Post ICU Recovery Clinic

Centra's Post ICU Recovery Clinic (PICS) is for patients who have been in Intensive Care, on life support, delirious or had an extended hospital stay. The clinic is comprised of an interdisciplinary team who are familiar with the ICU and its lasting effects. Patients are seen once they are discharged home, done with rehabilitation and home health and living their "new normal." The clinic assesses the patient and their family for signs of Post Intensive Care Syndrome (PICS) and evaluates them for any further needs they may have.

How to Refer:

Inpatient:

In Cerner, add an order, in the search field start typing "follow up" and select "Follow up Post ICU Clinic (PICS)" in the drop-down menu. Next, in the "Follow-up within" field, select one month (the clinic will track to see when it is appropriate for patient to be seen). Lastly, on "order comments" field, put details for referral and attach a diagnosis.

Outpatient:

Call or send referral via fax or through the referral management system in Cerner for the following location: ****In the referral management system, the clinic shows as Post ICU Follow Up Clinic under the medical service field and the practice is listed as the Centra Post ICU Follow Up Clinic***

- Centra Post ICU Recovery Clinic (PICS)
Phone: 434.200.3564 **Fax:** 434.200.4063

Pulmonary Hypertension Clinic

Centra's Pulmonary Hypertension Clinic, currently scheduling new patient appointments within two weeks, is a specialized program offering a multidisciplinary approach for patients affected by pulmonary hypertension. The clinic providers, Dr. John Plankeel and Jennifer Tice, NP, offer services one day a week at the 2512 Langhorne Road, Lynchburg, VA location. To learn more about the Pulmonary Hypertension Clinic at Centra, click here [Pulmonary Hypertension Program | Centra Health](#).

How to Refer:

***For patients ages 18+**

Call or send referral via fax or through the referral management system in Cerner for the following location: ****Please note, "Pulmonary Hypertension Clinic" on the referral***

- Centra Medical Group (CMG) Sleep Wellness Center
2512 Langhorne Road, Lynchburg, VA 24501
Phone: 434.528.2194 **Fax:** 434.528.2196

Phone: 434.200.7600 **Fax:** 434.200.1294
- Location: Centra Rehabilitation - Farmville
935 S. Main Street, Farmville, VA 23901

CANCER CARE

Genetic Counseling

Centra's Alan B. Pearson Regional Cancer Center genetic counselors can provide hereditary cancer risk assessments, genetic counseling and genetic testing for patients who may have a hereditary predisposition to cancer. Patients with a personal or family history of breast, ovarian, pancreatic, prostate, colorectal, uterine or gastric cancer may be candidates for genetic evaluation. *Centra currently only offers genetic counseling related to cancers

How to Refer:

Call or send referral via fax for the following location:

- Centra Alan B. Pearson Regional Cancer Center Hematology Oncology Clinic
1701 Thomson Drive, Lynchburg, VA 24501
Phone: 434.200.4522 **Fax:** 434.485.7840

Hematology Oncology

New Providers / Capabilities:

Ronetta Mar Hoover, DNP, RN joined Centra Medical Group (CMG) Hematology Oncology team. Currently not scheduling new patient appointments. Click here to learn more about [Ronetta E. Mar Hoover, DNP, RN | Centra Health](#).

To learn more about Centra Alan B. Pearson Cancer Center providers, click here: [Centra Alan B. Cancer Center Providers | Centra Health](#).

How to Refer:

Call or send referral via fax for the following location:

- Centra Alan B. Pearson Regional Cancer Center Hematology Oncology Clinic
1701 Thomson Drive, Lynchburg, VA 24501
Phone: 434.200.4522 **Fax:** 434.485.7840

Radiation Oncology

New Procedures / Technology:

Centra's Alan B. Pearson Regional Cancer Center has upgraded to the Varian TrueBeam Linear Accelerator. This upgraded technology can provide targeted radiation treatment for many different types of cancers. It also offers patients Deep Inspiration Breath Hold (DIBH) treatments, a technique used for left breast cancer treatments to protect the heart and for additional cancers. Centra's Radiation Oncologists, Dr. Angela Brady, Dr. Joy Hilliard and Dr. Michael O'Neill, are utilizing the innovative technology at the following location:

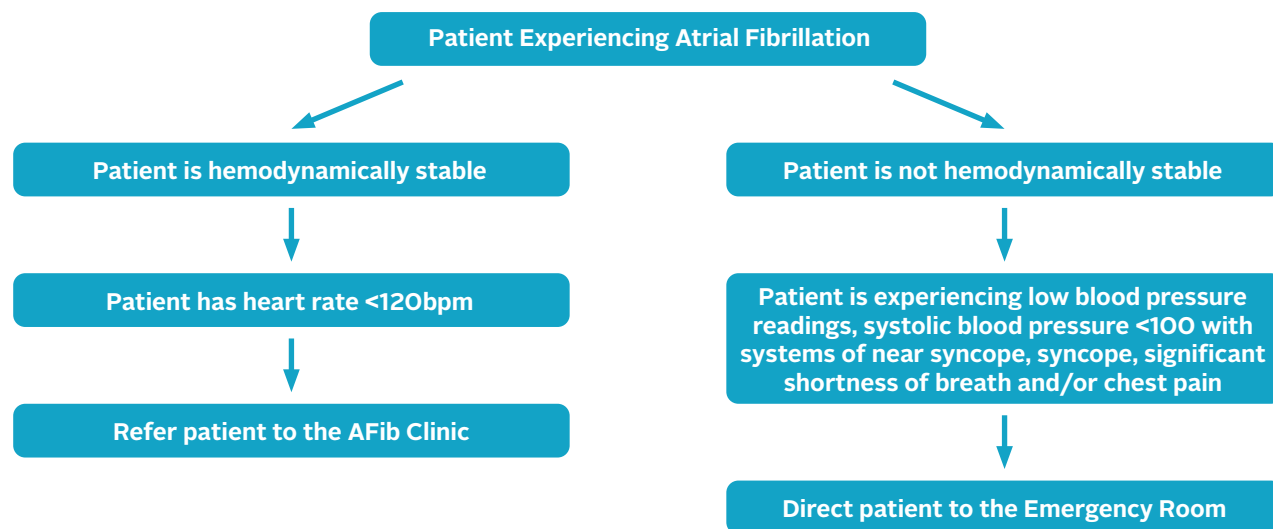

- Centra Alan B. Pearson Regional Cancer Center Radiation Oncology Clinic
1701 Thomson Drive, Lynchburg, VA 24501 ***Located on first floor**
Phone: 434.200.4522 **Fax:** 434.485.7840

Clinical Trials:

Centra offers patients the opportunity to participate in clinical research studies at the Alan B. Pearson Regional Cancer Center. Clinical trials can broaden treatment options for patients. To learn more, click here [Cancer Clinical Trials | Centra Health](#) or contact the Clinical Trial team at 434.200.1495.

Atrial Fibrillation (AFib) Clinic

When to refer a patient to Emergency Department vs the Outpatient AFib Clinic:

How to Refer:

Scheduling new patient appointments within a week. Call or send referral via fax or through the Referral Management System in Cerner for the following location: ****When referring, please note “AFib Clinic” on referral***

- Centra Heart & Vascular Institute - Lynchburg
2410 Atherholt Road, Lynchburg, VA 24501
Phone: 434.200.5252, option 3, ask for the EP AFib clinic scheduler **Fax:** 434.200.2496

Click here to learn more about the clinic: [Atrial Fibrillation | Centra Health](#)

Cardiology

New Providers / Capabilities:

Dr. Supawat Ratanapo has joined the Centra Heart & Vascular Institute team specializing in structural cardiology. Scheduling new patient appointments beginning November. Click here to learn more about [Supawat Ratanapo, MD | Centra Health](#).

Dr. Wojciech Rzechorzek has joined the Centra Heart & Vascular Institute team specializing in congestive heart failure (CHF). Scheduling new patient appointments toward the beginning of October. Click here to learn more about [Wojciech Rzechorzek, MD | Centra Health](#).

Clinical Trials:

The Centra Heart & Vascular Institute conducts clinical research on dyslipidemia, heart failure, arterial disease, electrophysiology, and cardiac surgery. For more information, please contact the Clinical Trial team at 434.200.2727.

Endocrinology

New Providers / Capabilities:

Dr. Sandra Iwuala has joined the Centra Medical Group (CMG) Endocrinology team. Scheduling new patient appointments beginning November 1st. Click here to learn more about [Sandra Iwuala, MD | Centra Health](#).

Ciara Antolin, NP has joined the Centra Medical Group (CMG) Endocrinology team. Scheduling new patient appointments beginning October 1st. Click here to learn more about [Ciara Antolin, AGPCNP-BC | Centra Health](#).

Torey Todd, PA has joined the Centra Medical Group (CMG) Endocrinology team providing inpatient endocrinology care at Centra Lynchburg General Hospital. Click here to learn more about [Torey Todd, PA-C | Centra Health](#).

How to Refer:

Call or send referral via fax or through the referral management system in Cerner for the following location:

- Centra Medical Group (CMG) Endocrinology Center ***Please note new location**
2015 Tate Springs Road, Lynchburg, VA 24501
Phone: 434.200.4422 **Fax:** 434.200.845.3032

Resistant Hypertension Clinic

Centra's Heart & Vascular Institute launched the Resistant Hypertension Clinic on September 6th, 2024. Click to learn more about the clinic [Resistant Hypertension Clinic | Centra Health](#).

Referral Criteria: ***Please note, the clinic will not follow a patient long-term**

- Patient is 18-90 years old
- Patient has uncontrolled blood pressure (BP >130/80)
- Patient trialed on 3 antihypertensive agents including a diuretic or have tried a diuretic
- Patient has medication intolerance
- Onset of hypertension \leq 30 years old

Exclusionary Criteria:

- Patient has chronic kidney disease (CKD)
- Patient is on dialysis
- Patient is being followed by a nephrologist

Hypertension screening labs/testing prior to referring:

- CBC
- CMP
- TSH
- Urinalysis
- EKG
- If patient has a low potassium (<3.5), would recommend checking renin level and aldosterone level
 - Must be off MRA (Spironolactone or Eplerenone) for 4-6 weeks prior to checking these levels
- If patient has proteinuria >300 , Cr >2.0 , and/or gFR <30
 - Refer to Nephrology
 - If patient already established with Nephrology, continue with primary nephrologist

How to Refer:

Scheduling new patient appointments within two to three weeks. Call or send referral via fax for the following location:

***When referring, please note "Resistive Hypertension Clinic" on referral**

- Centra Heart & Vascular Institute - Lynchburg ***Clinic day is every Friday**
2410 Atherholt Road, Lynchburg, VA 24501
Phone: 434.200.5252 **Fax:** 434.200.2871

New Procedures / Technology:

The Centra Heart & Vascular Institute has begun performing Renal Denervation Procedures for patients with severe hypertension. Known as the Symplicity™ blood pressure procedure, it is minimally invasive and targets nerves near the kidneys that can become overactive and cause elevated blood pressure. A candidate for this procedure would be referred to the Centra Resistant Hypertension Clinic for evaluation.

How to Refer:

Scheduling new patient appointments within two to three weeks. Call or send referral via fax for the following location:

***When referring, please note "Resistive Hypertension Clinic" on referral**

- Centra Heart & Vascular Institute- Lynchburg ***Clinic day is every Friday**
2410 Atherholt Road, Lynchburg, VA 24501
Phone: 434.200.5252 **Fax:** 434.200.2871

LABORATORY SERVICES

New Providers / Capabilities:

Starting June 2024, Centra Laboratory began offering in-house PCR testing for Chlamydia Trachomatis (CT), Neisseria Gonorrhoeae (NG) and Trichomonas Vaginalis (TV) for both men and women. These upgraded testing capabilities will improve turn-around times for results. This replaced the testing that was being sent to LabCorp. Please discontinue collecting specimens with the Aptima collection kits.

How to Order:

There are three test code options available to choose from:

- CT/NG-PCR (endocervical, vaginal, urine, rectal*, pharyngeal*)
- CT/NG/TV-PCR (endocervical, vaginal, urine)
- TV-PCR (endocervical, vaginal, urine)

New collection devices will be required for this testing and education can be provided to caregivers for the use of these new kits:

***These kits are available from Centra Lab, using the same process already in place to obtain other Centra Lab supplies.**

- Cepheid Xpert Swab Collection Kit (endocervical, vaginal, rectal*, pharyngeal*)
- Cepheid Xpert Urine Collection Kit

***Please note, rectal and pharyngeal specimen types have been validated by Cepheid and approved by the FDA, yet have not been verified within Centra Lab. Therefore, clinical correlation is required regarding these results.**

Any questions can be directed to the Centra Lab Client Services Associate or the Microbiology Lab at 434.200.7054.

OCCUPATIONAL MEDICINE

New Providers / Capabilities:

Dr. Cindy Hanawalt has joined Centra Healthworks as the medical director. Click here to learn more about [Cindy Hanawalt, MD, PhD | Centra Health](#).

PEDIATRICS

On September 1st, 2024, Centra Medical Group (CMG) Pediatric Hospitalist Group began covering all newborns admitted to Centra's Virginia Baptist Hospital (VBH) Mother Baby Unit. Independent community pediatricians will no longer be rounding on the Mother Baby Unit at Virginia Baptist Hospital. Newborns followed by the Centra Medical Group (CMG) Lynchburg Family Medicine Residency will not be included in this process change.

RADIOLOGY

Prior Authorizations

Centra is working to streamline and transform our prior authorization workflow by implementing a system-wide approach that will offer our patients timely access to care at all our facilities. Centra plans to use one centralized team for submitting pre-authorizations for scheduled outpatient services.

Once this workflow is fully implemented, ordering providers will continue to schedule services, provide clinical documentation, and maintain communication with their patients. However, they will no longer have responsibility for contacting the insurance company to facilitate the authorization request process.

Due to the scope of this transition, a phased approach has been implemented. The initial phase has been successful and helped us identify process improvement opportunities, staff adjustments, detailed processes, and payer documentation for future phases.

Our next phase will include all Radiology Imaging Outpatient Studies (Hospital Facilities and Centra Central Virginia Imaging [CVI]). The go live for this phase is October 1, 2024.

Please click the links below for more information about the prior authorization workflows.

<https://www.centrahealth.com/provider-portal>

<https://www.centrahealth.com/provider-portal/provider-pre-authorization-forms>

Gastroenterology

New Providers / Capabilities:

Robin Vaughan, NP has joined the Centra Medical Group (CMG) Southside Gastrointestinal team in Farmville. Scheduling new patient appointments beginning November 1st. Click here to learn more about [Robin Vaughan, NP | Centra Health](#).
