WE HONOR VETERANS
Partner

Centra Hospice is honored to serve our veterans as a participant in the We Honor Veterans program. As a We Honor Veterans partner, we provide ongoing veteran-centered education for staff and volunteers to help improve the care of area veterans with life-limiting illnesses.

Veterans often carry experiences from their military service that present unique healthcare challenges. Recognizing their special needs, Centra Hospice offers respectful inquiry, compassionate listening and grateful acknowledgment to veterans and their families to help ensure that life's journey comes to a peaceful close.

We share a common goal with the U.S. Department of Veterans Affairs and hospices nationwide to provide the best possible individualized care, meeting our veterans' needs in the setting of their choice. We are honored to fulfill our mission in serving these men and women who have sacrificed so much in serving us.
