, colognes, or any scented products may not be worn in patient care areas.
- Pins, badges, or insignias which represent an award or achievement in nursing may be worn. All other pins, badges, or insignias are prohibited.
- Students working in a department where a special uniform is worn must conform to the policy of that department.
- Appropriate street clothes may be worn by students on specified clinical rotations.

**Students (Nurse Aide Education program)**

- Students are required to wear the assigned uniform of a white scrub top, hunter green scrub pants and white shoes (no design or slip-on allowed) during clinical days.

**NOTE:** Students are to wear the student uniform only when on assigned clinical experiences. The uniform places the student legally in the role of a student nurse or student nurse aide who is under the direct supervision of an instructor, and therefore should not be worn to places of employment or in the community.

**C. Dress for Class**

Students are expected to dress in good taste. Jeans and Capri/crop pants may be worn to class but not in the clinical area of the hospital. Shorts (appropriate length) may be worn to class but may not be worn in the hospital or cafeteria. Lab coats are not to be worn to cover inappropriate dress.

The following are considered inappropriate dress for class or clinical:

- Spaghetti straps and racer back tops; straps should be 2 inches in width
- Form-fitting clothing; undergarments should not be visible through clothing or above the waistline of outer apparel
- Extremely short clothing or low neck tops
- Visible skin between upper and lower garments (sitting or standing)

**D. Dress for Clinical Preparation**

- Whenever off duty students are in the clinical area, they must wear their student lab coat over street clothes.
- Identification badges are to be worn at all times when the student is in the hospital building.
- Lab coats are not to be worn to cover inappropriate dress.
- Jeans, shorts, capri pants and crop pants may not be worn to a clinical unit for any reason, even with a lab coat.
SIMULATION

Student Responsibilities in Simulation

Throughout your education, you will participate in simulated patient situations, both in school and after you graduate. In order to gain the most benefit from these simulations, you are responsible for the following:

- Attending the simulation on time and in full clinical uniform
- All students must be present for a simulation to begin
- Any student later than 10 minutes will not be allowed to join the simulation and will have to reschedule make-up simulation with the course instructor. This will also be counted as an unexcused absence.
- Notifying the Simulation Clinical Faculty and the Course Faculty via phone or e-mail message if unable to attend the simulation clinical as scheduled at least one (1) hour prior to the simulation clinical hours
- Completing required simulation clinical preparation as posted on your LMS course page.
- Realistically caring for your simulated patient as you would care for any patient within the hospital setting, including following safe practice protocols, patient communication, communication with possible caregivers, recognizing your knowledge limits and seeking help when necessary.
- Documenting all pertinent care on “paper” charts
- Participating in self-evaluation and post simulation debriefing
- Respecting the rule “What happens in sim, stays in sim”. Sharing simulation information with other students is considered an honor code violation.

There may be some adaptations from hospital practice in certain simulations. These will be discussed with you at your orientation to the simulation. However, there is no “pretending” or inventing situations to deal with an issue that arises in a simulation. You can’t pretend with your live patients!

To maintain respect and privacy for all students, both in our program and in others, no student will be allowed in the control room of the simulation center.

All students scheduled for clinical hours in the simulation center will be evaluated using the Simulation Evaluation Rubric. Please review the rubric prior to your simulated patient experience.
CELLULAR PHONES

- **Classroom**
  - Cell phones must be on vibrate or off mode when students enter the classroom. Students should refrain from sending and receiving calls and text messages. Cell phones should be stored out of sight during class. Visible cell phones will be confiscated. Students having cell phones visible during a test or exam are in violation of the Honor Code since this brings suspicion of cheating.

- **Clinical**
  - Cell phones must be on vibrate or off mode when students are in the clinical setting. Students should refrain from sending and receiving calls and text messages. Cell phones should be stored out of sight during clinical. Visible cell phones will be confiscated.

- **Students using cell phones in the clinical setting will be dismissed from clinical and will receive unsatisfactory in the area of accountability for that clinical experience**

TAPE-RECORDING LECTURE

Students must request permission from the course instructor to tape-record lectures. The permission form is available on the Student Resources site on the LMS. A copy of the signed agreement will be kept on file in the College office.

HONOR CODE

Each student is required to sign the Honor Code Pledge upon admission to the College. A copy of the signed pledge will be kept in the student file. Violation of the Honor Code may result in dismissal.
**TESTING POLICY**

In order to ensure fair testing practices for students and to adhere to the NLN Fair Testing Guidelines for Nursing Education (2012), the following testing protocols are applicable across the curriculums. Tests will refer to unit tests given throughout a course. Exam refers to a final comprehensive examination given in a course. Each course in the A.D.N. and P.N. programs should have a *minimum* of 80% of testing (tests and exams) as part of the course grade.

**Testing:**
- Tests/exams should reflect unit and course student learning outcomes.
- Test questions will increase in difficulty and level of application with each semester.
- Test/exam questions will be designed in a variety of formats, including but not limited to: multiple choice, choose all that apply, medication calculations. “Choose all that apply” questions will be counted as either a full question or a missed question; there will be no partial credit for these questions.
- Upon discretion, instructors will designate rationales for each test question.

**Testing Environment:**
- According to the guidelines for NCLEX, all tests/exams will be timed. Based on the NCLEX guidelines (RN: 265 maximum questions over a maximum of 6 hours; P.N.: 205 maximum questions over a maximum of 5 hours), students will be given 1.4 minutes per question.
  - If a student is tardy to the test, no additional time will be given to complete the test. All tests will be taken up at the allotted time, regardless of when the student actually began the test.

**Absenteeism During Testing:**
- If a student misses a test/exam, course faculty must be notified prior to the test/exam unless there is an extreme emergency.
- Any test/exam that is missed, the student will receive a zero.
- There will be no make-up test/exam unless there is an extenuating circumstance.
- All extenuating circumstances must be approved by the Dean.
- The comprehensive final exam must be completed.
- Students who are absent on the scheduled final exam day are responsible for contacting faculty in order to schedule a make-up date within 24 hours of the original scheduled exam date.
- The grade obtained on the comprehensive final exam will be the grade recorded in the grade book for the final exam and only **ONE approved missed test**.
- Due to the nature of the five-week Nurse Aide Program, the test and exam will be made up by the discretion of the faculty and Program Coordinator with a physician note required for missed testing and examination.

**During a Test or Exam:**
• Tables/desks should be clear of ALL items —nothing can be on the table or chair during testing (including drinks and/or food items) with the exception of utensils for writing.
• All APPLE, SMART watches, or Bluetooth devices will be removed prior to the start of a test unless the device (IPAD) is being used for testing. A SMART device is anything that can transfer data from one device to another either by WiFi, Bluetooth, 3G/4G, LTE, etc.
• All backpacks, purses, etc. will be placed in the front of the room.
• Only hand-held calculators can be used during paper tests.
• Cell phones should be set on silent and placed in purses or backpacks in the front of the room.
• Only emergent bathroom breaks will be allowed during test or exams.
• Faculty will provide scratch paper/cover sheets. No credit will be given for answers on scratch paper.
• When applicable, all students are required to use cover sheets during paper and pencil testing. These scratch paper/cover sheets will be collected by faculty at the completion of the test.

Exam Soft Settings:
• Testing will take place on IPADs purchased by the student utilizing the Exam Soft Application testing system. IPADs should be fully charged prior to taking an exam.
• Students must download the exam provided by the faculty instructor prior to the scheduled exam date and time. If the student does not complete this task before the scheduled exam date and time, a “0” will be marked for the test grade.
• The test administered will be Secure.
• Backwards navigation will be applied.
• Time clock will be shown on the test.
• Font size limitations will be set to 14 size font.
• No exam review will occur directly after the test.
• Students will be allowed one download attempt for the examination. Any further download attempts must be approved by the Academic Director of the program and course faculty.
• A preliminary grade will not be provided to a student at the completion of the examination.

Honor Code:
• Upon admission to the college, the student is required to read and sign a copy of the Honor Code Pledge. This signed copy is kept in the students file in Centra College file room.
• At the start of each test or exam, the student is required to pledge that he/she has neither given nor received aid on the test or exam.
• Violation of the Honor Code may result in dismissal from Centra College.
• If an episode of honor code violation is observed, the infraction will be reported by the accuser immediately to the proctor.
• The Honor Code also applies to computerized tests and quizzes. The Honor Code is in effect as soon as the student opens the computerized test/quiz.

Student Test Grades/ Test Review/Final Exam:
• Test grades will be posted in the LMS within five (5) business days of the test day.
• Students that receive a grade below an “80” on any test will receive an Academic Warning and will be requested to schedule a test review with the instructor.
• A delayed test review will occur unless extenuating circumstances arise.
• ALL DISCUSSIONS REGARDING TEST QUESTIONS MUST HAVE A GENERATED ANSWER RATIONALE FORM SUBMITTED BY THE STUDENT TO THE COURSE FACULTY WITHIN FIVE (5) BUSINESS DAYS OF THE POSTED GRADES.
• Final exams will not be reviewed in any form and students will not be allowed to submit an Answer Rationale Form.

Accommodations for Students with Disabilities:
• Students that have a documented reason for testing accommodations must notify the Dean/Academic Director whenever the documentation becomes available. Documentation must be submitted each semester.

• The Academic Director will notify the course faculty of the need for testing accommodations.
• After the faculty have been notified, testing accommodations such as additional time for testing or testing in a separate area must be arranged with the course faculty.
• Please refer to pg. 87-88 for further information regarding accommodations for students with disabilities.

Grading: R.N.-B.S.N., Associate Degree, Practical Nursing, and Nurse Aide Education Programs
• All Test/exams scores and final course grades will be posted to the hundredths: ABSOLUTELY NO ROUNDED
  • The grading scale is as follows:
    1. A = 94.00 – 100
    2. B = 87.00 – 93.99
    3. C = 80.00 – 86.99
    4. D = 73.00 – 79.99
    5. F = below 73.00
MEDICATION DOSAGE CALCULATION COMPETENCY TESTING POLICY
ADN MEDICATION DOSAGE CALCULATION COMPETENCY TESTING POLICY

Policy Statement:
To show evidence that Centra College ADN students are progressing in their ability to perform medication dosage calculations a series of tests will be administered to the students. The test will be administered in one course each semester.

1. First semester, students will receive the first dosage calculation test (the “Test”) at the conclusion of the semester. Students will have up to three (3) opportunities to pass the Test. If a student does not successfully complete the Test they will be required to meet with the instructor to review the missed items on the Test before taking the Test for a second or third time. Students who do not pass the Test on the third attempt will be unsuccessful in the course in which the Test was assigned.

2. Beginning in the second semester, and to continue in subsequent semesters, a dosage calculation pre-test is given to determine the student’s baseline and any additional instructor assistance needed (the “Pre-Test”). The Pre-Test does not affect the student’s grades or his/her ability to pass any classes in which he/she may be enrolled.

3. The Pre-Test will be comprised of dosage calculation questions/problems that were taught during the previous semester. Students will complete the Pre-Test off-site via ExamSoft and be given a five (5) day window (the “Pre-Test Window”) to complete the Pre-Test. The Honor Code applies to the Pre-Test. Students are not allowed to complete the Pre-Test in groups and notes are NOT to be used.

4. Beginning in the second semester, and to continue in subsequent semesters, a dosage calculation post-test will be given to the students at the mid-point of the semester (the “Post-Test”). Students will have up to three (3) opportunities to pass the Post-Test. If a student does not successfully complete the Post-Test they will be required to meet with the instructor to review the missed items on the Post-Test before taking the Post-Test for a second or third time. Students who do not pass the Post-Test on the third attempt will be unsuccessful in the course in which the Post-Test was assigned.
   - Students needing to repeat the Post-Test will be allowed up to two (2) weeks between Post-Tests to allow time to review the missed items with the Instructor and to prepare for the next Post-Test.
   - There must be a minimum of five (5) days between unsuccessful completion of Post-Test and a repeat of the Post-Test.
   - Successful Post-Testing must be completed prior to the final course exam.

5. The Test, the Pre-Test, and Post-Test (the “Tests”) will be all administered in ExamSoft. The Test, which is administered during a student’s first semester, will consist of twenty (20) multiple
choice questions. For subsequent semesters, all of the Tests will consist of twenty (20) fill in the blank questions.

6. A passing score on the Test (First semester only) is a grade of 80 or higher.

7. The following Post-Test scores are considered “passing”:
   - Second semester students must obtain a grade of 85 or higher
   - Third semester students must obtain a grade of 90 or higher
   - Fourth (ADN only) semester students must obtain a grade of 90 or higher

8. The Test and Post-Test include content taught during the semester in which such Test or Post-Test is administered. The Test or Post-Test will take place in the following courses:

<table>

</tbody>
</table>

9. Faculty will provide a thorough review of dosage calculation rules as per Morris 7th ed. Calculate with Confidence (the “Rules”). Examples of the rules are outlined below:
   a. rounding rules
      o < 1 mL round to hundredth (Ch. 3)
      o > 1 mL round to tenth (Ch. 3)
      o kg is rounded to tenth (Ch. 25)
   b. no trailing zeros to right of decimal (Ch. 3)
   c. no fractions (Ch. 6)
   d. leading zero to left of decimal (Ch. 6)
   e. correct abbreviations (ex: mL, subcut, etc.; inside cover and page 152)
   f. weight-based calculations: round the weight and the final answer to the nearest tenth. (pg 668-74)
   g. questions NOT to be included BMI or Intake and Output Calculations. The Tests will contain the calculation only (no scenario).

10. The following dosage calculation directions will be provided with each question:
   a. Directions: Calculate the following dosage. Round mL answers to the nearest tenth or hundredth according to rounding rules.
   b. Weight Based Directions. Calculate the following dosage. Round the weight and the final answer to the nearest tenth or hundredth according to rounding rules.
   c. IV Pump Directions: Calculate the dosages as indicated. The pump delivers in tenths of a milliliter. Or Round pump rate to the nearest whole number.
   d. IV Drip Directions: Calculate the dosages as indicated. Round drip rate to the nearest whole number.
PN MEDICATION DOSAGE CALCULATION COMPETENCY TESTING POLICY

Policy Statement:
To show evidence that Centra College PN students are progressing in their ability to perform medication dosage calculations. Each test administered during the semester will include 5 fill in the blank dosage calculation questions. Dosage calculation questions may be included on the cumulative final exam. To ensure students are progressing in their ability to perform medication dosage calculation, each semester will administer a Dosage Calculation Test that will include the dosage calculation taught that semester. The test will be 20 fill in the blank questions that will account for 5% of the overall course grade.

1. Each test in the courses listed below will include 5 fill in the blank questions specific to dosage calculation content taught in course:
   - First Semester
     - NUR-116: Basic Conversions and Dosage Calculations
   - Second Semester
     - NUR-125: IV Pump, IV Drip, and IV Reconstitution Calculations
     - NUR-126: Pediatric Calculations
   - Third Semester
     - NUR-136: Cumulative Dosage Calculations

2. To ensure students are progressing in their ability to perform medication dosage calculations, each semester will administer a Dosage Calculation Test that will include the dosage calculation taught that semester.
   - Test will be 20 question fill in the blank
   - Test will be 5% of overall grade

3. In third semester, NUR-136 will administer a Dosage Calculation Test that will include cumulative dosage calculations from previous semesters.
   - Test will be 20 question fill in the blank
   - Test will be 5% of overall grade

4. Faculty will provide a thorough review of dosage calculation rules as per Morris 7th ed. Calculate with Confidence (the “Rules”). Examples of the rules are outlined below:
   a. rounding rules
      - $< 1\text{mL}$ round to hundredth (Ch. 3)
      - $> 1 \text{ mL}$ round to tenth (Ch. 3)
      - kg is rounded to tenth (Ch. 25)
   b. no trailing zeros to right of decimal (Ch. 6)
   c. no fractions (Ch. 6)
   d. leading zero to left of decimal (Ch. 6)
   e. correct abbreviations (ex: mL, subcut, etc.; inside cover and page 152)
   f. weight- based calculations- round the weight and the final answer to the nearest tenth. (pg 668-74)
g. questions NOT to be included BMI or Intake and Output Calculations. The Tests will contain the calculation only (no scenario).

5. The following dosage calculation directions will be provided with each question:
   a. Directions: Calculate the following dosage. Round mL answers to the nearest tenth or hundredth according to rounding rules.
   b. Weight Based Directions. Calculate the following dosage. Round the weight and the final answer to the nearest tenth or hundredth according to rounding rules.
   c. IV Pump Directions: Calculate the dosages as indicated. The pump delivers in tenths of a milliliter. Or Round pump rate to the nearest whole number.
   d. IV Drip Directions: Calculate the dosages as indicated. Round drip rate to the nearest whole number.
SOLICITATION AND SELLING

Unauthorized pools, collections, sale of tickets or merchandise, or passing of handbills by students are not permitted. Student fund raising projects must be approved by the Dean and the Administrative Representative. Students wishing to participate in merchandising parties or demonstrations may do so only away from hospital property and at their own risk. Fundraising activities are to be kept at a minimum. All funds raised are to be used for class group activities. Funds are not to be used for personal use, such as the purchase of uniforms, books, or rings, etc.

The following procedure must be followed when requesting approval to sell or solicit within the hospital:

- Request the form from the College office
- Fill out all requested information including whether you intend to put up posters and where you wish to display them
- Have the Dean or Academic Director of the program sign the form
- Return the form to the College office to be forwarded to administration for approval
- Check with the Bursar & Student Account Manager to find out whether the activity has been approved before advertising or holding the activity

EMPLOYMENT OPPORTUNITIES

Students may seek employment as long as it does not interfere with class or clinical schedules. Students are not to leave class or clinical because of employment responsibilities. Centra may employ nursing students for various positions. Application must be made through the Human Resources Department. Centra will no longer hire individuals who use tobacco/nicotine products in any form.

We have observed that working 16 or more hours per week can lead to failure in our nursing programs and nursing literature also supports this.
FINANCIAL AID

Philosophy
Centra College maintains a program of financial aid to help provide the opportunity for students with limited financial resources to attend the College. It is the expectation that the student and the student's family will carry the basic financial responsibility for education. When it is determined that the cost is greater than the ability to pay, the College assists the students in seeking funds for education from government and private sources in the form of scholarships, grants, and loans. Financial Aid policies and procedures protect the student's right of privacy. These policies and procedures are contained in the Student Aid Handbook on file in the office of the Financial Aid & Enrollment Manager.

Eligibility
Students at Centra College are not excluded from participation in a program of financial aid on grounds of race, color, religion, age, sex, national origin or ancestry, marital status, veteran’s status, genetic information, physical or mental handicap unrelated in nature and extent to an individual's ability to be successful in an academic setting or any other prohibited factor. A student must be enrolled at least half-time at the College for most programs of financial assistance. However, the Nurse Aide Education program is not eligible for financial aid.

For Federal Student Aid, a student must be a U.S. citizen or an eligible non-citizen as defined by the U.S. Department of Education. Students must be making satisfactory academic progress as defined by the College. (Catalog & Student Handbook). A student cannot be in default on a Perkins Loan, Guaranteed Student Loan/Stafford Loan, PLUS Loan, or SLS and be eligible for Federal Student Aid. Further, a student is not eligible for Federal Student Aid if he or she owes a refund on a Pell Grant or SEOG, or has exceeded the lifetime eligibility for Pell Grants.

Students who have attended other post-secondary schools may have to provide a Financial Aid Transcript from those schools.

The Department of Education or the College may select you for a process called "verification." This means you will have to prove that what you reported on your application is correct. This will require submission of certain documents such as IRS Tax Return Transcript, W-2 forms where appropriate, statements from agencies such as Social Security Administration, and other appropriate documents to verify information you have reported. If you do not provide proof, you will not receive aid from the U.S. Department of Education, and you may not receive aid from other sources. This documentation must be provided in a timely manner so that a valid Student Aid Report (“SAR”) may be received by this office no later than the last day of enrollment or June 30 (whichever comes first).

Cost of Education
Standard budgets for the classifications (living arrangements) of students are determined by the College within guidelines established by the U.S. Department of Education. These budgets are on file in the office of the Coordinator, Financial Aid/Enrollment. Cost of education includes
allowances for tuition, housing, food, fees, books, educational materials, personal/miscellaneous expenses, child care where appropriate and other costs directly related to attending school. Students receiving aid in excess of their established cost of education will be required to return funds to the appropriate source, for Federal Financial Aid according to guidelines set by the U.S. Department of Education.

**Over-award**

Students receiving aid in excess of their need will be required to return funds to the appropriate source. Aid will be returned to the William D. Ford Direct Loan Program, and other scholarships. If an over-award is still present then funds are returned to the Pell Grant because this is considered the first source of aid. In determining the amount of the overpayment to be returned to the OSFA programs that were part of the student's aid package, the aid administrator uses the following formula:

\[ \text{Amount to be returned to OSFA programs} = \frac{\text{Amount of Overpayment} \times \text{Total OSFA funds}}{\text{Total Aid}} \]

**Determining Need**

Federal financial aid is awarded based on proven financial need and a determination of the family's ability to pay. The U.S. Department of Education uses information supplied on the Free Application for Federal Student Aid (FAFSA) to determine an Expected Family Contribution (EFC) which reflects eligibility for Federal Financial Aid. All students must file a FAFSA form yearly. This determines the EFC according to U.S. Department of Education guidelines.

Information is requested of the student and the student's family, if applicable, regarding income and financial status. This information is treated with strict confidentiality and is released only to those with the legal right to the information. Most Federal Student Aid is awarded on the basis of need, expected family contribution, other awards of financial assistance where appropriate, estimated cost of attendance, and enrollment status (full-time, part-time, half-time, or below half-time).

**General Policies**

The student must report to the Financial Aid Office all offers of financial assistance.

All federal financial aid forms must be completed in full and returned to the Coordinator, Financial Aid/Enrollment two weeks prior to the scheduled course start date. Tuition deferral can only be granted when all submitted documents are determined to be complete. Failure to submit required financial aid documents will result in full payment being due at the first day of each term.

Financial aid awards are contingent upon the students' satisfactory academic progress.* The amount of money available for an academic period from Federal sources is based in part on the number of credit hours for which a student is enrolled. Centra College has determined that a full-time student is one who is enrolled for a minimum of 12 credits, a 9 credit load is
considered three-quarter time, and a 6 credit load is considered half-time. Continuation of financial aid from year to year is not automatic. Students must reapply each year. Continuing students are encouraged to reapply soon after January 1. Entering students are encouraged to apply by March 1. Students accepted after March 1 are encouraged to apply as soon as possible after acceptance.

The Financial Aid/Enrollment Manager maintains office hours weekly. The Dean may be consulted in the absence of the Financial Aid/Enrollment Manager. Appointments may be made on an individual basis.

Students are responsible for all expenses above those not covered by their determined Pell Award (tuition and fees).

**Return to Title IV – Financial Aid Recipients**

Federal law requires colleges to calculate how much federal financial aid a student has earned if that student:

- Completely withdraws
- Stops attending before completing the term
- Takes a medical leave of absence
- Does not complete all modules (courses which are not scheduled for the entire term) for which he/she has registered at the time those modules began

Colleges are required by federal statute to determine how much financial aid was earned by students (Earned Aid) who withdraw from the college or take a leave of absence prior to completing 60% of a payment period or term. For a student who withdraws from the college after the 60% point-in-time, there is no unearned aid. However, a college must still complete a return calculation in order to determine whether the student is eligible for a post-separation disbursement.

The payment period for most students is the entire term. However, for students enrolled in modules (courses which are not scheduled for the entire semester), the payment period only includes those days for the module(s) in which the student is registered.

Aid is returned to the appropriate aid program based on the percentage of unearned aid. If a student earned less aid than was disbursed, the College would be required to return a portion of the aid and the student would be required to return a portion of the aid. The student borrower may owe a debit balance to the college when Title IV aid is returned.

If a student earned more aid than was disbursed, the college would owe the student a post-withdrawal disbursement which must be paid within 120 days of the student’s withdrawal from the college.

The College must return the amount of Title IV aid for which it is responsible no later than 45 days after determining the student’s withdrawal date.
A student’s withdrawal date (as defined in 34 CFR 668.22);
1) The date the student began the College’s withdrawal process or officially notified the college in writing of intent to withdraw
2) For a student who withdraws from the College without notification, the date the college determines is related to the circumstances beyond the student’s control, or the midpoint of the semester; or,
3) The student’s last date of attendance at a documented academically related activity.

For a student who withdraws from the college without providing notification to the College, the College must determine the withdrawal date no later than 30 days after the end of the earliest of the payment period, the academic year, or the educational program.

Aid is returned to the following sources in order of priority, as established by Congress:
• Unsubsidized Federal Direct Loans
• Subsidized Federal Direct Loans
• Federal Pell Grants for which a return of aid is required
• Other Title IV assistance for which the return of aid is required
• Other federal, state, private or institutional financial assistance for which return of aid is required

There are six basic steps to the formula for calculating the amount of aid that must be returned to the Title IV programs. These steps are calculated by use of the web-based Return of Title IV Funds program:
1) Determine date of withdrawal from college and percentage of payment period attended by the student
2) Calculate amount of Title IV aid earned by the student
3) Compare amount earned and amounts disbursed to determine amount unearned
4) Determine late disbursement if amount earned is greater than amount disbursed
5) Determine amount of Title IV aid which must be returned if amount earned is less than amount disbursed
6) Calculate portion of aid to be returned by the college and the student

A student may have an outstanding balance with the college due to the Return of Title IV aid. A hold will be placed on student records until the repayment has been made in full. This hold will prevent obtaining an academic transcript.

Formulas:
Earned Aid (percentage of payment period or term completed) = the number of days completed up to the separation date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term).
Unearned Aid (aid to be returned) = (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total amount of aid that could have been disbursed during the payment period or term.
The federal aid formulas for return of funds can be somewhat confusing. Therefore, we suggest that you meet with the Financial Aid/Enrollment Manager before withdrawing for information on how withdrawal may affect your financial aid.

**Satisfactory Academic Progress ("SAP")**
Satisfactory academic progress must be maintained by all students, including financial aid recipients, in Centra College. Students’ progress is measured quantitatively (time frame) and qualitatively (grade). SAP is verified at the end of each term. Failure to meet any of the three standards of SAP will result in the student being placed on academic/financial aid probation. This action is automatic and does not require any appeals process by the student. See Satisfactory Academic Progress policy in this Handbook for more information.

Title IV funds can be awarded for the following term allowing the student to attain SAP during that term. A student on financial aid probation for a payment period may not receive Title IV funds for the subsequent payment period unless the student makes satisfactory academic progress. The student will receive written notification of academic/financial aid probation. The student may not appeal the decision regarding inability to receive Title IV funds.

**Programs Available**
- **Pell Grant** - A federal granted program for undergraduate needy students. This grant can be used to attend any eligible school.
- **William D. Ford Direct Loan Program** - direct loan borrowing.
- **Centra Health Foundation Scholarship** – A scholarship that awards deserving students in scholarships and stipends for pursuing their nursing education in their second semester and beyond in their program*
- **Military and Veterans Recognition** - A tuition discount of 15% will be provided to any student that has served in the military. This tuition discount applies to active-duty service members, reservists/National Guard, Veterans and spouses of these **Active** military personnel. Proper identification will be required for approval.
- **Bedford Community Health Foundation** - Tuition assistance applicable to residents of the town or county of Bedford who are full-time students that are employed in healthcare and have a 2.0 “C” average.
- **Direct Loan (subsidized and unsubsidized)** - A loan program whereby the United States Department of Education makes loans which are repayable after graduation. Federal funds enable the department to make these loans to students at a low interest rate. Students must meet the Federal criteria for eligibility.

Eligibility for disbursement of loan checks for first semester entering students is determined after thirty days of enrollment.

Students are encouraged to seek out financial assistance in the community. Service organizations, health care agencies, and fraternal orders often offer scholarships or loans, some of which are not based on financial need.
VETERANS EDUCATION ASSISTANCE – DELAYED PAYMENT

Any individual who is entitled to educational assistance under chapter 30, Montgomery GI Bill, chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill benefits must provide a certificate of eligibility for entitlement to education assistance no later than their first day of a course education. A certificate of eligibility can also include a statement of benefits obtained from the Department of Veterans Affairs’ website - eBenefits or VAF28-1905 form for chapter 31 authorization purposes. Alongside the certificate of eligibility must be a written request to use the entitlement. Centra College ensures that there will be no penalty or late fees, denial of access to classes, libraries, or other institutional facilities, nor will Centra College require a covered student borrow additional funds, or any covered individual because of the individual’s inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 30, 31 or 33. Finally, students are only charged in-state tuition costs along with their 15% military discount.

LOAN ENTRANCE AND EXIT COUNSELING

In order to promote repayment of Direct Loans and to decrease default rates, Entrance and Exit Counseling is completed for each student who applies for and receives a student loan. Students are required to complete on-line Entrance Counseling. A copy of the Entrance Counseling form is retained in their student financial aid file. No loan is disbursed without confirmation of an Entrance Counseling confirmation form. After completing the on-line counseling, the student may schedule an appointment with the Financial Aid & Enrollment Manager for further information or clarification.

Prior to graduation or withdrawal from Centra College, all students who have been recipients of student loans while attending Centra College are required to complete an on-line Exit Counseling program provided by the Financial Aid Office. The items covered are listed on the attached page. The students are required to complete an Exit Interview information form. This form is retained in their student financial aid file. These records are retained for three years from the date of graduation or withdrawal.

Upon graduation or withdrawal from Centra College, the U. S. Department of Education is notified as to the date of separation. Changes of status are also updated on the automated Student Status Confirmation Report. If a student withdraws or graduates without making and/or attending an Exit Interview session, a written letter requesting Exit Interview information is sent to the former student by mail containing instructions for completing on-line Exit Counseling.

Entrance and Exit Counseling of Students

Entrance Counseling:
- Explore all sources of aid
- Stress constraints on aid
- Urge students to read and save all loan documents
• Describe consequences of multiple borrowing
• Review requirements for satisfactory academic progress
• Review college’s refund policy

Exit Counseling:
• Review loan repayment obligations
• Provide data on average anticipated monthly repayment
• Provide information on debt management strategies
• Obtain borrower’s expected permanent address, expected employer’s name and address, address of next of kin
• Verify college record of borrower’s name, address, SSN, references, driver’s license number

Core Items (done during both Entrance and Exit Counseling):
• Remind students to keep lender informed
• Review loan terms and conditions
• Review student rights and responsibilities
• Review available repayment options
• Review deferment, forbearance, and cancellation conditions
• Review consequences of delinquency and default
• Loan repayment required even if program is not completed or doesn’t meet borrower’s expectations
• Counsel on personal financial planning

Student Rights
The student has the right to:

a. Know what financial assistance is available.
b. Know the deadlines for submitting an application.
c. Know the cost of attending.
d. Know the refund policy.
e. Know the criteria used by the College to select financial aid recipients.
f. Know how the College determines financial need.
g. Know what resources are considered in the calculation of need.
h. Know how much of his or her financial need, as determined by the College, has been met.
i. Request an explanation of the financial aid received.
j. Know what portion of the financial aid received must be repaid, the payback procedures, the length of time to repay the loan, and when repayment is to begin.
k. Know how the College determines whether the student is making satisfactory progress, and what happens if he or she is not.

Student Responsibilities
It is the student's responsibility to:

a. Review and consider all information about the College's program before enrolling.
b. Complete all application forms accurately and submit them on time to the right places.
c. Reapply each year if financial assistance is desired.
d. Return additional documentation, verification, corrections, and/or new information requested by the Office of Financial Aid, or the Department of Education.
e. Read and understand all forms and keep copies on file.
f. Accept responsibility for all agreements signed.
g. Notify the lender of changes in name and address or student status if loan is received.
h. Know and comply with the deadlines of application and reapplication for aid.
i. Know and comply with the College’s refund procedures.

Copies of the Student Aid Handbook are available for student reference in the office of the Financial Aid/Enrollment Manager.

Student Indebtness
76% of students received Financial Aid. The average student graduates with just $6,034 in loans.
MANAGEMENT OF STUDENT RECORDS

The Family Educational Rights and Privacy Act, Public Law 93-380 as amended in 1974 ("FERPA") requires educational agencies to inform eligible students (eighteen or over) and/or parents annually of their rights accorded by the FERPA Act.

Current student records and permanent files of graduates are in locked fire-resistant file cabinets and are located in an accessible place at Centra College. Administration and faculty have access to current student records. Administration has access to graduate records.

Student Account Record of Payments/Refunds can be printed from Student Database System upon request.

Maintained in Bursar & Student Accounts Managers’ office

155
6. Attendance Records | Course faculty record class/clinical attendance in the learning management system
--- | ---
7. Progress Reports applicable to current students only | Academic and/or clinical advisories on current, W/D, and LOA students only
8. Evaluations clinical & practicum | A.D.N. & P.N. final clinical evaluations kept in file room All programs: Survey evaluations maintained in Dean's office
9. Documentation of placement activity | Maintained in the Dean’s office & back-up documentation in Accreditation Specialist’s office

**Responsibility for Maintenance of Records**

Administration is responsible for the maintenance of student records. Persons who have access to these records are Administration and Faculty. Accreditation visitors may select records at random for review. Health record information may be released with student’s written consent.

1. **Student Access to Records:**
   a. The student may make a written request to Administration to review his/her educational record.
   b. Administration shall, within thirty days, notify the student of the date, time, and place for review of the record.
   c. The student who wishes to challenge any information in the record will request an informal meeting in an attempt to resolve the issue with the Dean.
   d. If a satisfactory agreement is not reached, the student may request, in writing, a formal hearing for the purpose of challenging the information.
   e. A formal hearing will be set-up and conducted with the student, Administrative personnel, and faculty. The student may present evidence relative to the issues raised. A written decision will be rendered within ten days after the hearing.

2. **Exceptions Regarding Release of Information:**
   a. Students may not view their parents' financial records.
   b. Students having signed a waiver of the right of access to confidential letters and statements of recommendation may not view them.
   c. Disclosure of records without consent is permitted according to established FERPA guidelines.

3. **Release of Information to Other Parties:**
   a. Written permission from the student or graduate is required before any information that is personally identifiable will be released.
b. A record will be kept in the permanent file listing the names of persons requesting information, date of access, and purpose.

c. Students may request transcripts be sent to designated institutions or persons. The student must submit a completed and signed Request for Transcript form available in the College office or the College website at www.centracollege.edu. There is no fee for transcripts requested by current students. A $5 fee per transcript request is charged for persons not currently enrolled in the College. In compliance with FERPA, telephone and third-party requests cannot be honored. Transcripts will not be released unless tuition and other obligations to the College have been satisfied.

Review and Expunging of Records
At the time of graduation, the permanent record is reviewed by the Student Records Coordinator for the purpose of deleting materials of a personal nature which are not relevant to that person’s ability to function as a licensed professional nurse.

CHANGES TO BACKGROUND CHECKS

- Students are responsible for notifying the Dean/Academic Director of the program, of arrests and/or convictions within five (5) class days of the arrest. Action by the College will depend on the nature of the arrest/conviction. Failure to make notification may result in dismissal from the College.
**BOWEN FITNESS CENTER**

The Bowen Fitness Center is located in the basement of the Dillard Education Building. Students must have a membership to the YMCA to use the services of the Bowen Fitness Center. Students who would like to sign up as a new member are given a discounted membership and will be asked to complete and sign a membership agreement and complete a health questionnaire. They must present their membership card and sign in when using the center. The Bowen Fitness Center is open seven days a week. Hours are as follows:

- **Monday-Friday:** 5:30AM-8:00PM
- **Saturday:** 11:30AM-1:00PM
- **Sunday:** 3:00PM-8:00PM

**CAFETERIA AND DINING FACILITIES**

Cafeterias are located at Centra Lynchburg General Hospital and Centra Virginia Baptist Hospital. Students are entitled to a discount when purchasing meals and snack items in the hospital cafeterias. The student must wear proper ID badges for the discount to be honored. When assigned in community areas, students are responsible for their own meals. Daily food storage and dining facilities are located in the student lounge.

**LIBRARY**

The Health Sciences Library at Centra Lynchburg General and the Barksdale Library at Centra Virginia Baptist Hospital are available for student use. Students must provide identification through student ID badges when requested. Library users are asked to respect the rights of others by maintaining an atmosphere that is conducive to studying, reading, and research.

The Health Sciences Library is staffed Monday-Friday from 8:00 a.m. - 4:30 p.m. It is accessible at all times, but if you want to meet with the librarian, it is recommended that you contact her ahead of time. Routine rounds are made by hospital security. The Barksdale Library does not currently have a set schedule for onsite staffing. It is also accessible at all times.

Library staff may be reached as follows:
- telephone (434) 200-3147
- fax (434) 200-3104

There are also request forms for library services available at both library sites and on the library homepage on Centra’s intranet, CentraPeople.

Computers are also available at all times in the libraries on a first-come, first-serve basis. It is necessary to use your Centra login to access the desktop programs, including the Internet.

*Access to Library Resources*
Books with sign-out cards may be borrowed for two weeks; sign-out cards are usually located at the back of the book. Completed cards should include the following information: date item is borrowed, name of borrower, Centra College, student phone number, and email address. The cards are then dropped into the box on top of the card catalog. No books labeled REFERENCE or journals (bound or loose) may be borrowed. Books should be returned to the "Book Return" box next to the current journals section.

Transcripts and/or final grades will be held by Centra College until all library obligations are met, i.e.: outstanding library holdings and fines.

Renewals may be requested by contacting library staff in person or via phone, fax, or email. Books may be renewed for an additional two weeks. A request for renewal may be refused if the item is needed by another library patron.

Please do not re-shelve materials. Items incorrectly placed on the shelves may be temporarily lost to other library users. At the Barksdale Library, used materials should be placed on the conference table. At the Health Sciences Library, used materials should be placed on the book cart; if the book cart is full or unavailable, please leave the items on one of the tables.

Copies of library holdings from the storage area will be provided at no charge. Items in the library can be copied by the student at no charge. There will be a charge of $.05 per page for copying non-library materials. Information on copyright law is posted at the photocopier. The library staff complies with copyright law and may refuse a copying request if it would violate the “fair use” provision.

The Library provides access to an array of electronic resources. Along with eBooks, the Library subscribes to 11 EBSCOhost databases (including CINAHL), Natural Standard (alternative and complementary therapies), and Nursing Reference Center (NRC). NRC provides the best and most recent clinical evidence and reference information through diseases and drug information, clinical skills, quick lessons, evidence-based care sheets, cultural competence care practices, full-text book and journal references, patient education, and continuing education modules. Electronic links to full-text journals are aggregated in EBSCO A-to-Z. The electronic library is accessible via the learning platform for full distance education in the R.N-B.S.N. program.

**Interlibrary Loans**

Materials not available at either library may be requested from other libraries for members of the Centra community. The Health Sciences Library belongs to several interlibrary loan networks and most items can be obtained at no charge. Some institutions, however, have set charges ranging from $9.00 - $12.00 per item plus up to a $5.00 rush surcharge. These charges are passed along to the requestor only with the prior approval.

**Reference**
Library staff is available to assist library users in answering research and reference questions. Reference services include assistance in using electronic and internet resources. Such requests may be made in person or via telephone, fax, or email. Forms are also available for library patrons to leave requests at the Health Sciences Librarian's office.

**Bibliographic Instruction**
Library staff will provide orientation to the use of the libraries' collections and electronic resources. This orientation may include help in locating materials, in using the online catalog, and in questions pertaining to computer-based access to EBSCOhost and other electronic resources. One-on-one and small-group training sessions may be set up in advance by contacting the librarian.

**Collection Development**
Any suggestions students have for new books should be directed to the Chair, Learning Resources & Simulation Committee, Centra College.

**Eating and Drinking**
Beverages in closed containers may be brought into the library. Food is not permitted in the library in order to protect the library materials and equipment from damage.

**Library-Related Honor Code Violations**
Any student who tears out pages from books or magazines, or takes unauthorized materials from the Library, is subject to being banned from using the Library and may be dismissed from the College. Such action is considered a violation of the Honor Code.
STUDENTS SERVING ON COMMITTEES

Student representatives will be chosen for select student governance committees to provide feedback from the student body.

SOCIAL ACTIVITIES GUIDELINES

Student organizations may sponsor social activities. Organization sponsors, who are faculty members, serve as resource persons to students in planning and carrying out such activities. Reservations for the desired space must be made through the College office where there is a calendar of events scheduled in the building.

STUDENT GOVERNMENT ASSOCIATION

Rules and Regulations of the Student Government Association

Preamble
The following Rules and Regulations for the Student Government Association have been adopted.

Article I: Title
The name of the organization shall be the Student Government Association of Centra College.

Article II: Purpose
The purpose of the Student Government Association shall be to:
1. Interpret and uphold the rules, regulations, and Honor Code.
2. Maintain and enforce the decision of the Honor Council.
3. Promote a professional collaboration among students, faculty, staff, and graduates.
4. Transact business pertaining to the student body.
5. Promote development of leadership skills by participation in the activities of this Association.

Article III: Membership
All students are to be active members of the Association and have the power to vote.

Article IV: Executive Committee Members
Each class of Centra College will elect a student and an alternate to serve for one year on the Executive Committee. The elected student will attend all meetings of the Executive Committee. In the event the elected student is unable to attend, the alternate student will serve as the representative from that class. It is up to the discretion of each class to elect a new student and alternate after one year. In the event the elected student is no longer able to fill the duties as an Executive Committee member, the alternate will assume the representative’s role and the class will elect a new alternate.
Article V: Duties and Powers

Section 1: Executive Committee Members: It shall be the duty of the Executive Committee members...

A. To attend all meetings of the Student Government Executive Board
B. To act as a representative of the Student Government Association and Executive Board.
C. To review the Student Government Association Website forum.
D. To post a calendar of events useful to the students concerning events occurring in the community.
E. To share in the processing of meeting minutes and distribute to the Executive Board and the Faculty Advisor.
F. To make decisions regarding the utilization of the Student Government funds.
G. To plan and conduct an annual business meeting of the Student Government Association.

Section 2: Faculty Advisor: It shall be the duty of the Faculty Advisor...

A. To act as a resource person to the Executive Committee members.
B. To act as a resource person for the planning and conducting of activities of the Student Government Association.
C. To file and post information prepared by the Executive Committee to the Student Government website.

Article VI: Meetings of the Student Government Association

Section 1. A group meeting shall be held annually.
Section 2. One-half of the student body and two officers shall constitute a quorum.
Section 3. Special meetings shall be called by an Executive Committee member, Faculty Advisor, Dean or by a quorum.
Section 4. Student Government Association meeting minutes and announcements shall be posted on the website.
Section 5. Members are to review the Student Government Association meeting minutes on the Student Resources website.
and post comments or questions in the forum for discussion.
Section 6. Voting shall be by voice, show of hands, or secret ballot as indicated.
Section 7. Order of business at a group meeting:
A. Call to order
B. Welcome and announcements
C. Communications
D. Report of the Treasurer
E. Unfinished Business
F. New Business
G. Adjournment
Section 8. Order of Business shall be communicated monthly and as needed on the Student Resources website:
A. Welcome and announcements from the Executive Committee
B. Communications
C. Report of the Student Government Funds
D. Unfinished Business
E. New Business
F. Adjournment

Article VII: Meetings, Duties, and Powers of the Executive Committee

Section 1. Meetings:
A. The Executive Committee meetings shall be held monthly when college is in session and as needed.
B. Special meetings may be held at the discretion of any member of the Executive Committee, Faculty Advisor, or the Dean.
C. Attendance shall be required of all members of the Executive Committee. In the event an Executive Committee member is unable to attend, the student alternate will attend the meeting. It is the responsibility of each member of the Executive Committee to inform the class alternate of the date, time and place of the meeting in which the elected student cannot attend.

Section 2. Duties and Powers:
A. To actively participate in the meetings and planned activities of the Executive Committee and the Student Government Association.
B. To interpret the Rules and Regulations of the Student Government Association.
C. To perform duties as specified in these Rules and Regulations.

Article VIII: Honor Council

Section 1: This organization shall provide for the establishment of an Honor council at Centra College.

Section 2: The Honor Council shall adopt its own Constitution and Rules and Regulations which will become a part of the Student Handbook.

Article IX: Amendments

Section 1. Amendments to the Rules and Regulations of the Student Government Association may be proposed and submitted in writing to the Executive Committee for approval.
Section 2. After approval by the Executive Committee, the proposed amendments shall be presented to the Faculty Advisor and the Dean for review.
Section 3. After approval, the proposed amendments shall be posted.
Section 4. The Rules and Regulations may be amended by a quorum vote and thereafter become effective.

**NATIONAL ASSOCIATION FOR PRACTICAL NURSE EDUCATION AND SERVICES**

Student memberships in N.A.P.N.E.S. are open to individuals who are currently students in a state approved practical/vocational nursing school.

**HEALTH OCCUPATIONS STUDENTS OF AMERICA (HOSA) FOR NURSE AIDE**

Student memberships in HOSA are open. Please visit the website for further membership information.

Website: [http://HOSA.ORG/NODE/113](http://HOSA.ORG/NODE/113)

**VIRGINIA NURSING STUDENTS ASSOCIATION**

The Virginia Nursing Students Association (VNSA) is a constituent of the National Student Nurses Association (NSNA). The mission of this organization is “to mentor students preparing for initial licensure as registered nurses, and to convey the standards, ethics, and skills that students will need as responsible and accountable leaders and members of the profession.” This College is a constituent member of VNSA. Membership is optional but is highly encouraged. There is a faculty advisor for the College Chapter.
STUDENT NOT MEETING REQUIREMENTS FOR SAP: APPEAL POLICY

Student Appeal Process for not meeting the Requirements for Satisfactory Academic Progress
Centra College sets forth the following academic appeal process. All efforts will be made to make the appeal procedure efficient and timely for all parties involved. The Academic Program Directors will decide if the student will have permission to attend learning experiences during the appeal process. An appeal must be initiated by the student directly affected. It is required that a student progress through each level of the appeal process in a timely manner. Once the student is notified of a decision made at one level of the appeal process, the student will have three (3) business days to progress to the next level if the student so chooses. Centra College will also be responsible for timely decisions during the appeal process. Hearings for level one through level three appeals will be arranged within three (3) business days from the date of a student’s request. A decision will be made within three (3) business days after each level.

Academic Appeal

The academic appeal procedure is set forth to provide for issues related to academic matters that cannot be resolved by the faculty member and student.

Level One: Informal Appeal
The student appeal for not meeting the Requirements for Satisfactory Academic Progress (SAP) should be raised and settled in an efficient and timely manner. Within three (3) business days following posted grades, the student must contact the instructor via email and request an appointment to discuss concerns. An attempt should be made by all parties to resolve the issue informally. The instructor will respond to the student, Academic Director of the program, and the Dean via email within three (3) business day of meeting regarding the outcome of the appeal request.

Level Two: Formal Appeal
If a resolution cannot be reached between a student and an instructor regarding an academic issue, the student may contact the Academic Program Director. The student must provide a written request for an appeal within three (3) business days of the email related to the informal appeal from the instructor. Within three (3) business day of receipt of the written appeal, the Academic Program Director will communicate with the student and instructor and schedule a joint conference of all parties involved. The Academic Program Director will issue a written report of the meeting within three (3) business days of the joint conference to the student, the instructor, and the Dean via email regarding the outcome of the appeal request.

Level Three: SAP Appeal Review Committee
If the student wishes to appeal the decision of the Academic Program Director, the student may continue the appeal process with a written appeal to the Dean. This must be completed within three (3) business days of receipt of the email from the Academic Program Director regarding the decision following the joint conference. This written appeal must contain: a statement of the issue, a description of any attempts to resolve the issue, relevant information and
documentation, and the resolution desired. The Dean will appoint a SAP Appeal Honor Council Committee within three (3) business days of receipt of the written appeal. This committee will be comprised of four (4) uninvolved faculty members and one (1) student for the Honor Council. The Dean will preside over the committee but will not vote.

The SAP Appeal Honor Council Committee will convene within three (3) business days of being appointed. This committee will examine all documentation and may meet with the student, instructor, and/or Academic Director of the Program at their discretion. The committee will reach a majority decision, which is final. The Dean will communicate the findings with the student, instructor, and Academic Director of the program within three (3) business days.

As a courtesy, College requests that the student send to the College a copy of his/her complaint to the State Council of Higher Education for Virginia at the time it is filed.
STUDENT FINAL GRADE APPEAL

I. Overview
This policy applies to a student who is enrolled in Centra College and expresses concerns regarding his or her final grade was determined in an unfair and arbitrary manner. This policy is not applicable to grades on individual tests, examinations, reports and other assignments prior to the posting of the final course grade.

A student may appeal a final class grade for allegations that;
(1) pertain to methods or criteria for evaluating their performance (as stated in the course syllabus or as communicated by the instructor by e-mail or by LMS announcement) were not adhered to in determining the final grade; or
(2) the instructor applied grading criteria unfairly or arbitrarily; and/or
(3) unfair evaluation on performance in class or clinical.

I. Procedure
   o Step 1
      Within three business days following the posting of the final grade in the LMS, the student must contact the instructor via e-mail and request an appointment to discuss his or her concerns regarding the final course grade. (A business day is defined as a Monday through Friday when the College is open.) An attempt should be made to resolve the concern informally. Within two (2) business days after meeting with the student, the instructor must submit a documentation via e-mail to the student, Academic Director, and Dean of the outcome of the meeting.

   o Step 2
      If the matter cannot be resolved at Step 1, the student may submit a written appeal to the Academic Director within two (2) business days following receipt of the e-mail documentation from the instructor. Within two (2) business days of receipt of this appeal, the Academic Director will schedule a joint conference with the involved parties in an attempt to reach a mutual agreement. The Academic Director will issue a written finding within two (2) business days of the joint conference.

   o Step 3
      If the matter cannot be resolved at Step 2, the student may submit a written appeal to the Dean within two (2) business days following receipt from the Academic Director of the written findings. The student’s appeal must contain a statement of the problem, a description of any attempts to resolve the problem, relevant information and documentation, and the resolution sought. The only issues that can be reviewed on appeal are those asserted in the filing of the findings in Step 2. The Dean will then appoint the Final Grade Appeal Review Committee within three (3) business days.
The Final Grade Appeal Review Committee is appointed as needed and is comprised of the Dean (or designee of Dean), three (3) uninvolved faculty members who are appointed by the Dean and one (1) student not within the same semester who is appointed by the Dean. The Dean or designee will preside over the review committee but will not vote in the committee’s final determination.

The Final Grade Appeal Review Committee will convene within three (3) business days of being appointed by the Dean. The committee will examine all documentation and may, at its discretion, interview the student grievant, faculty member, Academic Director, and/or Dean. The committee also may interview other faculty members whom it believes may offer relevant information about the grade appeal under review. A determination will be reached by the committee by majority vote as follows:

- Affirm the appeal and recommend a change in the grade, or
- Deny the appeal and recommend the grade stands as originally assigned.

The Dean will communicate in writing to the student, Academic Director, and faculty member(s) of the committee’s determination. The committee’s determination is final.
STUDENT GRIEVANCE

I. Purpose
The purpose of the student grievance procedure is to ensure students receive due process and resolution of concerns in a fair and timely manner and to promote an educational environment that values open communication, fair treatment, mutual respect, and trust among students, faculty and staff.

II. Degree of Coverage
A. Grievance - a difference of opinion or disagreement between a student and staff member (faculty or supportive staff) concerning the relevance and/or administration of the rules, policies, procedures, or regulations of the College.
B. Items that may be grieved:
1. Complaints of discrimination/harassment/malice
2. Alleged procedural irregularity
3. Issues related to ADA accommodations
4. Program dismissal
C. Items that may not be grieved: any decisions made by
   • The Honor Council
   • Admissions Committee
   • Final Grade Appeal Review Committee.

III. Procedure
   o **Step 1** – Before filing any grievance, the student is strongly encouraged to address concerns informally with the faculty and/or staff most directly involved in the issue. Every reasonable effort should be made on both sides to settle the matter at this level. Faculty and/or staff will e-mail within one (1) business day to the Academic Director details of the involved grievance.
   
   o **Step 2** - If the issue is not resolved, the student will present the complaint in writing to the Academic Director within two (2) business days after the informal meeting/discussion with the involved faculty/staff. Within two (2) business days of receipt of this grievance, the Academic Director will schedule a joint conference with the involved parties in an attempt to reach a mutual agreement. The Academic Director will e-mail within one (1) business day documentation of the outcome to the student, parties involved, and Dean.
   
   o **Step 3** – If the student is not satisfied with the resolution of the grievance in step 2, a written appeal must be made to the Dean within two (2) business days of receipt of the e-mailed documentation. The Dean will review the request for an appeal. The Dean will appoint an Ad Hoc Honor Council Committee of four (4) uninvolved faculty/staff and one (1) student from a different semester and/or program for Honor Council. The Dean (or designee) will serve as chairman for this committee without voting privileges. The hearing will be held within five (5) business days after the Ad Hoc Honor Council Committee has been chosen. The
Ad Hoc Honor Council Committee will make its decision by majority vote and communicate its decision in writing to the Dean. The Dean will report to the student the final decision in writing.

IV. General Provisions
A. Identification - all written grievances and appeals will include the name and position of the aggrieved student(s), and:
   1. a brief description of the grievance
   2. specific reasons and documentation of the nature of the grievance
   3. specific resolution sought by the student.
      o Should a grievance involve more than one student or a group of students, all students involved will be allowed to make representation.

B. Rights of Grievant - both parties have the right to present and cross-examine witnesses, to present evidence, and to examine all evidence introduced during the proceedings.

C. Procedure for Hearing:
   1. The Chair will begin the proceeding by explaining the confidentiality of the Honor Council’s hearing.
   2. Each member will be introduced by the Dean.
   3. The student filing the grievance will present documentation to support his/her complaint and may present witnesses on his/her behalf.
   4. The faculty or staff member against whom the grievance was filed will present his/her presentation of the facts and may also present witnesses on his/her behalf.
   5. Honor Council members will be permitted to ask any questions pertinent to the case at any time during the proceeding.
   6. After all the facts have been presented, all parties will be dismissed except for the Honor Council committee members who will then discuss the case and vote. The Dean will issue a written finding to the student within two (2) business days of the hearing.
   7. Written minutes will be kept on all meetings related to the hearing and will be kept on file in the Office of the Dean of the Centra College for a minimum of 3 years.

D. If the student complaint cannot be resolved after exhausting the College’s grievance procedure, the student may file a complaint with the State Council of Higher Education for Virginia. Written complaints should be submitted to:

   State Council of Higher Education for Virginia
   10th Floor, James Monroe Building
   101 N. 14th Street
Richmond, VA 23219

As a courtesy, Centra College requests that the student send to the College a copy of his/her complaint to the State Council of Higher Education for Virginia at the time it is filed.
HONOR COUNCIL

RULES AND REGULATIONS OF THE HONOR COUNCIL

Article I. Name
The name of this organization shall be the Honor Council of Centra College.

Article II. Purpose of the Honor Code
The purpose of the Honor Council is to consider infractions of the Honor Code. The integrity of the nursing student concerning the Honor Code is to be applied in academic settings and clinical areas.

Article III. Functions
The functions of the Honor Council are to set forth and define regulations, responsibilities and violations, and to establish a fair system of justice regarding violations of the individual student in relation to the Honor Code.

Article IV. Membership
The Honor Council shall:
A. Consist of an appointed ADHOC committee of 4 uninvolved faculty and at least 1 appointed student who are willing to assume responsibility and be held accountable.

Article V. Member Responsibilities
Member responsibilities at the time of an infraction are as follows:
A. Dean
   1. Duties:
      a. Serves as chair; preside over all meetings with non-voting privileges.
      b. Notify the accused student and the accuser in writing of the time, date, and place of the hearing and of the accusation. The confidentiality of the meeting will be held with respect to the Honor Council and the students involved;
      c. Notify all persons involved of the Honor Council's final decision.
      d. Maintain security of all Honor Council transactions pertaining to minutes of the meetings. All minutes of hearings are to be retained and held in locked cabinets in the Dean’s office for a minimum period of three years.
B. Honor Council Faculty Members
   1. Duties:
      a. Attend meetings and hearings as assigned;
      b. Cast one vote in the Honor Council’s final decision;
      c. Take the responsibility of not hearing cases involving personal bias;
      d. Act as an aide to the Dean.
C. Secretary
   1. Duties
      a. Record minutes at every meeting;
      b. Provides copies of meeting minutes for the Dean
D. Student Representatives
   1. Duties:
      a. Attend all meetings and hearings as assigned;
      b. Cast one vote in the Honor Council's final decision;
      c. Take the responsibility of not hearing cases involving personal bias;
      d. Contact the Dean in the event of a necessary absence from any assigned hearing;
      e. An alternate will be chosen and will assume the responsibility of the representative in his/her absence.

Article VI. Hearings
A. Hearings will be scheduled as needed.
B. Persons involved will be informed that an infraction has been reported and that a hearing is to take place.

Article VII. Procedure for Reporting Infractions
A. A student or faculty member observing an infraction will report to the Academic Director or Dean.
B. If an infraction occurs during a test or examination and a faculty proctor is present, the infraction will be reported by the accuser immediately to the proctor.
C. If the infraction is observed in the clinical area, the instructor will be immediately informed of the student's infraction. Any immediate action necessary for the welfare of the patient will be handled by the instructor and then reported to the Academic Director.

Article VIII. Procedure for Hearings
A. The Chair will begin the proceedings by explaining the confidentiality of the Honor Council's hearing.
B. Each member will be introduced by the Dean.
C. The accused and accuser will have the privilege of asking for the dismissal of an Honor Council member if they feel bias is present. If the Honor Council member does not wish to be dismissed, the Dean will make a final decision regarding the matter. If an Honor Council member is dismissed from the hearing, an alternate chosen by the Dean will occupy the vacancy.
D. The accuser will present facts of accusation.
E. The accuser may present a witness or witnesses of the infraction on his/her behalf.
F. The accused will present his/her defense.
G. The accused may present a witness or witnesses on his/her behalf.
H. Honor Council members will be permitted to ask any question pertinent to the case.
I. After all the facts have been presented, all parties will be dismissed except for the Honor Council.
J. Honor Council will discuss the case and will vote by secret ballot.
K. The Dean will count the ballots.
L. A unanimous vote will be required to pronounce a student guilty.
M. The accused will be notified via certified letter after a final decision is written by the Dean within 2 business days of the hearing.

N. The Dean will present all decisions and Honor Council recommendations immediately after notifying the accused.

O. Time limit of one week from the hearing will be allowed for time of appeal and scheduling of a re-hearing.

P. The basis for an appeal is new evidence to be presented and/or feelings of injustice. The same Honor Court will preside.

**Article IX. Recommendations of Penalties**

A. Penalties will be set with recommendations from the Dean.

B. The incident and penalty will go on the College record, to be expunged upon graduation.

**Article X. Amendments**

A. Amendments to the Rules and Regulations of the Honor Council bylaws may be proposed by any member of the student government and/or administrative staff, and submitted in writing to the President or faculty advisor of the Student Government Association.

B. All proposed amendments shall be prepared by and submitted to the Dean.

C. After approval by the Dean, the proposed amendments shall be presented to the student government.

**Article XI. Honor Code Pledge**

Upon admission, the Honor Code Pledge will be acknowledged by the student's reading and signing of an Honor Code Pledge.
